

San Antonio Podiatry Associates, PLLC _____

14615 San Pedro #160 San Antonio, TX 78232

To my patients,

After 38 years of practicing podiatric medicine and surgery, I have decided to retire. I leave the practice in the capable hands of Dr. Preston Panicco, who finished a three-year residency in podiatric medicine and surgery and has most recently completed a fourth-year fellowship in foot and ankle surgery with an orthopedic surgeon.

It has been a distinct privilege and pleasure to have had the opportunity to treat so many of you, your family members, your friends, neighbors, and co-workers. It is most humbling as I look back on a satisfying and rewarding career and I thank each one of you for allowing me to be part of your healthcare team.

I leave confident that Dr. Panicco will be able to provide you with the same quality footcare that you have experienced in the past. He is scheduled to begin seeing patients at the One Medical Park office on October 19, 2020.

Your records will remain available with San Antonio Podiatry Associates, PLLC and are accessible at any of our five offices.

Wishing you and your families well,

Richard Bellacosa, DPM
