Optimizing inventory
management

Enhancing
customer experience

Integrating
systems

+ trustangle Retail Solutions

Here is a glimpse of the solutions We offer to the Retail industry

Point of Sale

Our Point-of-Sale system is a comprehensive, modern solution that takes the hassle out of transaction processing and data entry. Our easy-to-use handheld devices provide a fast, convenient way to manage all aspects of your business. With integrated payment processing and support for mobile, online and in-store payments, trustangle Point of Sale system is the perfect fit for any retail store.

Accounting System

Our Accounting System provides a secure, flexible and user-friendly platform for both you and your customers to manage finances. Our integrated features include automated billing and invoicing, real-time inventory control, reporting tools and full financial analysis. Our all-in-one system simplifies the workflow, giving staff time to focus on core sales and operations.

Enterprise Resource Planning “ERP”

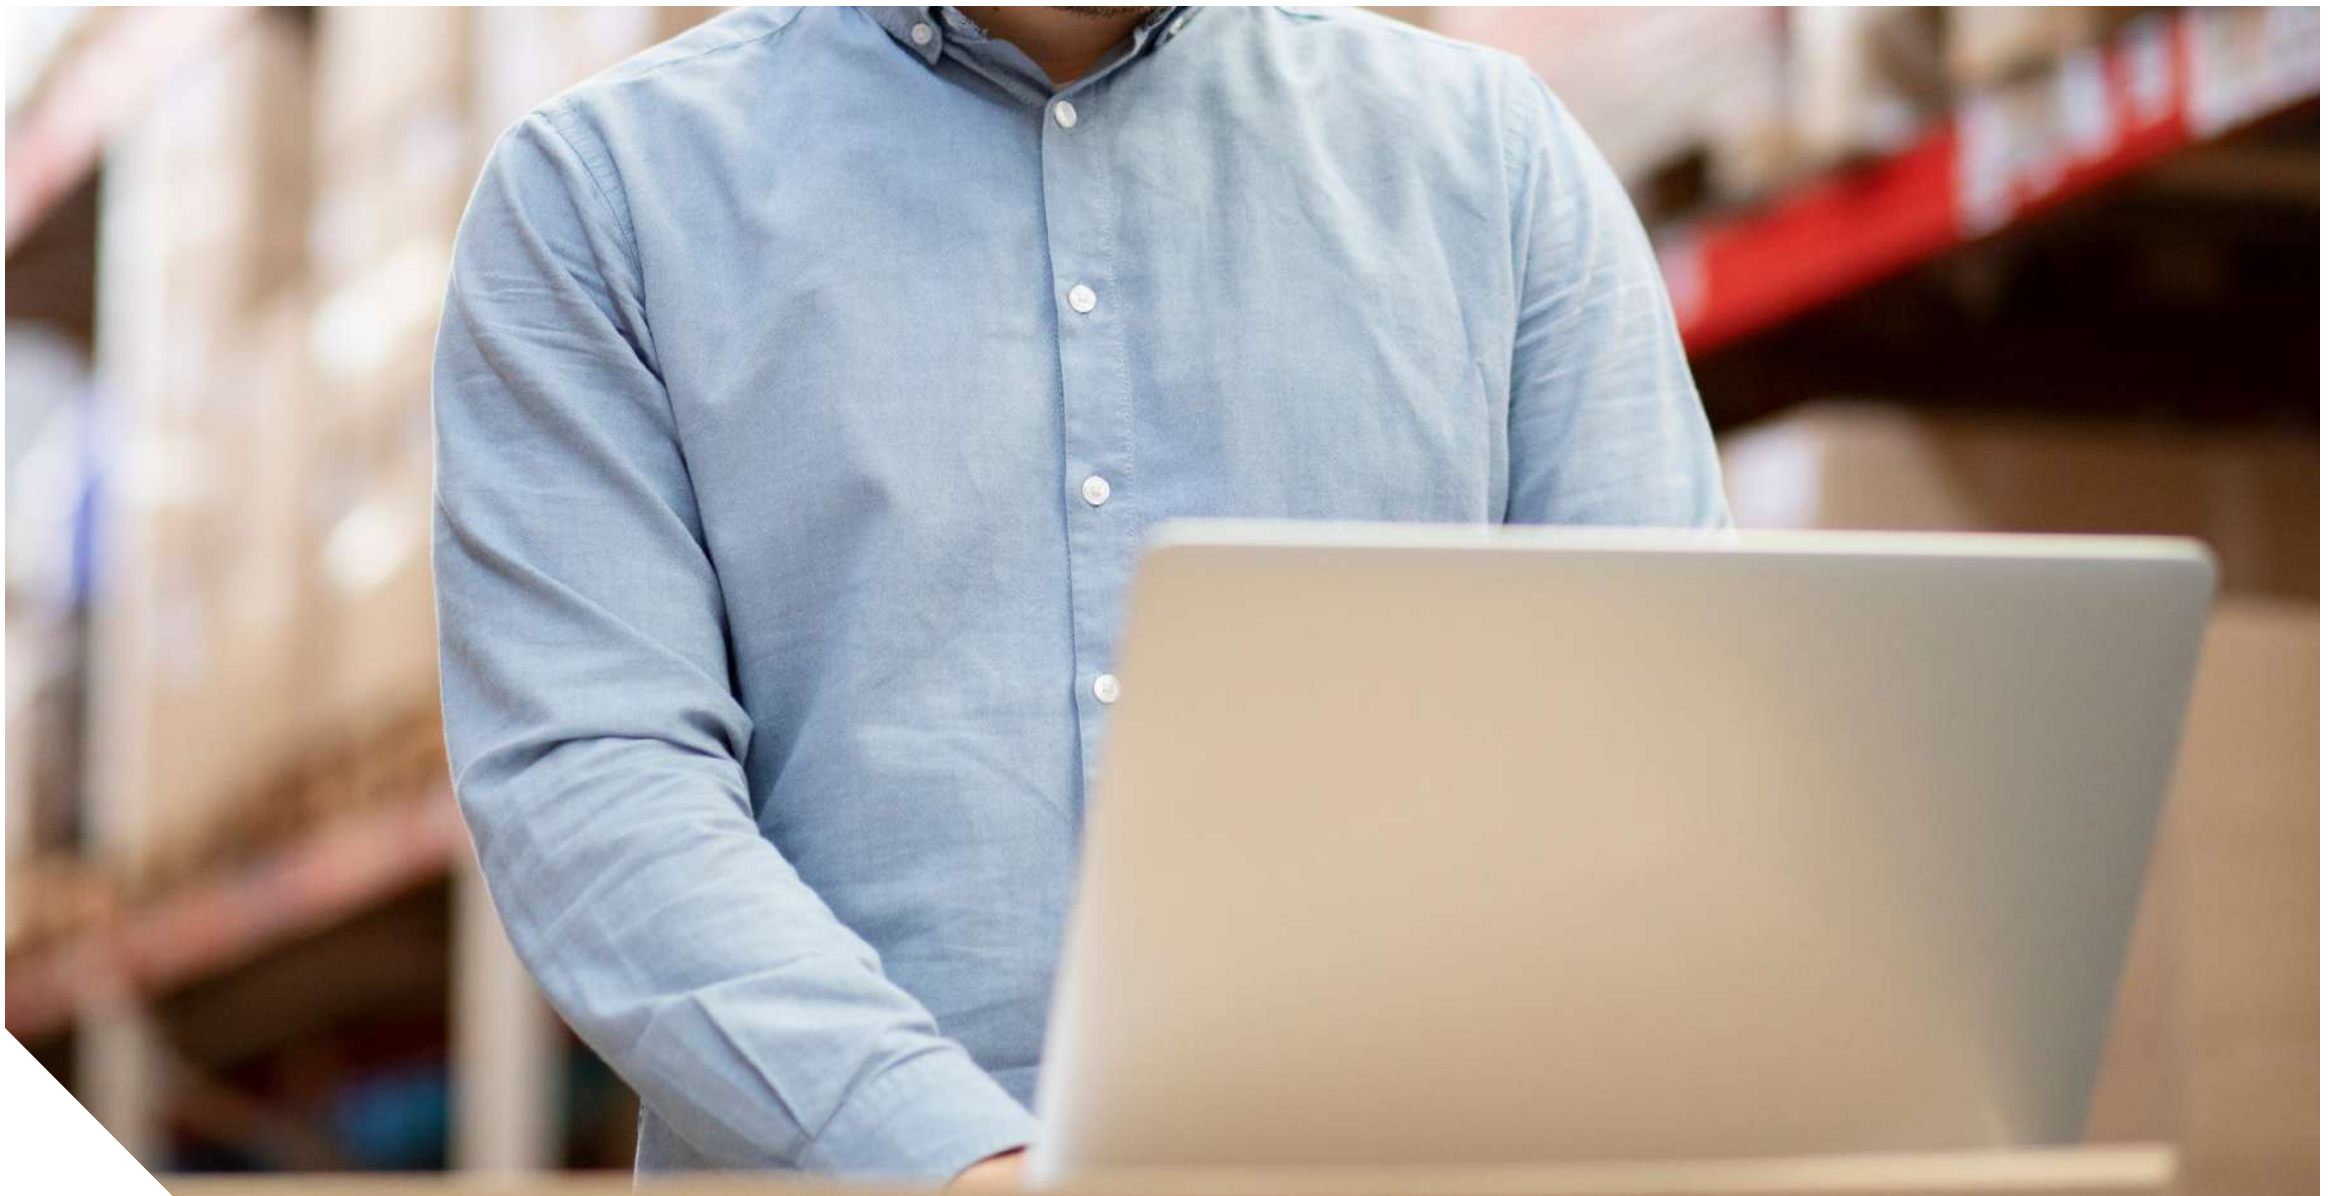

Our Enterprise Resource Planning Systems integrate all aspects of your retail operations from purchasing, sales, inventory and accounting to customer information and sales analysis. This comprehensive solution helps streamline processes, reduces redundancies and enables greater operational efficiency. It gives you the power to quickly identify problems or opportunities and make informed decisions.

Order Management & Fulfillment

Our Order Management & Fulfillment solution is the perfect choice for efficiently managing customer orders. With user-friendly features including order tracking, automated order processing and shipment notifications.

our solution reduces errors and helps ensure products reach customers quickly and in perfect condition.

E-Commerce

Our E-Commerce solution provides state-of-the-art features to enable you to easily build and manage your digital store.

Our tailor-made platform allows you to quickly and easily add products and content, take payments and manage inventory. Plus, it seamlessly integrates with our Point of Sale and Accounting systems, giving you the complete retail package.

Mobile Application

Our custom-built Mobile App provides an intuitive, sophisticated platform for customers to browse and purchase products on the go.

The app features an easy-to-navigate interface, unlimited product categories and secure payment processing, ensuring customers have the perfect shopping experience.

Business Intelligence

Our Business Intelligence software provides real-time insights on customer behavior, market trends and sales performance.

Our powerful analytics and reporting tools help you to identify the best opportunities for success and market to the right customers at the right time.

Digital Solutions

Our Digital Solutions platform offers a variety of powerful tools to optimize your online presence and improve customer engagement.

From social media to email marketing, we provide a comprehensive suite of online solutions to make your business stand out from the competition.

Digital Contact Center

Our Digital Contact Center provides a fast, efficient and secure way for you to manage customer support requests.

Our advanced software allows you to quickly receive, route and respond to customer queries, giving customers the best possible experience.

Integration Platform (IPaaS)

Our Integration Platform (IPaaS) provides quick, seamless communication between all your systems and services.

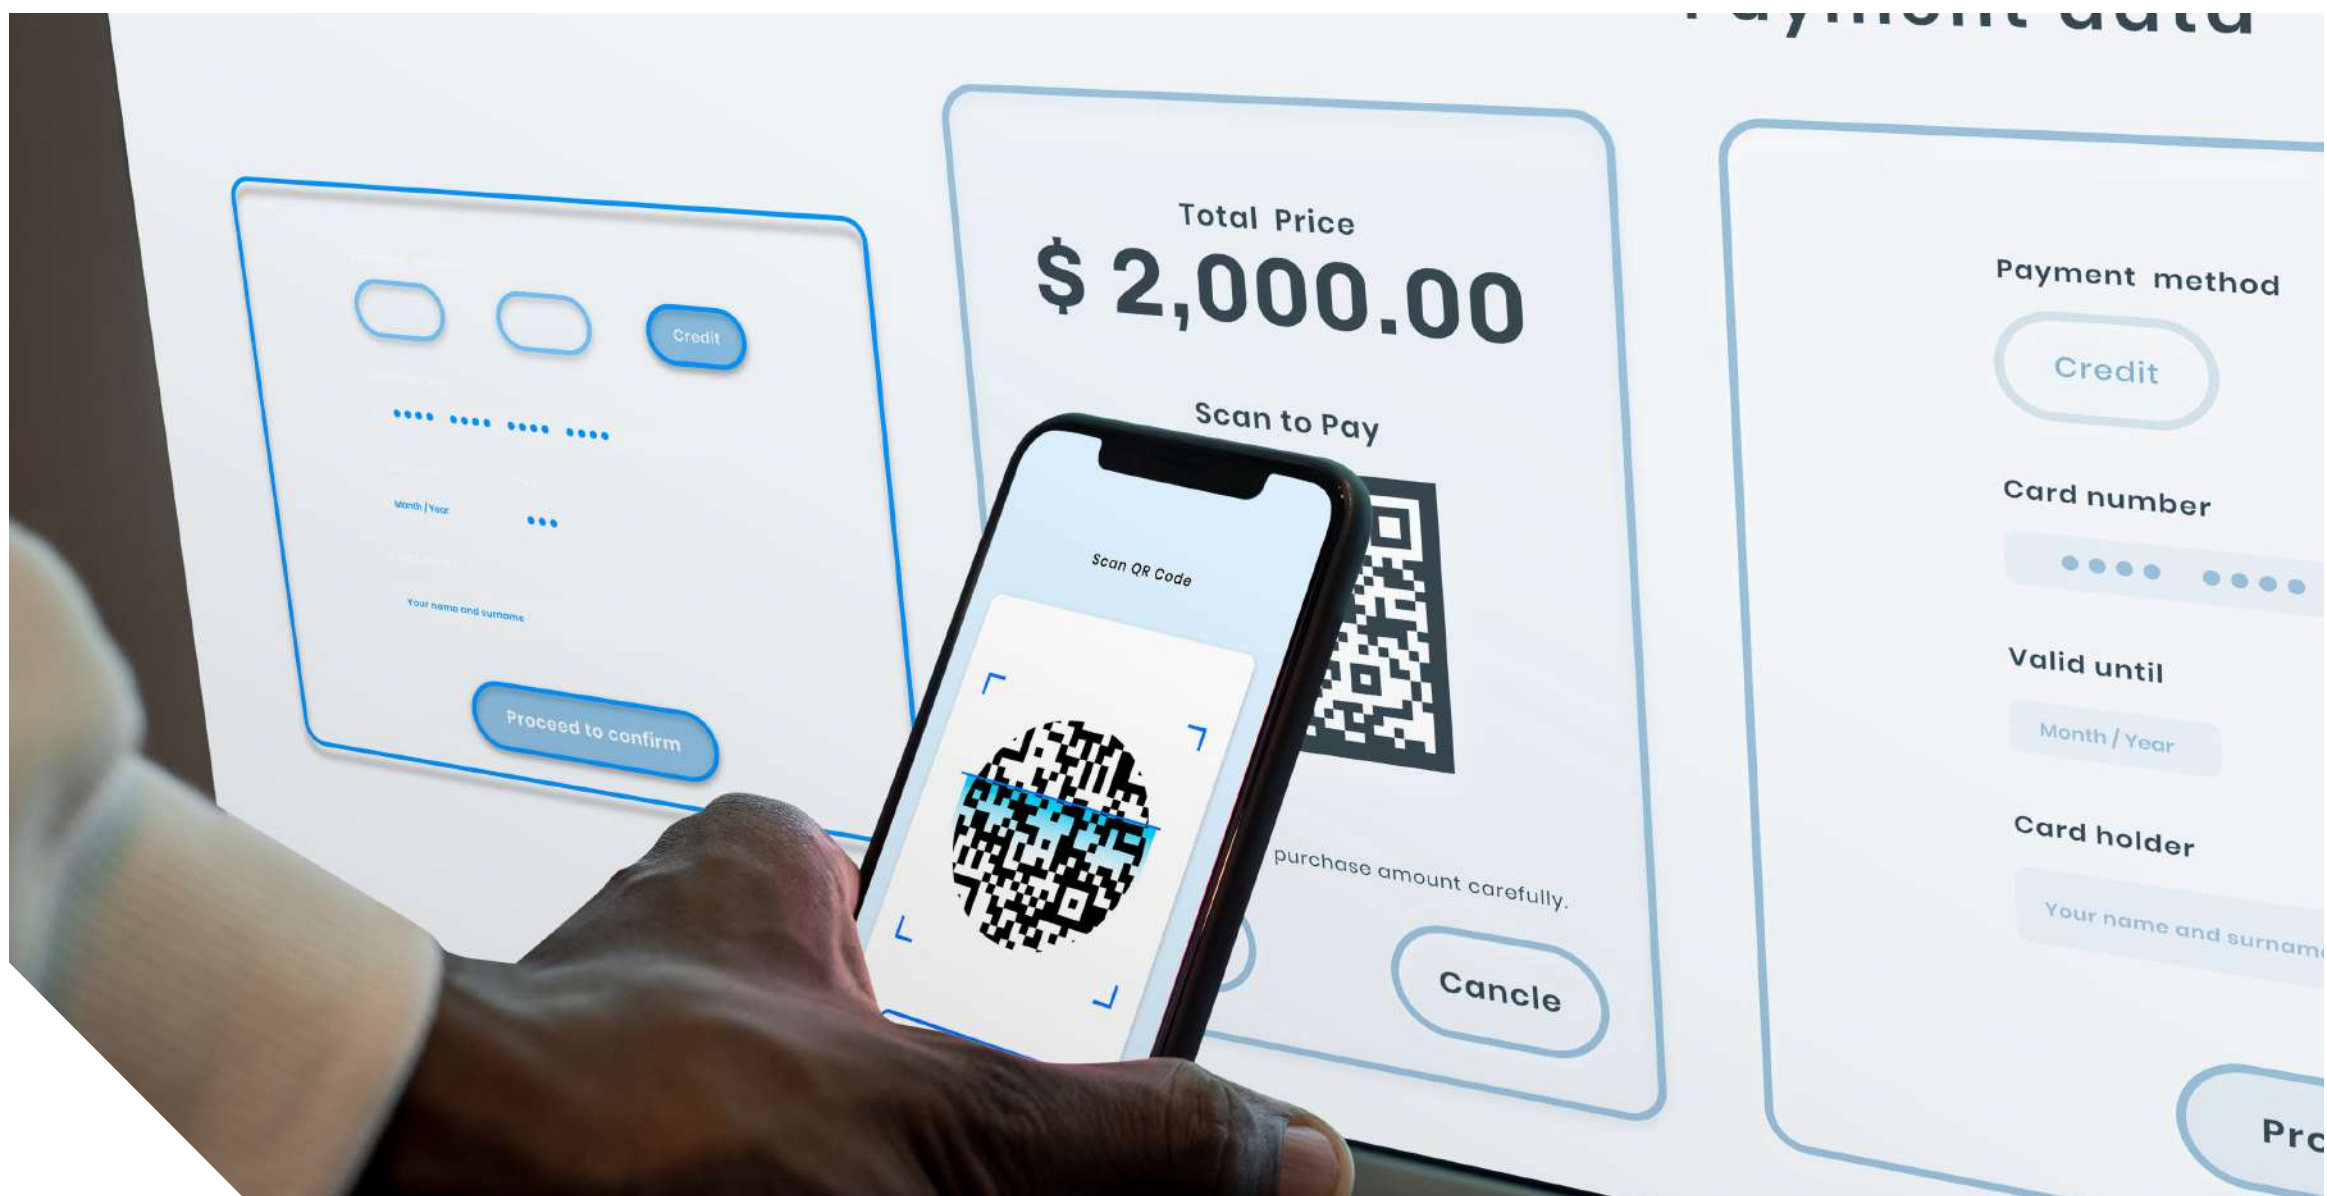

Our platform helps you manage different technologies and allows you to quickly connect services and make changes if needed.

Payment Solutions

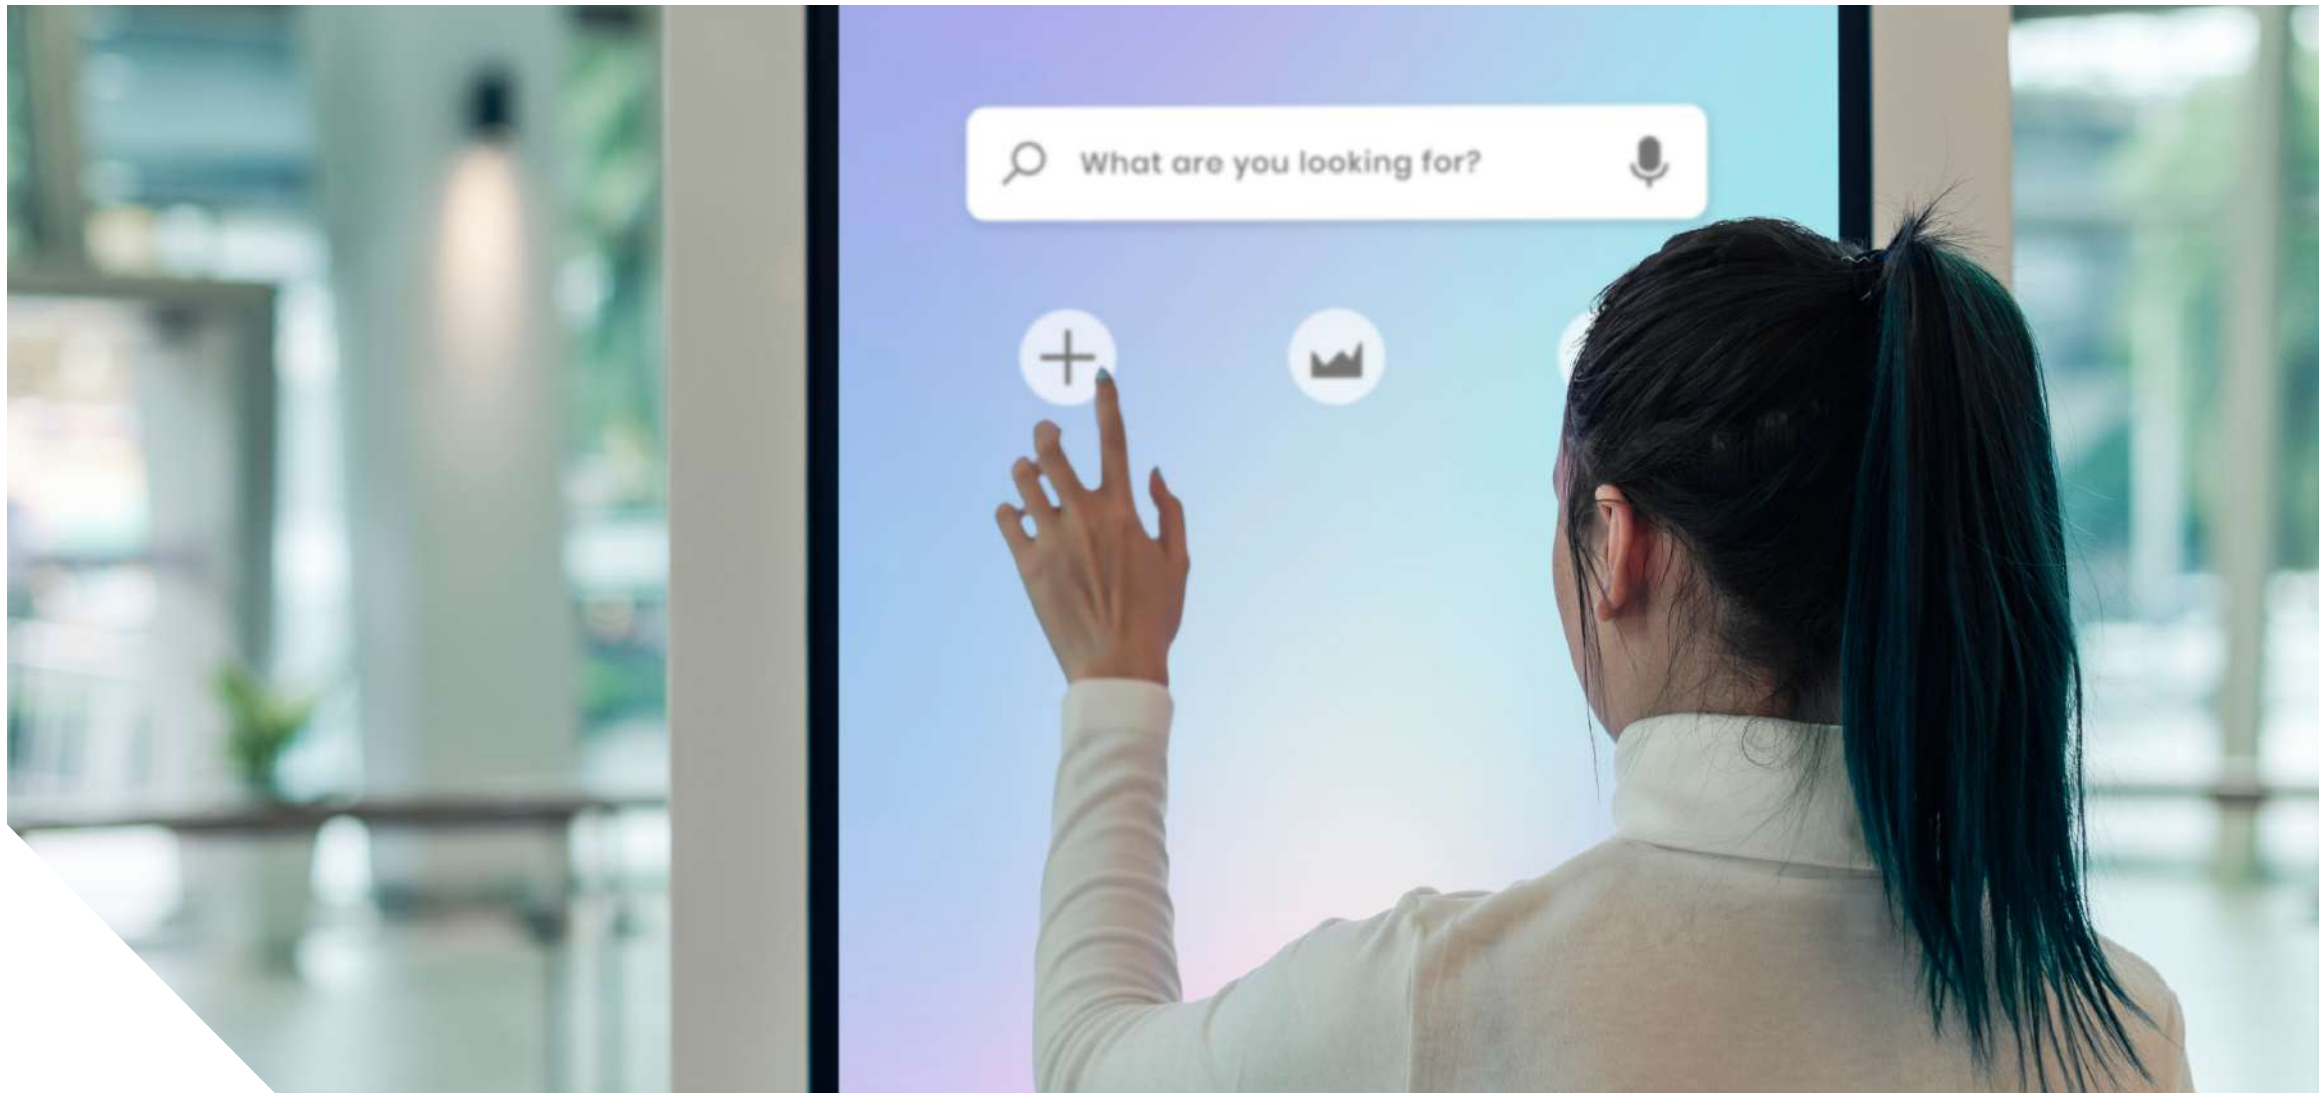

Our Payments software allows you to securely accept, process and track payments from your customers.

Our easy-to-use interface gives you the full control needed to process online and in-store payments quickly and efficiently.

Digital Signage Solutions

trustangle offers cutting-edge digital signage solutions tailored specifically to the needs of the retail industry. Our digital signage technology enables retailers to create immersive and engaging experiences for their customers.

Our solutions are designed to help retailers increase foot traffic, boost sales, and enhance the overall customer experience. With our state-of-the-art digital signage, you can display dynamic content including promotional offers, product information, and branding messages in a visually stunning way. trustangle's digital signage solutions are easy to manage and can be customized to fit any retail environment.

Human Resource Management

Our Human Resources solution streamlines hiring and HR processes, giving you the power to quickly find and hire the best candidates.

Our comprehensive platform also helps you stay on top of payroll, legal requirements, and employee records, making sure your staff are taken care of.

Loyalty Solutions

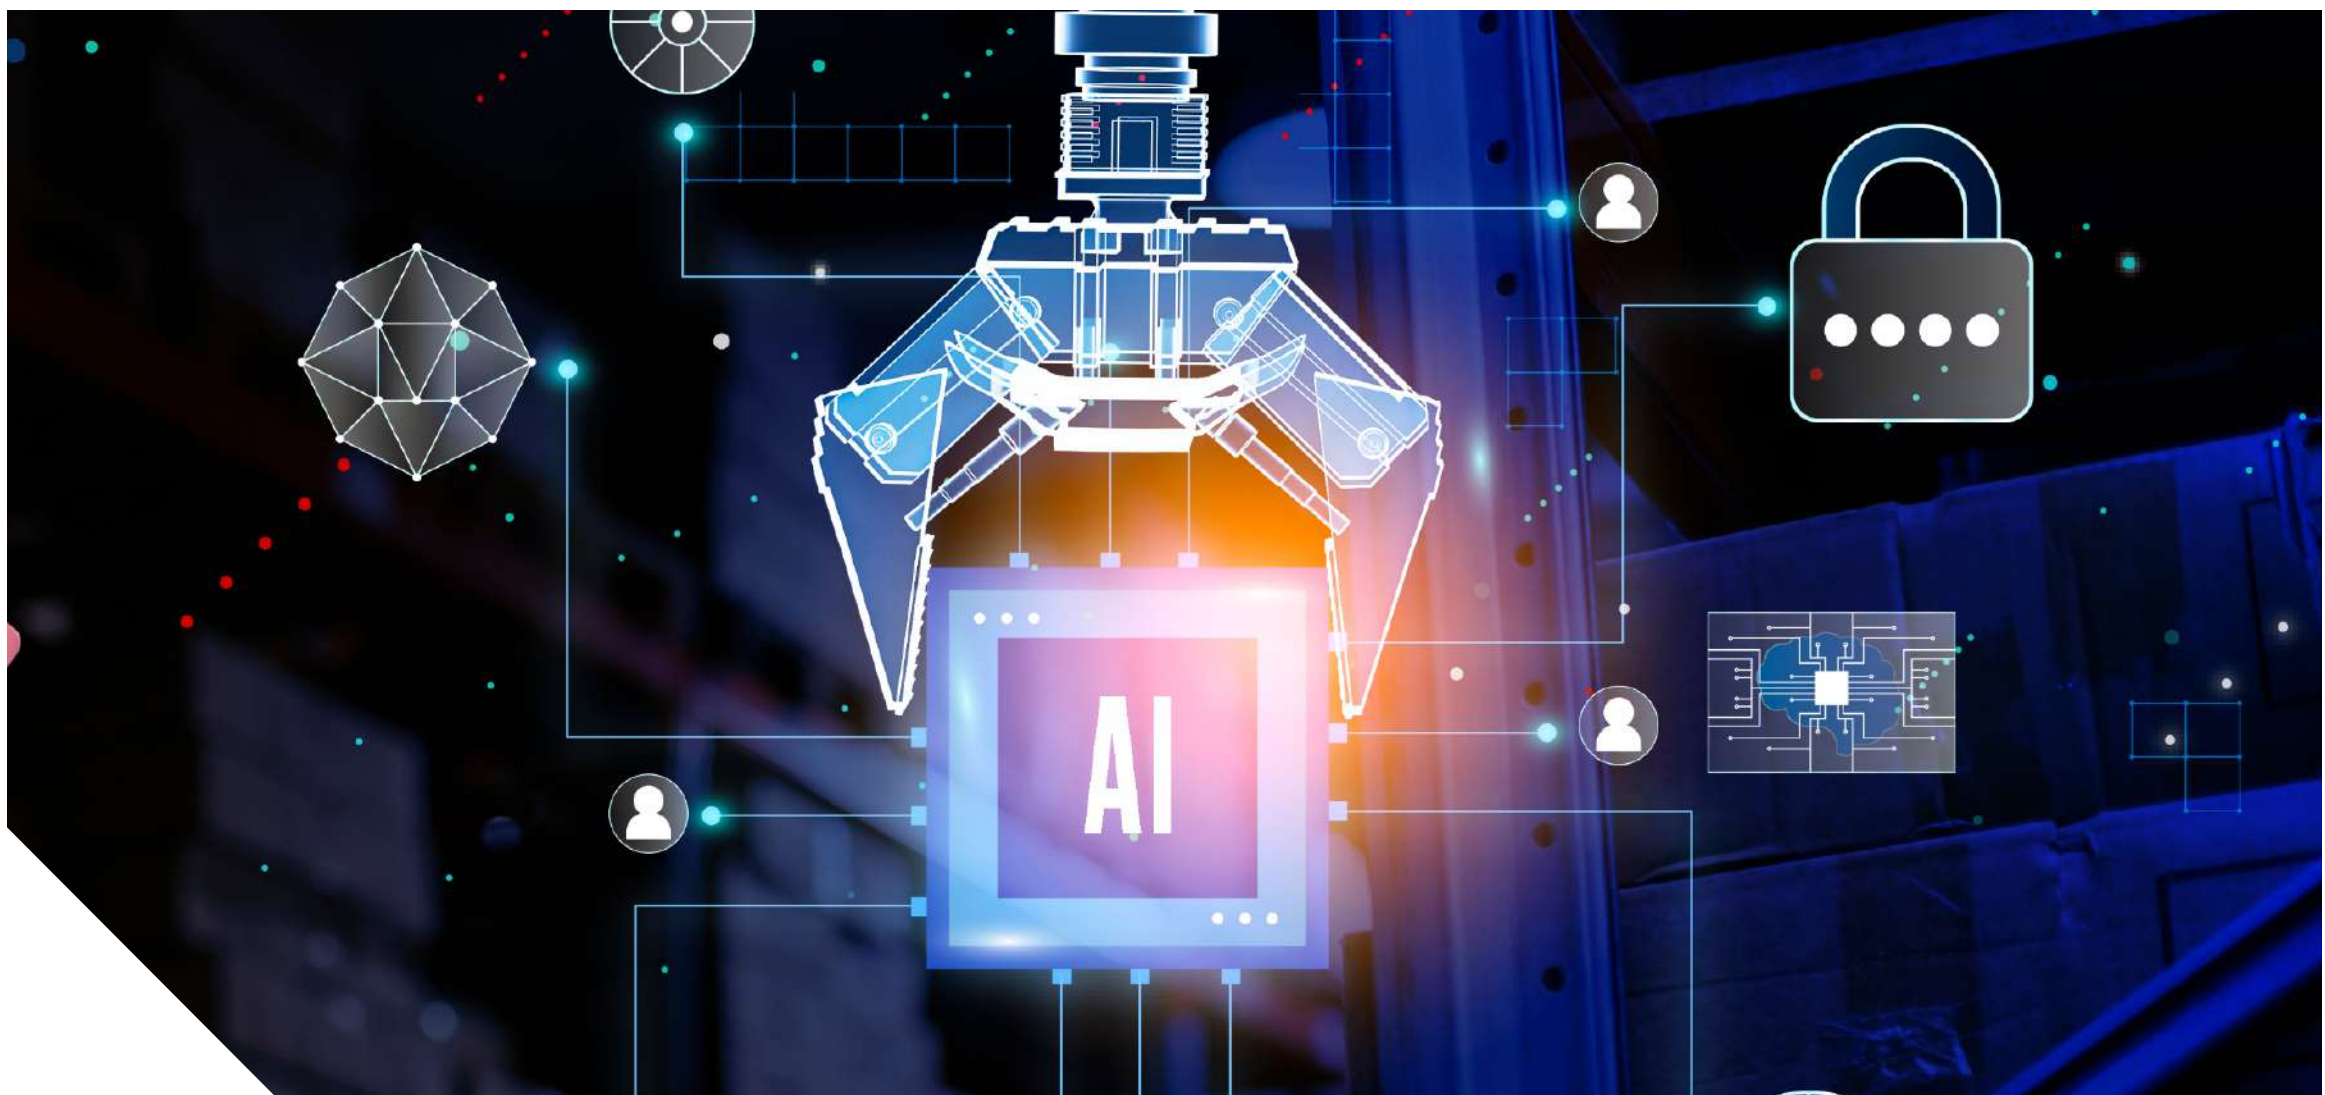

trustangle provides retail industry customers with comprehensive loyalty solutions that drive customer loyalty, improve customer experience, and increase return on investment. Our suite of loyalty products and services include all components necessary to run a successful, cost-effective loyalty program, providing retailers with the ability to engage customers while offering rewards that are tailored to their needs.

Our loyalty solutions leverage the latest technology, including personalization services, analytics and reporting, gamification, and mobile interfaces, to ensure that customers remain engaged and valued. Through our continued commitment to innovation, trustangle helps retail businesses create unique, loyalty-building experiences for their customers.

Robotic Process Automation

Our Robotic Process Automation solution helps automate repetitive processes and tasks, giving you greater control and freeing up staff to focus on more important tasks. Our advanced features enable you to automate numerous processes with ease, saving time and money.

Conclusion

In conclusion, trustangle Solutions provides cutting-edge and reliable technology solutions for the retail industry. Their advanced software and hardware solutions help retailers streamline their operations, enhance customer experience, and increase profitability. With their expertise and commitment to innovation, trustangle Solutions is a trusted partner for retailers looking to stay ahead of the curve in the competitive retail landscape.

Clients Testimonials

“

Richy Group IT Director Testimonial “Having the versatility of an all-encompassing ERP solution like NetSuite’s was much better than running separate systems, and it can do pretty much anything.”

Dar Sonbol Case Study Visual Image

We are delighted to share one of our most impressive accomplishments with you. The integrated ecosystem we created for one of our strategic clients Dar Sonbol Co, Ltd. This involved NetSuite ERP, Lightspeed X-Series point of sale, ZenHR, Magento Development, and the smart Integration Platform Reachware that connected all systems together. To give you an idea, here's a virtual image that shows our progress.

trustangle® helps you to leverage the power of the Digital systems to enhance customer experience, expand revenue streams, and seamlessly scale your businesses.
