PHYSICAL LEVEL OF OUR EXCURSIONS

Accessibility and individual requirements

We try and ensure our excursions are accessible for as many passengers as possible. However there may be some restrictions. Therefore, we will evaluate each excursion based on a case by case basis for each guest if you have any mobility issues or individual requirements. Please contact us in advance, and we'll help to customise an optimal voyage for you along the Norwegian coast.

Level 1 - Suitable for everyone*

Excursions at this level are undemanding, and you are often transported in vehicles.

Level 2 - Suitable for most people

Moderate physical activity that suits most people. Involves easy terrain without major challenges.

Level 3 - Average physical condition

Uneven and steep terrain may occur, and it may be necessary to bring equipment and similar items that you have to carry yourself. This excursion is not suitable for people with limited mobility. When driving vehicles such as snowmobiles, sleds and ATVs, you must have normal vision and hearing. A certain level of mobility and ability to react are also required.
