Unidentified Foot Pain? Discover Why With An MRI

Resolving persistent, unexplained foot discomfort requires advanced diagnostic tools.

Read about how we uncover the underlying causes of our most challenging cases with imaging technology [here](#).

Kudos To Our **Chicago** Office

"Excellent place, friendly doctor and staff." Barb

"First time at Northern Illinois Foot & Ankle. I am very happy with the services provided from start to finish. Check-in was smooth, as was the pre-doctor "triage" exam. Dr. Lacey was thorough in his exam, explaining what was causing my issues and treatment going forward. He answered all my questions completely."

Richard

Dr. Michael Lacey

"My daughter loves all the doctors and nurses! Amazing environment. Great staff." Caty

Stepping Into Retirement

Dr. Mark Ryerson

After an illustrious career spanning 40 years, Dr. Mark Ryerson will retire on June 1, 2024.

Dr. Ryerson founded Central Podiatry, which was acquired and now serves as our Arlington Heights location. From his expertise in treating foot and ankle conditions to his unwavering commitment to patient care, he has positively impacted countless lives.

Dr. Ryerson's leadership roles have included serving as President of the Illinois Podiatric Medical Association and as a Delegate to the American Podiatric Medical Association.

Please join us in congratulating Dr. Ryerson on his well-deserved retirement.

Pediatric Shoe Expertise Shines In HuffPost Article

The world of online shopping for children's shoes is complicated.

The writers at HuffPost turned to our doctors to advise parents on critical shoe selection criteria and their favorite brand choices for children's growing feet.
