

Model: ROANOKE HF

Protection Class: I/C EH PR SR

Article: 0UL10254

ASTM Standards: ASTM F2413-24

Description:

Safety footwear featuring the BOA® Fit System created by U-Power for anyone looking for the very best in terms of comfort and safety. Made of soft, suede grey leather, this shoes guarantees excellent protection against water and humidity while keeping your feet dry and comfortable. The PU/PU Infinergy® sole provides an unparalleled return of energy, helping to reduce strain on the back and legs during long working hours. The innovative FiberToe toe cap guarantees lightness and sturdiness while the Save & Flex® PLUS anti-perforation insole provides safety and flexible mobility in all working conditions.
