

Jeu : go les poules

pions à plier puis plastifier

REGLES DU JEU :

VERSION 1 : je lance le dé nombre et j'avance la poule choisie du bon nombre de cases. La première poule arrivée à son pain gagne la partie.

VERSION 2 : je lance le dé COULEUR et le dé nombre. J'avance alors la poule concernée du bon nombre de cases. Lorsque toutes les poules ont quitté le poulailler, je fais des pronostics : qui va gagner? qui va perdre ?
