

# 2021 Annual Report

**Peak Vista**  
Community Health Centers

# MISSION STATEMENT

To provide exceptional health care to people facing access barriers through clinical programs and education.

# WHO WE ARE

Peak Vista Community Health Centers is a leading advocate and health care provider for individuals and families with limited access to quality care in the Pikes Peak and East Central regions of Colorado. Our more than 800 dedicated health care providers, clinical support staff, and administrative professionals are committed to providing quality, patient-centered medical, dental, behavioral health, and care coordination services in the communities we serve. Peak Vista is supported by many volunteers, partner agencies, granters, and donors.

## DEAR FRIENDS OF PEAK VISTA,

Fifty years ago, Peak Vista began as a volunteer-run clinic, open just a few nights a week in the heart of downtown. Through the hard work and persistence of our founders and the many employees who carried the torch beyond them, we are where we stand today: 28 health centers strong and serving 89,000 patients across Colorado's Pikes Peak and Eastern Plains regions. As we celebrated our 50<sup>th</sup> year, we made a promise to continue on the path our founders set for us. We would provide care to all, no matter their ability to pay or insurance status.

### ANSWERING THE CALL

On January 13, 2021, Peak Vista administered its first COVID-19 vaccine to a member of the Colorado Springs community.

- The COVID-19 Vaccine Clinic, operated out of our Health Center at Jet Wing, vaccinated over 500 people a day during its peak.
- Peak Vista worked with the city and county to set-up equity vaccine clinics to ensure that all residents had access to the vaccine, including community outreach in areas like Strasburg, Calhan, and Divide.
- In 2021, we administered more than 46,000 COVID-19 vaccines to our community.

### MEETING PATIENTS WHERE THEY ARE

In September, Peak Vista broke ground on its newest health center: the Health Center Downtown. This new location (which opened in April 2022) provides medical, dental, behavioral health, and care coordination services to members of the community, including those experiencing, or at risk of experiencing, homelessness.

### LOOKING FORWARD

In 2022, Peak Vista continues to adapt to meet the needs of our community. Several exciting projects are on the horizon, including an expansion of behavioral health services, and a focus on patient-centered, value-based care.

Stay safe and healthy,

**Emily Ptaszek, PsyD, MBA, FACHE**  
President & CEO (as of March 2022)

**Lisa Ramey, DO**  
Interim President & CEO (March 2021 – March 2022)  
Chief Medical & Dental Officer

**Robin E. Johnson, MD, MPH, FACEP**  
Board of Directors Chair

**Robert Book**  
Foundation Board of Directors Chair

# WHAT WE DO

Peak Vista is dedicated to providing exceptional health care services in its 28 health centers while maintaining fiscal accountability and responsibility. As the primary health care home for more than 89,000 patients, Peak Vista cares for an average of 1,200 patients daily, who live in nine counties throughout Colorado.

**Medical**  
258,590 visits

**Dental**  
29,401 visits

**Behavioral Health**  
35,100 visits

In addition, Peak Vista served **73,922** patients through **Care Coordination** visits in 2021.

**158,475**  
prescriptions filled

**3**  
in-house pharmacies

**11,093**  
COVID-19 tests

**46,692**  
COVID-19 vaccines administered

**33,059**

pediatric patients served through  
2 pediatric health centers

**2,529**

children served through  
Well-Child Waiting Areas

**968**

babies delivered

## *First Visitor Program*

**1,121**

visits with young families  
in the First Visitor program

**771**

bags given with educational materials  
and resources during appointments

**73,922**

care coordination visits

**204**

housing assessments

“ Our Care Coordination team connects patients with local resources, including housing, food, clothing, transportation, and other social determinants of health.

— Anne Beer, Director of Health Equity

**924**

patient visits by specialty  
volunteer health care  
professionals

**24,309**

virtual patient visits

**4,768** behavioral health visits

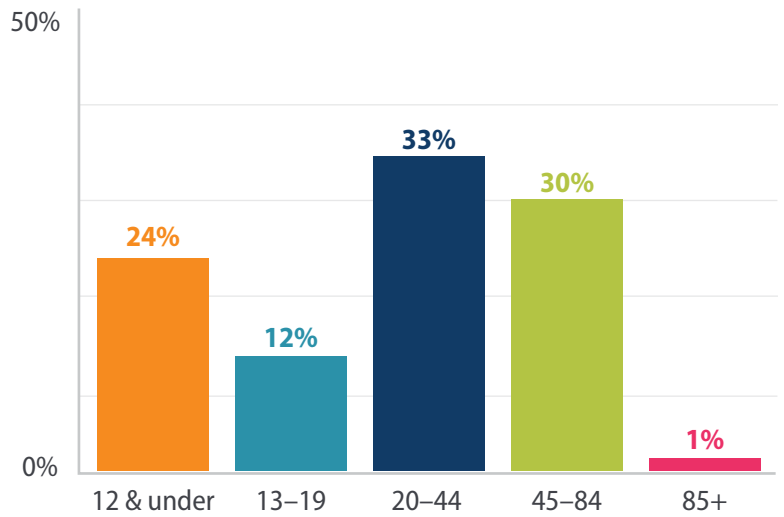

**19,541** medical visits

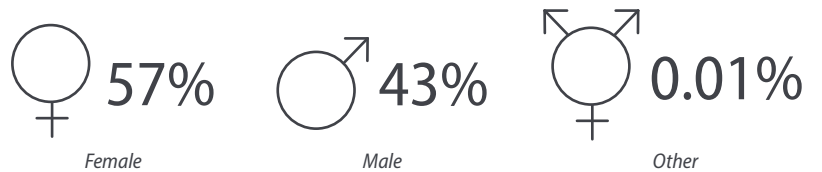

# Peak Vista cared for

Within our communities, Peak Vista helps to remove

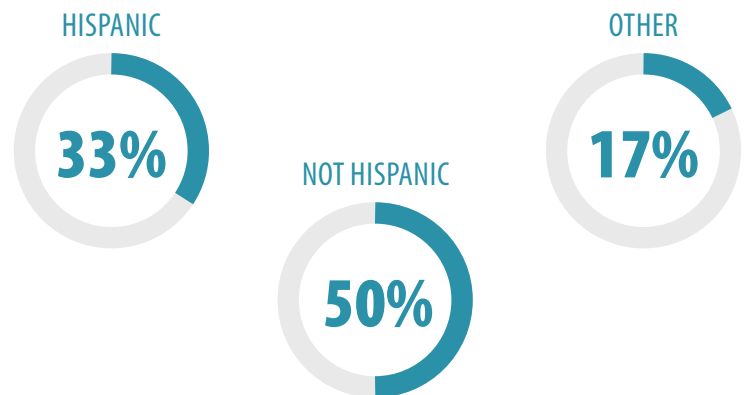

## Age Categories

## Gender Categories

## Race & Ethnicity Categories

Self-reported data.

# 89,099 patients across Colorado.

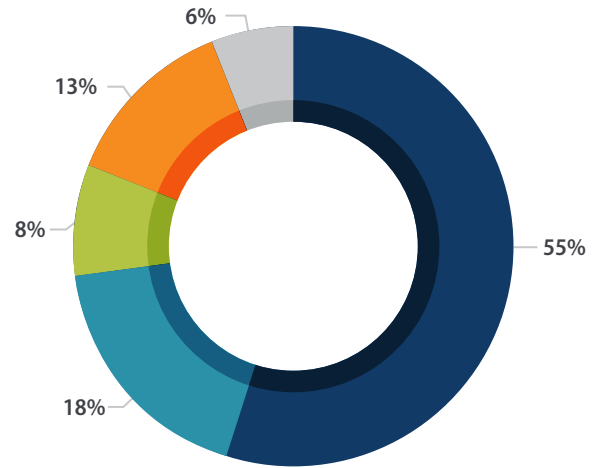

access barriers to care, serving some of the most vulnerable and underserved patients in our region.

## Federal Poverty Level

**87%** of our patients were at or below **200%** of the Federal Poverty Level (FPL).

2021 Federal poverty guidelines define 200% FPL as:

- \$25,760 for a single person
- \$53,000 for a family of four

■ 100% & below ■ 101-150% ■ 151-200%  
■ 200%+ ■ Unknown

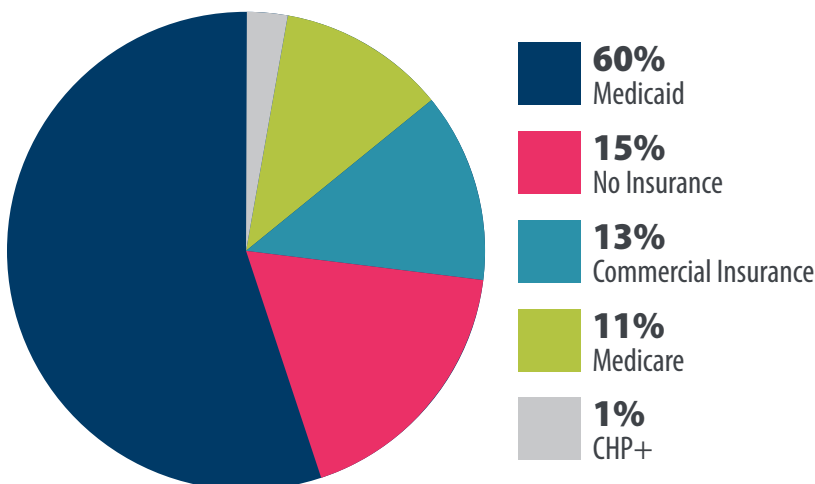

## Patients experiencing *homelessness*

Peak Vista's Health Center at Rio Grande focused on providing care to those experiencing homelessness. A key feature of this health center was that appointments were not required. Services at Rio Grande moved to our new Health Center Downtown in early 2022.

### A closer look...

The 2021 Point-in-Time report for Colorado Springs and El Paso County listed 629 households (without children) as homeless. Due to restraints from the COVID-19 pandemic, the report was only able to count those that were in emergency, transitional, or safe haven shelters. In all likelihood, the number of families experiencing homelessness is much higher.

## Services by Payer Category

### Behind the Numbers

**15%** of Peak Vista patients are uninsured, compared to the **7%** of uninsured people in our general service area.

#### What does this mean?

Peak Vista is providing needed health care services to those who may not have been able to afford it otherwise.

*\*2019 ACS 5-Year Data*

# JOHN'S STORY

**831 PATIENTS**

like John received services at the Health Center at Rio Grande in 2021.

**John** is a patient at Peak Vista's Health Center at Rio Grande, and he, at the time of this interaction, was experiencing homelessness. John suffered a stroke four years ago. In his first interactions with our health care team, John had expressed his distrust in the health care community.

Days before the COVID-19 shutdown in March of 2020, John had his left leg amputated. He was working through his new normal slowly, but surely, with the team at Rio Grande. Staff at the health center would frequently pick him up from the nearby shelter and accompany him to and from his appointments. Over time, they noticed that his wheelchair was falling apart. Staff at the health center rallied to find John a motorized chair to replace his old one, connecting with several local agencies.

After finding a motorized wheelchair, Peak Vista reached out to its community partners, Homeward Pikes Peak and the CSFD CARES program, to locate John after he had to move out of the shelter. Through their street outreach teams, the two organizations were able to find John and bring him to the Health Center at Rio Grande to receive his chair.

*"The people there, they genuinely care... It's all love."*

Scan this code with your smartphone  
to hear more from John.

## 800+ Staff

**431** Medical, Dental, & Behavioral Health Providers and Clinical Support Staff

**370** Outreach & Administrative Staff

Board of Directors & Foundation Board of Directors donated **624** hours.

Volunteer specialist clinicians in our community donated **1,028** hours.

# FINANCIAL INFORMATION

## Annual Revenue Sources

## Operating Support & Revenue

Net Patient Revenue (50%)	\$55,855,569
Federal Funding (19%)	20,699,022
Contributions & Other Revenue (17%)	18,777,082
State Funding (14%)	15,243,247
<b>Total Operating Support &amp; Revenues</b>	<b>\$110,574,920</b>

## Operating Expenses

Direct Care (86%)	\$84,801,288
General & Administrative (13%)	13,165,811
Fundraising (1%)	800,792
<b>Total Operating Expenses</b>	<b>\$98,767,891</b>

**Future Reinvestment in our Mission: \$11,807,029**

## Uncompensated Care Provided

Uncompensated (charity) care represents uncompensated care based on our patients' demonstrated inability to pay.

**\$9,913,267**

# CLINICAL EDUCATION PROGRAMS

## Family Medicine Residency

With eight slots available per year, our residency program is a traditional **three-year Family Medicine Residency** with community support from local hospitals and specialty physicians. As the only primary care residency program in the Pikes Peak region, the program allows residents to work with attending physicians, shadowing surgeries and procedures in both inpatient and outpatient settings. Peak Vista hosts rotations for outpatient pediatrics, family medicine, gynecology, obstetrics, community medicine, patient centered medical home, homeless health care, and geriatrics.

*In June 2021, the Family Medicine Residency program graduated its third class and welcomed its sixth class. The sixth class of residents will graduate in 2024, marking the conclusion of the program.*

## APRN Fellowship Program

The APRN Fellowship is a **13-month, full-time employed/benefited position** for transitioning or recently graduated, licensed APRNs who desire to increase their family practice competence and confidence in a progressive, collaborative learning environment. The Fellowship is accredited as a Practice Transition Program by the American Nurses Credentialing Center's Commission on Accreditation. The 13-month-long program combines mentorship, problem-based learning, and hands-on clinical experience. The Fellowship experience is primarily in the Health Center at Union with rotations in Women's Services, Pediatrics, and some specialties.

*In August 2021, the Advanced Practice Registered Nurse Fellowship graduated its sixth class. The seventh class of Fellows began in September 2021.*

## Other Opportunities

Peak Vista offers a wide range of both **clinical and non-clinical** continuing education opportunities for those seeking hands-on training and experience in a Federally Qualified Health Center (FQHC) setting. We have many opportunities for a **wide variety of students**.

## COVID-19 VACCINE

Peak Vista was honored to be one of the first vaccine providers in its community. During its peak, the vaccine clinic operating out of the Health Center at Jet Wing provided more than 500 vaccines per day. By the end of the year, the organization provided more than **46,000** vaccines to its community.

**Governor Jared Polis** visited the Health Center at Jet Wing to see the vaccine operation in 2021.

**Vaccine equity** was a top priority. Peak Vista partnered with the Salvation Army R.J. Montgomery Center and Springs Rescue Mission to provide the vaccine to those experiencing homelessness. It also hosted multiple vaccine clinics at its Health Center at Rio Grande, a health center dedicated to providing care to those experiencing homelessness.

Peak Vista hosted vaccine equity clinics, in partnership with several organizations, to ensure that minority populations had vaccine access readily available.

The organization also set up vaccine clinics in rural parts of Colorado, such as Divide, Strasburg, and Calhan.

**Mayor John Suthers** of Colorado Springs and Councilwoman Yolanda Avila visited the vaccine clinic at the Health Center at Jet Wing.

*I am so pleased with the organization and friendliness of the staff and volunteers. Thank you for a job well done!*

— Mary  
Peak Vista Vaccine Recipient

# 2021 IN REVIEW

## SERVING OUR HOMELESS POPULATION

During National Health Center Week, Peak Vista hand-delivered **solar-powered chargers** to local community partners such as Homeward Pikes Peak, The PLACE, and Springs Rescue Mission, all of which focus on aiding those experiencing homelessness.

*The first client to receive one was a 45-year-old woman living in her car and alone. She was thrilled because she was out of gas and couldn't turn on the car to charge her phone – her only link to help, services, community, and safety!*

— Beth Hall Roalstad, MSW  
Executive Director, Homeward Pikes Peak

## HEALTH CENTER DOWNTOWN

Peak Vista **broke ground** on the Health Center Downtown on September 7, 2021. The health center will provide medical, dental, behavioral health, and care coordination services to members of the community, including those at risk of, or currently experiencing, homelessness.

*(Featured above)*

## 0-3 PROGRAM

Peak Vista, alongside the El Paso County Department of Human Services (DHS), created the Children, Youth, and Family Services 0-3 Program. The program pairs a DHS caseworker and Peak Vista nurse practitioner together on home visits investigating families of suspected abuse or neglect. The nurse practitioner examines the children and helps the parents understand critical care issues, such as safe sleep and nutrition, while the caseworker completes their survey. The program was recognized in 2021 with an **Achievement Award from the National Association of Counties (NACo)**, honoring innovative, effective county government programs that strengthen services for residents.

## ANOTHER MILESTONE

The **Developmental Disabilities Health Center** at Peak Vista celebrated its tenth anniversary in 2021. The DDHC provides care services to adults with developmental disabilities and is one of the few of its kind in the nation.

**1993**

**Community Health Centers**

With its new name, Community Health Centers expanded services to Colorado Springs' homeless populations.

**1976**

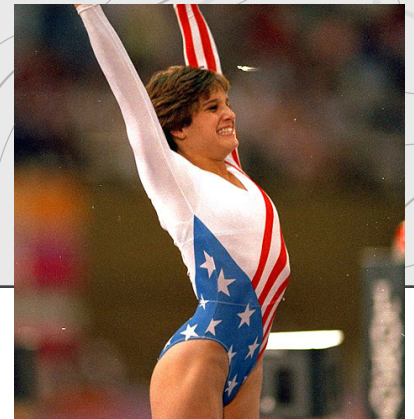

**Received 1<sup>st</sup> federal grant**

**1971**

**Began as an all-volunteer organization called the Colorado Springs Free Clinic**

A few local community activists, volunteer doctors, and nurses started the Colorado Springs Free Clinic, open just two nights a week for walk-in patients at 722 South Wahsatch Street.

**2005**

**Breakfast of Champions<sup>®</sup>**

The new Peak Vista Community Health Centers Foundation held its first Breakfast of Champions<sup>®</sup> featuring Mary Lou Retton.

**2003**

**Women & Family Services**

Community Health Centers opened its newly remodeled Women's Health Clinic in 2003. It also adopted the First Visitor program, educating new parents and providing them with community resources.

**1989**

**Funding from the Community**

As the El Pomar Community Health Center, the organization received \$2.5 million in funding from the El Pomar Foundation.

## 2007 Serving the Most Vulnerable

To reach those in need, Peak Vista bolstered its Outreach department to connect its patients with local community partners. It also opened its Refugee Health Center, located at the Myron Stratton Home.

## 2018 Introduced integrated behavioral health care into all health centers

# 2014

## Merger with Plains Medical Centers

With the addition of Plains Medical Centers, Peak Vista was able to serve five counties in the Eastern Plains, offering medical, dental, and behavioral health services to its rural neighbors.

# 2021

## Guiding the Community through a Pandemic

Peak Vista established itself as one of the foremost COVID-19 vaccination sites in southern Colorado with its vaccination clinic at the Health Center at Jet Wing. Peak Vista removed barriers to vaccine access to protect all.

## 2013 Meeting the Need

After acquiring the Academy campus, Peak Vista moved several health centers to the new location in Colorado Springs, meeting the growing need in the 80917 area code.

## 2016 Education is Key

Peak Vista's inaugural class of APRN Fellows graduated with flying colors. Peak Vista welcomed its first class to the new Family Medicine Residency program.

# SUPPORTING PEAK VISTA

## EMPTY STOCKING FUND CAMPAIGN

The 38<sup>th</sup> Annual Gazette Charities – El Pomar Foundation Empty Stocking Fund Campaign celebrated another successful fundraising year of providing resources for local health and human services in the Pikes Peak region.

Peak Vista was one of 20 entities to receive funding from the Empty Stocking Fund. Overall, the organization received **\$112,143** for its Compassionate Care Fund. Peak Vista also received a \$16,420 match from the El Pomar Foundation and \$5,747 from the Bruni Foundation. The funds provided to the Compassionate Care Fund allow Peak Vista to reduce financial barriers for patients in need, providing access to obtain specialty consultations, procedures, or other medically-indicated therapeutic or diagnostic modalities.

## BREAKFAST OF CHAMPIONS®

On Friday, November 19, 2021, over 500 guests attended Peak Vista's 17<sup>th</sup> annual Breakfast of Champions® to support its mission of providing exceptional health care to those facing access barriers. **Erin Popovich**, 14-time Paralympic gold medalist, served as the keynote speaker.

*BREAKFAST OF CHAMPIONS® is a registered trademark of General Mills, Inc. and is used with permission.*

# SAM'S STORY

**FAMILY HEALTH CARE**  
Peak Vista provides whole-person care for the entire family.

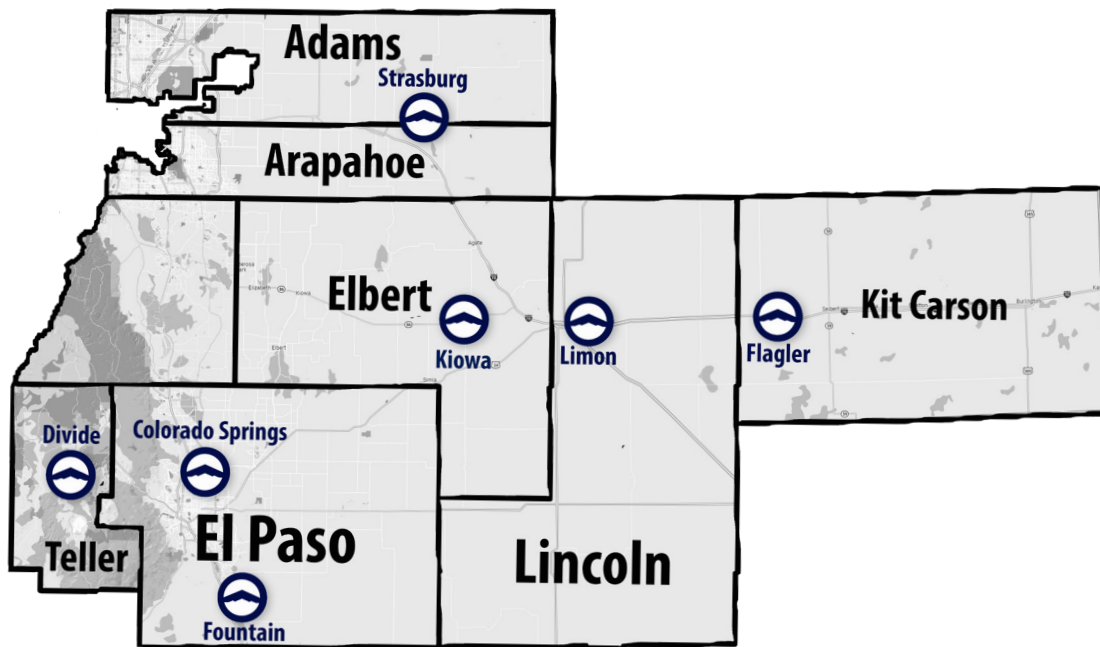

**Samantha**, a single mother of two children, moved to Colorado Springs to pursue a new career. “It has been a really great opportunity for me to give better life to my children and break the cycle of poverty,” she remarks. After discovering that she was pregnant with her second child, Samantha was at a loss for where she could receive support. She didn’t know many people in town and was still new to the area.

Samantha heard about Peak Vista and its many services, including whole-person primary care, social support services, and connections to local community resources. She became a patient at our Lane Family Health Center and Women’s Health Center, and her daughters became patients of the Pediatric Health Center at International Circle.

*“From the moment you first call in, to when you actually see your doctor, and when you’re leaving, it’s just smoothest, easiest process I’ve ever had. It’s the best experience I’ve ever had with a doctor.”*

Scan this code with your smartphone to hear more from Samantha.
