

## **Important Information Regarding Physical Exams**

You are here today because you were either instructed by your physician to have an annual exam, your insurance requires you to have an annual exam or you are persistent in taking care of your personal health.

Today's exam will **ONLY** be for a Physical Exam. Refills and other complaints will need to be addressed during the follow up appointment.

In order for Prestige Primary Care to provide the most thorough Physical Exam possible, any or possibly all of the tests listed below may be ordered based on your age, current health and health history.

- ◆ Labs such as: CBC, CMP, TSH, Lipid, PSA, B12, Testosterone, Vitamin D
- ◆ EKG
- ◆ PFT
- ◆ ABI
- ◆ Urine Analysis

Please note that your Insurance may pay for all of the above tests, some of them, or quite possibly none of them. **It is each patient's responsibility to find out what their policy will and/or will not pay for.**

When test are ordered, the patient will be expected to return to the office to discuss all results. Please do not call the office for the results, as they will only be given out at the follow up visit. **Please note the follow up visit is NOT part of the Physical Exam and therefore your insurance does charge a copay or coinsurance.**

Physical Exams are only to be preformed once per calendar year and it is up to the patient to know the date of their previous exam.

By signing below, I acknowledge that I have read the statement above regarding my Physical Exam and I am aware that I will be responsible for any charges not paid by my insurance company.
