

## NIKKEN SPORT SOCKS

PRODUCT CODE: **CREW:** MEDIUM: 1767 | LARGE: 1768 | EXTRA LARGE: 17681

### FRESH FEET

Nikken Sport Socks are designed for proper fit, durability and comfort. For sports or all-day wear, they're far superior to ordinary footwear.

Ceramic-reflective fibers in the material absorb energy from a variety of sources, and reflect back this energy for gentle warmth but do not retain excess heat. Nanosilver particles are permanently woven into the material to help block the growth of bacteria and naturally deodorize. Microscopic copper filaments counteract the buildup of static electricity, which prevents dryer cling. Mesh construction helps improve ventilation and wicking for wear in high-temperature environments.

- Ceramic-reflective fibers
- Breathable fabric
- Antistatic Technology
- Bacteriostatic Technology
- Cushioned footbed with built-in arch support
- Y-shaped heel retains foot placement
- Better fit to minimize slippage

### SIZING

Medium - fits 8 to 10 in women's sizes, 6 to 8 in men's.

Large - fits 10+ in women's sizes and 9 to 12 in men's.

Extra Large - fits 13 to 16 men's.
