

T. Simons Co., Inc.

"the right Contractor; the right choice"

Capability Statement

About the Company

At T. Simons Co., Inc. we specialize in job order, task order and Indefinite Delivery Indefinite Quantity (IDIQ) type contracts. These contracts can require joint-scoping of the project with the client, quick and accurate estimating, immediate mobilization and on-time, on budget delivery of the required work. We are a highly skilled team with many years of experience in this type of contracting environment.

Our project management staff is spread throughout the state and travels as needed to our job locations. This makes it relatively easy for us to meet short time constraints on various projects and provide additional staffing at a given location whenever necessary. Our experience shows especially at the government's year-end when contracting officers are requesting job walks, pricing and awarding contracts within days of receiving notification that work is required.

230 West Tefft St. | Nipomo, CA
