

Community Transition Centers

2016 Annual PREA report

Community Transition Centers (formerly Gateway Rehab Corrections Division) remains PREA compliant. Our Braddock, Erie and Aliquippa, PA Centers are committed to providing a safe and secure environment, free from all forms of sexual misconduct and retaliation. We continue to focus on training, identifying blind spaces & the annual staffing report process. CTC's process also includes a monthly review, conducted by the PREA compliance manager at each site to make sure comprehensive procedures regarding prevention, detection and response are adhered to. Efforts are being made on a continual basis to upgrade monitoring, staff & resident education, signage, & incident reporting & follow-up. Our goal for the upcoming year is to continue this process & prepare for the next cycle of audits beginning in 2017.
