2011

**On the Cover:**

Darvi Rahaman M.D., Assistant Vice President of Medical Services and Director of the Pediatric Health Center, examines a patient. Dr. Rahaman has been serving our community with Peak Vista for 12 years.

“In my years with Peak Vista, what has made all of the difference is our singular focus on providing quality patient centered healthcare. Our priority with every one of our patients is to establish an open, trusting, and collaborative partnership. This strong relationship will ensure outstanding care, and will enable Peak Vista to continue to be positioned on the forefront of innovative and best practices.”

- Darvi Rahaman, M.D.

*A Note From*  
**GEORGE GUERRERO & PAM McMANUS**

Dear Friends,

This was a remarkable year for Peak Vista and we're delighted to share our accomplishments with you. In 2011 Peak Vista was able to:

- Serve just over 60,000 people, of which over 27,000 were children. Each person was treated individually, with the highest possible quality of care.
- Contribute to our community's economic future by employing over 550 people.
- Open 3 additional service sites to see an additional 5,000 patients.
- Create or expand our collaboration with over 185 community partners.

We want to thank all of you – our friends, partners and patients – for making 2011 a very impactful year. Because of you we have been able to offer a healthcare home to thousands of our neighbors living in the Pikes Peak Region by providing the highest quality primary medical, dental, and behavioral healthcare. We are passionate about helping our community improve their lives and we continue to seek better means to operate integrated systems to provide that care. In the past year the economic downturn has had a major impact on our community, creating an ever-growing percentage of citizens without health insurance. As Peak Vista enters 2012 we will continue to move forward with sustainable growth.

Plans are already in the works to move north and east. By purchasing the new North Academy facility near the corner of North Academy and North Carefree we will increase our reach within the community, and through collaboration with the Falcon School District, Peak Vista will be able to serve the families in Falcon through our School Based Health Center at Falcon Elementary School. We are moving forward with our partnership with UCCS and the

Beth-El School of Nursing in senior-focused care through the Lane Family Senior Health Center within the Lane Center for Academic Sciences. As we confront changes in the healthcare landscape, sustainability remains a primary focus. While the exact outcome of healthcare reform remains unclear, our planning and strategy is flexible to account for the possibility of changes in the way the uninsured access healthcare. We do believe that both reform and on-going economic struggle will permanently alter the healthcare industry and we are positioning ourselves to continue to give our patients the absolute best healthcare available in our community.

As decisions are being made at the top level of our government, we anticipate new opportunities and new models of delivering exemplary care to our community. On behalf of our Executive Staff and Board of Directors, we want to thank you for what has proven to be an exceptional year for Peak Vista.

Sincerely,

*George Guerrero  
& Pam McManus*

George Guerrero & Pam McManus  
Chairman of the Board of Directors and  
President & CEO of Peak Vista  
Community Health Centers

*“Providing exceptional healthcare for people facing access barriers”*

## About Peak Vista

Peak Vista Community Health Centers is a non-profit organization, whose mission is to provide exceptional healthcare for people facing access barriers. Established in 1971, today Peak Vista offers outpatient medical, dental, and behavioral healthcare to over 60,000 people, mostly from working families of the Pikes Peak Region, through nineteen centers. In 2005, Peak Vista established its Foundation to help sustain healthcare services for those without access.

Peak Vista is accredited by the Accreditation Association for Ambulatory Health Care.

## Our Services

In addition to our primary medical and dental centers (see page 8), Peak Vista also offers the following auxiliary healthcare services:

- Audiology
- Behavioral Health
- Case Management
- Collaborative Clinic at Union (Infectious Disease)
- Enrollment Services
- First Visitor
- Health Education
- Laboratory
- Pharmacy
- Refugee Medical Care
- Second Sight
- Volunteer Health Center
- Well Child
- Warfarin Clinic

## Support Peak Vista with **YOUR VOICE**

Grassroots advocacy brings people together to affect change through action. Our advocacy goal is to raise awareness about legislation, policy, or healthcare issues that affect Peak Vista, our patients, and our community. It is critical to let our elected officials and governmental partners hear our collective voice about the importance of quality, affordable, and accessible healthcare.

Share your voice at [www.peakvista.org](http://www.peakvista.org) or call 719-344-6606.

# Peak Vista IMPACTS

2011 began with a partnership designed to bring care to a completely new population. The Developmental Disabilities Health Center's mission is exemplified by the paintings that hang in the lobby. These paintings were created by J. Bishop who was born with a disability resulting in severe physical challenges and the inability to speak.

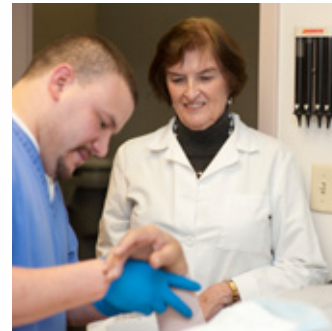

Developmental  
Disabilities Health  
Center Opening  
January 2011

The Moreno Health Center also marks a new partnership, by bringing medical care into a behavioral setting. Patients are enabled to see both categories of providers at one location, giving them the opportunity to establish one comprehensive medical home.

Moreno Health  
Center Opening  
January 2011

Peak Vista received accreditation as a Patient Centered Medical Home. This model emphasizes a healthcare setting that facilitates partnerships between individual patients and their personal providers, and when appropriate, the patient's family. This ensures that patients get the indicated care when and where they need it.

Patient Centered  
Medical Home  
Accreditation  
February 2011

The Outreach Department received a needed tool in its efforts to enroll eligible but not enrolled families in Medicaid/CHP+ and educate them about services at Peak Vista. The van is utilized at a variety of community events, health fairs, schools, and in support of Enrollment Services and the Ronald McDonald Care Mobile.

Outreach Van  
Expansion  
March 2011

Senior Leadership from Peak Vista met with national leaders to discuss healthcare reform and its impact on patients in the Pikes Peak Region. While the future of reform remains uncertain, Peak Vista leaders remain engaged and

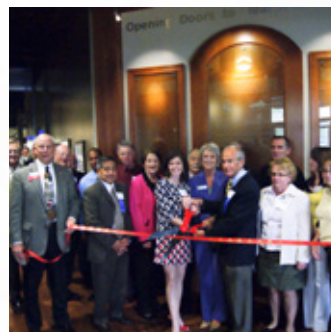

Healthcare Forum in  
Washington, D.C.  
March 2011

Peak Vista providers and staff teamed with Colorado leaders to advise parents on the importance of reading aloud to children. Peak Vista providers encourage families to read together and give books to pediatric patients in our health centers.

Reach Out & Read  
Expansion  
April 2011

In 2011, the completion of the comprehensive remodeling of the International Circle campus was celebrated with an Open House, enabling donors and guests to see the completely renovated Dental Health Center, Enrollment Services, Pediatric Health Center, and the brand new Family Health Center at International Circle. This remarkable transformation was made possible by the Community Benefit Initiative.

International Circle  
Campus Re-Opens  
May 2011

Continuity of vision, mission, sustainability, and leadership was assured with the announcement that longtime Senior Vice President, Pam McManus, would take the position of President & CEO following BJ Scott who took on the role of Executive Director of the Peak Vista Foundation after ten successful years as CEO.

CEO Transition  
June 2011

Summer block parties drew over 3,000 people to the International Circle location as Peak Vista provided children with physicals, immunizations, dental care, and backpacks filled with school supplies. These events introduced the community to our new facilities and enrolled many new patients in need of a medical home.

Block Parties  
July 2011

Peak Vista's commitment to innovation in providing improved patient outcomes while creating more cost effective ways to utilize funding and reimbursement led us to a visionary Medicaid healthcare program. This new approach results in both comprehensive and extra coordination of care for our Medicaid patients in the Accountable Care Organization.

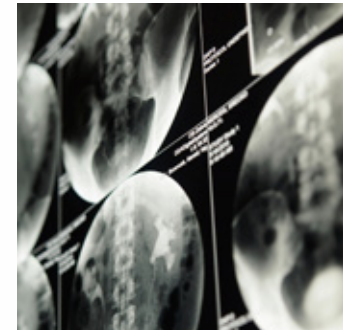

Accountable Care  
Organization  
Partnership  
July 2011

Peak Vista's innovative partnerships with local school districts resulted in the Health Resources and Services Administration's Capital Grant for Peak Vista's School-Based Health Centers. The award is being utilized to construct a new School-Based Health Center in Falcon, expand the Cripple Creek – Victor Mountain Health Center and purchase equipment for Harrison District 2's Entrada Center.

School-Based Health  
Centers  
July 2011

Another productive partnership created an expansion in services that provide for a basic need in primary healthcare. X-Ray services are now available at our International Circle location.

X-Ray Services  
August 2011

Peak Vista proudly stands as part of a national movement of Community Health Centers that serve over 20 million people at more than 8,000 sites throughout all 50 states. Each year, we participate in a week-long celebration that includes advocacy events, staff awards, and the annual homeless picnic (pictured here), annual staff picnic, and annual funder's appreciation breakfast.

National Community Health Centers Week  
August 2011

In August, Peak Vista served the largest number of patients in our history: 22,357 patients were treated in one month, breaking the previous record of 21,200 set in March of 2010. Amazingly, in 2011 Peak Vista averaged 1,000 patient visits per day (in 2006, the daily average was 600).

Record Number of Patient Visits  
August 2011

In recognition of their success in raising over \$9 million for the renovation and construction of Peak Vista facilities, co-chairs Sally Hybl and David Lord accepted the Champion of Community Health Award on behalf of the Community Benefit Initiative Cabinet at the 2011 Breakfast of Champions® fundraising event.

Champion of Community Health Award  
November 2011

A fun event at Stargazers Theater highlighted the future for Peak Vista employees. Employees had an opportunity to see how our organization is doing, where we are headed, and what is important to our mission.

## Opened in 2011

### Developmental Disabilities Health Center

Peak Vista's commitment to innovation and a broad spectrum of care resulted in a unique collaboration in 2011 with the opening of the Developmental Disabilities Health Center. A partnership of Peak Vista, The Resource Exchange, HealthSouth Rehabilitation Hospital of Colorado Springs, and AspenPointe,

DDHC focuses on providing exceptional healthcare for adult patients who have a developmental disability. Adults with intellectual and developmental disabilities receive primary healthcare, comprehensive behavioral health services, and referrals to specialty care providers - all with culturally sensitive care coordination.

### Moreno Health Center

In 2011 Peak Vista and AspenPointe joined together to create a new center. At the Moreno Health Center we focus on providing exceptional healthcare for adult patients (18 and older) who are currently enrolled with AspenPointe. Integrating Peak Vista's adult medical services into AspenPointe's Adult and Rural Services location (which already provides mental health, substance abuse, care management, housing, justice/rehabilitation,

pharmacy, and lab services) enables patients at that site to be seen by both AspenPointe and Peak Vista providers and to establish a medical home.

### Family Health Center at International Circle

Family Health Center at International Circle became Peak Vista's 19th Health Center as part of the massive renovation of the International Circle campus. Begun in 2009, the enterprise resulted in a completely new Enrollment Services facility, Dental and Pediatric Centers, and a brand new Family Health Center. This center now provides primary medical and behavioral

healthcare to persons of all ages through dedicated healthcare providers committed to comprehensive premier health services. The center offers a range of services from preventative routine exams to same-day treatment of illness and injury, on-going primary care, and follow-up for chronic health conditions. Specialty care is referred to qualified community providers.

# *A Note From* **DAVID LORD & BJ SCOTT**

Dear Friends and Donors,

Thanks to you! This report highlights the results of your support during 2011. “You” are right in the center of all we accomplished last year and we invite “You” to be our partner as we continue our work in 2012 and beyond.

- **Thanks to you...**we completed a successful Community Benefit Initiative “Opening Doors to Healthcare Access” campaign that spanned four years – be sure to check out the results on the following pages.
- **Thanks to you...**the 7th Annual Breakfast of Champions® featuring Rulon Gardner was another enormously successful event.
- **Thanks to you...**the Foundation’s achievements and future potential grew to the point that additional dedicated staff was added to further support the work of Peak Vista Community Health Centers.

The year 2011 was a significant time of transition for both Peak Vista Community Health Centers and the Foundation. Two of our three founding Board members – Dr. Tom Bates and Sue Foerster – stepped down from the Board due to term limitations. We reluctantly said goodbye and acknowledge their valued contributions. Our best wishes and sincere thanks to Tom and Sue for their vision and leadership which

helped launch the Foundation.

**Thanks to you...**the Foundation is looking to the future. Through strategic coordination with our partners on the Health Centers Board, we will continue to focus our fundraising activities to support Peak Vista’s needs for sustainability in a turbulent healthcare industry. **Thanks to you...**we are guided by our mission – “To sustain exceptional healthcare for people facing access barriers.”

Sincerely,

*David Lord & BJ Scott*

# BREAKFAST OF CHAMPIONS®

More than 800 Peak Vista supporters attended the 7th Annual Breakfast of Champions® on November 3, 2011 featuring keynote speaker, Rulon Gardner, Olympic Gold Medalist in Greco-Roman wrestling. Thanks to our generous corporate and table sponsors, proceeds of over \$200,000 were realized for the benefit of Peak Vista's services.

We offer a special thank you to El Pomar Foundation, the presenting sponsor of the Breakfast of Champions® for all seven years and to Kathy & Bill Hybl, chairman and chief executive officer of El Pomar Foundation, who are co-founders of the Breakfast of Champions® and continue to significantly contribute to its success.

# *A Community* BENEFIT INITIATIVE

Sue Foerster and Tom Bates, M.D.

Pediatric Health Center, Enrollment Services, and the Dental Health Center at 2828 International Circle.

But enough about buildings, what does this mean for people? The Community Benefit Initiative opened doors of healthcare access for:

- 6,000 new pediatric patients
- 1,000 new dental patients
- 2,400 new adults over age 60
- 1,300 homeless citizens

The Foundation's Community Benefit Initiative Cabinet successfully concluded the "Opening Doors to Healthcare Access" campaign in December 2011 with significant community impact:

- Raised nearly \$10 million from foundations and individuals.
- Moved the Homeless Health Center to newly renovated space in the Salvation Army New Hope Shelter, 117 W. Rio Grande Street.
- Built the new Colorado Springs Senior Health Center, 722 S. Wahsatch Ave.
- Completely renovated Peak Vista's International Circle facility that expanded the

On behalf of the thousands helped through the Community Benefit Initiative, we extend our sincere appreciation to all Community Benefit Initiative donors and Cabinet Members:

## Senior Health 2012 Campaign Launch

An exciting collaboration between the University of Colorado Colorado Springs and Peak Vista Community Health Centers became reality November 11, 2011 through a generous \$4 million gift from the John E. and Margaret L. Lane Foundation and Margot Lane to UCCS and Peak Vista to build an academic health sciences building that will integrate primary

healthcare services for aging adults with UCCS academic programs. Peak Vista will own a portion of the building and use it to house the new Lane Family Senior Health Center. To support this project, please call 719-344-6605.

### Ways to Donate

“We have supported Peak Vista since 1998 and believe they do a remarkable job providing health care to those who would otherwise do without. What a great asset to our community!”

- Paulette & David Greenberg, M.D.

<sup>†</sup>In Memorium

\*We regret the omission of any individuals or organizations who donated to the Peak Vista Community Health Centers Foundation in 2011. Please call 719-344-6606 to report any inaccuracies.

## *Looking Forward*

**T**hroughout its 40 year history, one of the major characteristics of Peak Vista has been its commitment to move forward. Increasing patient access, broadening the scope of care, improving quality of care – these have all been hallmarks of our relentless effort to meet the healthcare needs in our community in the most innovative means possible. As we look to the future, we are guided by strategic goals and objectives focused on key areas that will determine our continued pursuit of exemplary service. These focal points address issues of access and growth, quality, and culture and hospitality. The demand for accessible care will only grow in the coming years and Peak Vista is dedicated to sustaining its ability to meet those demands.

*A Sincere*  
**Thank You**

**I**t is because of you- our Donors, Grantors, and Partners – that we are able to sustain our mission. Because of your commitment to our community, we continue to grow and find innovative ways to offer quality healthcare to our patients. We are deeply appreciative and thank you for your remarkable support.

Connie Harrington, N.P. and Patient.
