PAYMENT FOR SERVICES

PATIENT RESPONSIBILITY – You will be responsible for co-pays and any balances not covered or paid by insurance. Routine eye care is not covered by many insurances. Therefore, if there is not a medical diagnosis, we ask that you pay at the time of service. We will still bill your insurance for you and if they do pay, you will receive a refund. If you do not have insurance, you are responsible for the full amount of fee at the time of service. We do accept credit/debit/HSA cards/checks and cash.

The parent/guardian who brings the child to the office is ultimately responsible for payment of the fees regardless of who the insured party is. If a person other than a parent brings a child, they are responsible for payment of the fees at the time of service unless they have all your insurance information including a copy of the insurance card that includes a billing address.

AUTHROTIZATION TO RELEASE MEDICAL INFORMATION – I authorize the release of any medical information acquired or required during the examination and ongoing treatment by Pediatric Ophthalmology of Erie. I understand that Pediatric Ophthalmology of Erie will correspond with and may otherwise convey information regarding patients' medical status to the referring physician, the primary care physician and insurance companies requested.

AUTHORIZATION FOR ASSIGNMENT OF BENEFITS – I hereby assign all medical and/or surgical benefits, to include major medical benefits to which I am entitled, including Medicare, private insurance, and other health plans to Pediatric Ophthalmology of Erie. I authorize the release of any medical and/or other information necessary to process the claim.

NOTICE OF IMPAIRED VISION - (For Adults) I understand that the examination I received may impair my vision and/or operation of mechanical equipment. I also realize that I may be unable to react with normal speed and accuracy. I have been advised that a driver should accompany me. I will plan for my own transportation.

OUR OFFICE POLICY REQUIRES THAT THIS FORM MUST BE COMPLETED IN ITS ENTIRETY!
