

Tamper resistant package, do not use if seal is missing.

Suggested Usage: As a dietary supplement, adults take 1 softgel capsule daily with food, or as directed by your healthcare professional.

Enteric-Coating eliminates the odor and any fishy aftertaste typically associated with taking a fish oil capsule. Enteric-Coating protects the softgel capsule from being digested in the stomach and allows the fish oil to reach the lower gastrointestinal tract.

Guaranteed to comply with strict European standards for heavy metals, PCBs, dioxins, pesticides and other unwanted compounds. Molecularly Distilled
