["It's time to dream big, Pittsburgh!"](#) said Natalie Bencivenga of The Pittsburgh Post-Gazette in reflecting on the Allies Ball and the future ahead of **Allies for Health + Wellbeing**.

Saturday April 21st Allies gathered at the Pennsylvanian to celebrate the milestone transformation of the Pittsburgh AIDS Task Force into Allies for Health + Wellbeing. Event architect Thommy Conroy created a elegant event that matched the extravagant surroundings of the iconic Pittsburgh landmark, including dinner for **300 V.I.P Guests** in a transparent tent under the rotunda. VIP guests enjoyed a formal dinner and string trio while celebrating **Bart A. Rauluk** as the **2018 Kerry Stoner Award recipient**. Even more Allies joined us after dinner to dance to [NYC's Michael Arenella & His Dreamland Orchestra](#) and Pittsburgh's D.J. Dad Time. The entertainment was accompanied by a dessert reception with displays by local chefs including Hidden Harbor's Jamilka Borges and Dianne DeStefano, Ace Hotel's Casey Renee, Rania Harris and Amy Wander of Wander Kitchen.

By the end of the evening, Allies for Health + Wellbeing and your support raised more than
