

PIMAG® SPORT BOTTLE

PRODUCT CODE: 13501

DELICIOUS HYDRATING PIMAG® WATER WHEREVER YOU ARE!

The PiMag® Sport Bottle filters potable tap water, removing any contaminants making it cleaner and healthier to drink. It's also a green choice due to its reusability and biodegradable materials.

A unique combination of three technologies helps ensure that the Sport Bottle exceeds ANSI/NSF or EPA standards: 1) patented nano-fiber filtrations helps reduce potential contaminants, 2) patented alkalizing media increases pH from 7 to 8.5, and 3) 4,600+ gauss neodymium magnets help decluster water.

At the end of its long life the EcoPure biodegradable bottle will break down and help nourish the soil.

- PiMag® technology adjusts pH to create alkaline water
- Advanced filtration for healthier, better-tasting water
- Economical, environmental alternative to bottled water
- Safe, reusable, recyclable, EcoPure biodegradable bottle
- Replaceable filter – good for approximately 250 refills

EcoPure biodegradable bottle is FDA Food Contact Safe, BPA-, DEHA- and DEHP-free.

ANSI/NSF Standard 42 (Aesthetic Effects)

Particulates (clarity, sediments): exceeds standard Class II-VI

Chloramine: exceeds standard

Chlorine: exceeds standard

Taste & odor reduction: exceeds standard

ANSI/NSF Standard 53 (Health Effects)

Cyst reduction: exceeds standard

Lead reduction: exceeds standard

Bacteria reduction: > 99.99%

HOW TO USE

Fill with water. Lift the spout to drink

WARNING

If you use an electronic medical device such as a pacemaker, or have a magnetically sensitive surgical implant, do not use or wear magnetic products. Women in the first trimester of pregnancy, or anyone who has a health problem should first consult a physician before using magnetic products.
