

CTI TRACTION AIR SMART CTI

Managing tyre pressure has never been safer, easier or more accurate!

The smartest tyre pressure control system in the world.

TIDD CRANE III

- **GREATER STABILITY** - Your tyres are the outriggers. Incorrect tyre inflation or punctured tyres may result in a roll over.
- **CONSTANT TYRE MONITORING** - Lift safely and correctly every time. 130psi is required on all 4 front tyres to achieve a stable lift platform and instant leak and puncture alarms to reduce risk.
- **OPERATOR SAFETY AND CONFIDENCE** - Go straight to work and reduce operator error. No need for daily checks on start up as mandated on tier 1 sites.
- **REDUCE WEAR, MORE FUEL EFFICIENT** - Cold mornings or Hot days, no matter the Bitumen temperature, your tyres will always be at optimum pressure of 130 psi.
- **LATEST TECHNOLOGY** - CAN bus vehicle interface capable.

Over 20 years
of innovation

3 year / 500,000km
warranty*

Touch screen technology
for ease of use.
