

CRITERIA TO CHANGE ASSESSMENT TEST DATES

The School establishes criteria to Change Assessment Test Dates during ordinary and extraordinary exam periods for bachelor's degrees and graduate degrees. Students may only request to take their assessment tests on dates other than the official ones under certain exceptional circumstances.

If requested in advance, students in one of the following exceptional situations will have the right to change their assessment test dates:

In this case, the right to change test dates refers to one of the assessment tests, whose date may only be modified once.	The request must be sent in writing via email to the professors of both subjects at least 15 days before the official date of the assessment.

The request must be sent in writing via email to the professor of the subject and an official medical report must be attached including the date on which the injury occurred or the temporary disability began, the limitations involved, and the recovery time prescribed. The request must be made as soon as the circumstances allow.
