Managing Challenging Behaviors in Young Children

Polly Panitz, MD

Behavior and Developmental Pediatrician
Capital Area Pediatrics

For parents of Children ages 2-10 years*

This is a three-part class that will discuss the developmental factors contributing to challenging behaviors, help you better understand why the behaviors occur, and will teach specific strategies to effect positive change in your home.

Space is limited!

To register, email Beth Thurston at ethurston@capitalareapediatrics.com
or call at 703-359-5160 x5115
