T : +55 21 97209 1900

### Gladstone Santos

COO | Nova A3

T : +55 21 98844 6844

## ABOUT ME

From my first indentation errors in Python, I've been sure I chose the right path. But coding has never been "just a job" for me, it's offered an engaging and captivating challenge to continually learn and improve my skills in creating high-quality software for everyone.

## EXPERIENCE

### CARIBOU

[caribou.com](https://caribou.com)

At Caribou, I was responsible for managing and taking care of our relationships with partners and their integrations with our platform. We successfully developed and launched four new REST-based integration flows, as well as onboarded and worked with five new partners.

### NOVA A3 WEB APP + COMPANION APP

[app.novaa3.com.br](https://app.novaa3.com.br) [expo.dev](#) [repo](#) [repo \(companion app\)](#)

A React app + a React Native companion app developed for Nova A3, a plastics industry, to broader connect their entire factory by providing an easy-to-use, batteries-included interface that automates plenty of their previously paper-based processes.

### MY PROJECTS REPOSITORY

[github.com](https://github.com)

My entire journey into programming wouldn't fit this resumé. There has been plenty of hackathons, Google Startup Weekends and a lot of side and hobby-related projects built during these years. Here I showcase them all.

## SKILLS

 TypeScript

 React

 NodeJS

 JavaScript

 React Native

 GraphQL

 HTML

 CSS

 Design/3D
