MPSF AND 2020 FINAL STANDINGS

The Mountain Pacific Sports Federation (MPSF) was established in 1992-1993 to serve the competitive needs of member institutions from the Big West, Pacific-10 (now the Pac-12) and Western Athletic Conferences, as well as other selected universities in the western United States; and to provide championships competition for Division I intercollegiate Olympic sports in a conference setting. The founding principles on which the MPSF was originally formed were to provide enhanced competition and championship opportunities for sports without conference affiliation; to contain the costs of competition; and to ensure the survival of endangered sports. The federation has also served as an incubator for emerging women's sports and as a safe harbor for sports impacted by conference realignments. Since its inaugural season, the federation has seen its charter conference membership grow by the addition of the Mountain West and West Coast Conferences and their respective member institutions, as well as the addition of women's water polo, women's gymnastics, and men's and women's swimming and diving. As a testament to its viability, the Mountain Pacific Sports Federation continues to successfully navigate the ever-changing sea of college sports by fostering contraction and expansion of its sports portfolio to meet the dynamic needs of its members. As the MPSF is in its 30th season during the 2021-2022 academic year and continues its legacy of championship competition, it affirms the vision of its founders and the relevance of its founding principles.

In 2021-22, the MPSF will sponsor competition in 11 intercollegiate Olympic sports, while serving 68 teams from 35 universities across 12 states. This past summer, men's and women's fencing and women's artistic swimming joined the conference, giving the MPSF a record-tying 11 active sports. MPSF teams compete primarily at the NCAA Division I level in men's and women's water polo, indoor track and field, gymnastics, swimming and diving, fencing, and men's volleyball. MPSF teams are eligible to compete in the NCAA Championships with men's

and women's water polo and men's volleyball conference champions earning automatic qualification.

The MPSF added four NCAA team championships during the 2020-21 athletic year, as the programs from UCLA men's water polo, Stanford men's gymnastics, Oregon Indoor Men's Track & Field, and USC Women's Water Polo brought the total to a milestone of 100 NCAA titles for the conference since its 1992 inaugural season. As such, the MPSF became the first Non-Power Five Conference to reach the century mark in NCAA titles. The federation turned in a high of five national championships during the 2007-08, 2008-09, and 2015-16 years, while it has won at least four in 14 of the last 17 years, and at least two in all but one year. With UCLA and USC winning water polo national championships last year, the MPSF stayed perfect with all 49 NCAA titles in the sport since the inception of the conference (29 men, 20 women). In terms of conference titles, Oklahoma Men's Gymnastics is currently riding an MPSF record nine-straight championships, with an additional record of 19 overall MPSF team titles.

On June 1, 2021, Foti Mellis became just the second executive director in MPSF history. He replaced Al Beaird, who retired after 24 years at the helm of the conference.

Mellis brings over 30 years of experience in intercollegiate athletics to the MPSF. He served various leadership roles at the University of California

from 2002-2019, most recently as Senior Associate Athletic Director for Intercollegiate Services. A member of the Director's Cabinet, Mellis was responsible for the overall delivery of a world-class student-athlete experience and all activities which directly impacted Cal's ability to serve its student-athletes. In addition, he had oversight of the Sport Operations and Championships unit, as well as Student-Athlete Development. During his tenure, Mellis supervised 23 of the 30 sports at Cal, most recently the men's basketball, women's soccer, and softball programs. Mellis was responsible for the supervision of Capital Projects and was a key member of the team who oversaw successful completion of California Memorial Stadium and the Simpson Center. Upon his initial arrival in Berkeley, he was instrumental in the restructuring of the Compliance Services Unit in 2002 and Student-Athlete Development in 2006.

In 2017, Mellis was one of 25 senior-level athletic administrators from across the country who was selected to participate in the NCAA Pathway Program, designed to provide aspiring athletic directors with the skills and knowledge of fulfilling his or her career goal.

Mellis spent 1998-2002 as Assistant Athletic Director for Compliance at Arizona State. He oversaw all areas of compliance with the Sun Devils' 22 athletic teams. Among his additional responsibilities were coordinating a rules education program for athletic department staff and boosters, creating a compliance system manual, and organizing agent education for ASU student-athletes. Prior to his tenure in Tempe, Mellis spent two years at the University of Tulsa, where he held the title of Director of Compliance from 1996-98. While there, he implemented a student-athlete database, which improved the efficiency and accuracy of monitoring eligibility. He also designed a compliance newsletter and was the chair of the University Compliance Committee. He began his compliance career at Northwestern in 1994, spending one year as an intern and second year as a compliance assistant.
