HOTV Prescreening Practice Sheet

In order for us to check your child's vision he/she must be able to play a matching game.

1. Cut along the dotted lines on chart 2
2. Use these cut out letters as flashcards
2. Place Chart 1 with the four large letters in front of your child.
3. Point to a letter and have your child touch the letter that looks the same
4. Play the game until your child responds correctly and consistently
NEXT try alternating covering one eye at a time
