The spring semester begins in the middle of January and finishes in the month of May. Throughout this semester, the team focuses on dual matches. Each official match includes 6 singles matches and 3 doubles matches. On average, each player will compete in about 25 matches during the spring semester.
Players will have the opportunity to play in 7 ITF/ATP pro events as part of the team’s regular tournament travel schedule. The team will pay all expenses associated with travel, entry fees, etc.

Additional opportunities will arise as select ITF/ATP events are hosted at our facility. These opportunities don’t count against your 7 pro events for the season.
