Peak Vista Appoints Vice President of Information Technology

Colorado Springs, Colo. – Peak Vista Community Health Centers (Peak Vista) appointed Halie Anthony, MBA as vice president of information technology (IT). Anthony will oversee the systems engineering and IT efforts that support the clinical and administrative operations for Peak Vista’s 26 health centers.

“Health care information technology is integral to Peak Vista operations. It is my pleasure to welcome Halie to the Peak Vista leadership team,” shared Chief Financial Officer Brady Fitzwater, “Halie’s expertise in IT and experience with the health care industry will enhance how we apply technology to effectively and efficiently deliver exceptional care to our patients.”

Anthony brings 16 years of experience in information technology, systems engineering and space and missile defense from the Department of Defense industry. She deployed to the Kingdom of Bahrain, during which she worked closely with the [National Geospatial-Intelligence Agency](#) (NGA) and the [Defense Information Systems Agency](#) (DISA). As a manager for Lockheed Martin, she worked in various locations around Colorado Springs to include NORAD, Schriever Air Force Base and the Missile Defense Agency (MDA). She held different leadership positions such as IT manager, team chief and systems engineer. Anthony moved into the health care industry in 2012 to start her role as the operations manager of clinical engineering for [UCHealth Memorial Hospital](#) and was later promoted to a system IT manager for ancillary applications.

Anthony holds both a Bachelor’s of Science in Business Administration/Management and an MBA from Colorado Technical University in Colorado Springs. She is involved with many associations within the clinical engineering and information technology field, including the [Association for the Advancement of Medical Instrumentation](#) (AAMI) and the [Healthcare Information and Management Systems Society](#) (HIMSS). She is also the vice president of the [Colorado Association of Biomedical Equipment Technicians](#) (CABMET) which is dedicated to providing professional development to health care technology professionals.
