'86 Swimming

ADMINISTRATION

Dr. Otis A. Singletary President, University of Kentucky

The University of Kentucky has made great strides toward academic excellence since **Dr. Otis A. Singletary** assumed the office of president in August, 1969.

Two professional schools — dentistry and pharmacy — have been ranked among the best in the nation. Departments such as political science, history and mathematics have gained national attention. The UK library now ranks among the best in the

Southeast and a large portion of the world-wide research related to tobacco and health is now done at UK.

Dr. Singletary had previously served as chancellor at the University of North Carolina at Greensboro, executive vice chancellor for academic affairs in the University of Texas system and director for the Job Corps for the Office of Economic Opportunity. He holds degrees from Millsaps College and Louisiana State University.

During the years he has been president, the University has grown to more than 23,400 students on the Lexington campus and about 21,000 students in UK's 13 community colleges, and the University has become one of the major research institutions in the country.

A native of Gulfport, Miss., Dr. Singletary is the author of two books and several monographs. He is a member of Phi Beta Kappa Senate.

He and Mrs. Singletary, the former Gloria Walton, have three children: Bonnie, Scot and Kendall.

Clifford O. Hagan Athletics Director

Cliff Hagan began his 11th year as University of Kentucky athletics director on July 1, overseeing an overall Wildcat program that continues in high gear with several major projects in various stages of planning, construction and completion.

The completed projects include: the beautiful recruiting-entertaining lounge and two large storage rooms in the Football Offices complex at Commonwealth Stadium. Replacement of 120 yards of turf and the addition of 40 more yards of turf on the main

practice fields at Shively Sports Center. A new weight room in Memorial Coliseum. New dressing facilities for women at Shively Sports Center.

Other major projects include: A \$5 million-plus natatorium to be named after former Wildcat athletics director Harry C. Lancaster. A new four-court indoor tennis facility. A new practice complex at Shively Sports Center, the installation of computers in the Sports Information Office, which scored a "first" by using up-to-the-minute computerized stats at the 1985 "Final Four".

The 1985 men's basketball championships and 1986 women's basketball championships were held at Rupp Arena under the sponsorship of the University of Kentucky and both were a success.

On the personal side, Hagan received a distinguished honor in 1984 when the Boys Clubs of America National Awards Committee selected him as recipient of the "Boys Club Medal" which is an annual award and is a means

HEAD COACH

Wynn Paul

Coach Wynn Paul enters his 14th consecutive year at Kentucky and 18th overall year as head coach of the Wildcats. During his tenure the Wildcats have had 17 winning seasons with the men's team and three consecutive winning seasons with the newly formed (1983) women's team.

Coach Paul introduced water polo to the University of Kentucky in 1964 and the sport was made varsity albeit without scholarships in 1965. The Wildcats then embarked on a 19 year streak of winning seasons which included the Mid-West Intercollegiate Water Polo Conference title twice and two All-American choices. The last year of the team's existence the Wildcats were ranked 14th in the country, all with walkons. The sport was cancelled after the 1982 season when the varsity women's swim team was instituted.

Over the years Coach Paul has always promoted a strong weight training program for the Wildcat swimmers. He was instrumental in the planning and building of two weight rooms in the Memorial Coliseum which are used by the swim team.

The University of Kentucky meet schedule has improved as the team has improved so that now the Wildcats meet such teams as Purdue, Alabama, Cincinnati, Georgia, Ohio University, Vanderbilt, and Tennessee as well as traditional rivals Eastern Kentucky University and the University of Louisville; Coach Paul believes that the Kentucky schedule is one of the best in the nation.

Coach Paul also serves as the Aquatic Director for the University of Kentucky, which involves scheduling, staffing and maintenance of the University Indoor Natatorium. He also served on the design committee for the new Lancaster Aquatic Center. In addition, Coach Paul teaches Scuba for the Physical Education Department.

Coach Paul is a native of Louisville, Kentucky, and a graduate of the University of Louisville with a degree in English. While at the University of Louisville, he was captain of the swim team, high point scorer for three of four years, and holder of 12 varsity records. He was voted the Courier-Journal/Louisville Times newspaper Kentucky Swimmer of the year for two years. After graduating from Louisville, he attended graduate school at the University of Kentucky while founding and coaching the Greater Lexington Swim Association. This age group team produced four National AAU senior Long Distance Team Championships, three National AAU individual long distance champions, eight AAU All-American senior swimmers, 28 Nationally ranked swimmers, 15 National AAU age group records, 25 Kentucky State High School champions, and five college All-American swimmers came out of the program.

Coach Paul and his wife Helen enjoy restoring and racing Corvettes,

ASST. COACHES

Jeff Bush

Assistant Coach Jeff Bush enters his third year with the Wildcats after an outstanding swimming career with the University of Kentucky and the Dynamo Swim Club of Atlanta, Georgia. Jeff set over 12 varsity, 9 dual meet and 10 pool records at Kentucky including the 100 and 200 backstroke, 200 and 500 freestyle, and the 200 individual medley. He qualified for the N.C.A.A.'s in 1984 in the 200 yard backstroke (best time of 1:50.19), finished ninth in the U.S.S. Nationals in '84 and competed in the Olympic trials in '84; he was

ranked 15th in the U.S.A. rankings in the 200 meter backstroke and was selected to the U.S.S. All-American Team in 1984.

One of the premier swimmers to come out of Georgia, he still holds several Georgia state records including the 200 yard freestyle, 1000 freestyle and 200 backstroke; he held the Alabama pool record for the 200 meter freestyle; he was a Georgia All-Star swimmer for seven years and was on the National team of the Dynamo Swim Club seven times.

Jeff was an accounting major at the University of Kentucky and a member of the K-Club; he was chosen as the Most Valuable Swimmer for Kentucky in 1983 and in 1984. After his first year as a Graduate Assistant with the Wildcats, Jeff became the first ever full time Assistant Coach in swimming at Kentucky in 1985. He is married to the former Jacalyn Vonderhaar of Louisville.

Brigid DeVries

Brigid enters her sixth year as a part time coach with the University of Kentucky Swimming team. As head diving coach she works with the men and women. She has volunteer help from 1980 Olympian Amy McGrath Dicken and former U.K. diver Becky Keller.

Brigid recieved her B.A. and Master's Degree from the University of Kentucky in Recreation Administration. She then spent three years at Ohio University working with Coach Fletcher Gilders while she assumed the duties of Womens' swimming and diving coach and Womens' track coach.

In 1979 Brigid returned to her native Lexington, Kentucky to be named Assistant Commissioner of Kentucky High School Athletics Association, a post which she retains. Besides being the meet manager for the Kentucky State Championships in Volleyball, Swimming, Tennis and Track, she also finds time to serve on the National High School Rules Committees in Gymnastics, Volleyball and Swimming and Diving.

Brigid was a member of the Board of Directors of the Bluegrass Games for the Commonwealth of Kentucky and also was the Diving Chairman for 1986; she will serve in these same posts for 1987.

In working with the Kentucky divers, Brigid makes use of the trampoline and belts as well as video equipment. She has had divers make the NCAA Zone meet all six years that she has been with the Kentucky program.

GRAD. ASSISTANTS

Martyn Wilby

Following a brilliant swimming career at Kentucky, Martyn is finishing up his degree in business. A native of Darlington, England, Martyn came to Kentucky as an outstanding freshman and promptly set varsity records in 200 butterfly, 500 and 1650 freestyle. He was a four year scorer in the Southeastern Conference Championships, just missing N.C.A.A. cuts with a best time in the 200 butterfly of 1:48.95.

Martyn continued his swimming in the spring of 1986 at the British Nationals where he placed second in the 200 butterfly and fourth in the 100 butterfly. He represented his country in the Great Britain/Holland/Russia International meet in April placing third in the 200 butterfly; at the World Championship trials he placed fourth in the 200 butterfly.

During Martyn's career at Kentucky, he swam the tough 1000 free/200 fly/500 free combo many times in dual meets as with his leadership the team had four consecutive winning seasons. Martyn received both the Coach's Award and the Most Valuable Swimmer award during his four years as a Wildcat.

For the 1986-87 season Martyn will be working mainly with the Womens' team, and will also assist the mens' butterflyers and distance swimmers.

In his limited spare time Martyn enjoys all types of music from rock to classic; he enjoys American Pro Football, especially rooting for the New Orleans' Saints, and he has continued to swim with the local U.S.S. team in preparation for swimming for Great Britain again in the summer of 1987.

Steve Crocker

Steve enters his second year as a graduate assistant with the Kentucky program, working mainly with the sprinters. He has brought many new and challenging ideas to the overall program and is a excellent weight room coach.

Steve is probably the greatest swimmer in the history of Western Kentucky University in Bowling Green, Kentucky. In Steve's senior year of 1985 he finished fourth place in the 50 yard freestyle at the N.C.A.A. Championships held at Texas with the outstanding time of 19.75. At one time this ranked seventh on the all time list of 50 yard freestyle times. He was selected to the All-American Collegiate team for 1985. He also swam the 100 yard butterfly in the NCAA's with a best time of 49.10.

At Western Kentucky Steve set varsity records in the 50 and 100 yard freestyle, the 100 yard butterfly, and was on all three of the record holding relay teams. He was team captain in 1985. He was voted the Western Kentucky Male Athlete of the Year for 1985. During his career at Western, he led the Hilltoppers of Coach Bill Powell to four Midwest Independent Swimming Titles and was high scorer in the meet for 1984 and 1985.

A native of Franklin, Kentucky, Steve is finishing up his degree in Mechanical Engineering at Kentucky. He also enjoys playing competition volleyball (with a vertical jump of over 30 inches. who wouldn't), outdoor activities and all water

WOMEN'S OUTLOOK

As the University of Kentucky Women's Varsity swim program enters its fourth year of existence the team will again be counting on a strong freshman group to count in the scoring. However, all upperclassmen who scored in the Southeastern Conference return except Co-Captain Meredith Wingard. Heading the returnees are Southeastern Conference scorers Marcie Klayer in freestyle and individual medley, Julie Jelf and Kim Gugino in diving, and Cheri Baxter in freestyle. Seniors Allison Hicks and Karlynn Norris will help greatly in freestyle and butterfly respectively. Freestyle sprinter Caroline

Waite (junior) and butterflyer Nancy MacMillan (junior) will contribute to the team as they continue to improve.

Coaches Wynn Paul, Jeff Bush, Brigid DeVries, Steve Crocker and Martyn Wilby will be looking forward to a lot of help from a very promising group of freshmen including National Junior Olympics scorer Ginger McNeill (Sarasota, Florida) in backstroke and distance freestyle.

Another proven swimmer who should immediately help the Wildcats will be sprinter Margaret Sumrall from Richmond, Virginia. With best times of 52.8 and 24.6 in the freestyle events, Margaret could be an NCAA qualifier this year. A native of Columbia, South America, Sandra Bohorquez comes to the Wildcat program as the national record holder in the 100, 200 free, 100 and 200 butterfly, 200 and 400 individual medley. This versatile swimmer will be a great asset to the team. Freshman Bartley Pratt, Huntsville, Alabama, is a steady distance performer who will also swim the 400 individual medley event.

Freshman Bonnie Franklin, Thornwood, New York, is an outstanding backstroker and can also sprint butterfly; swimming backstroke with her will also be Lara Martin, a sophomore. Freshman Peggy Sheets will be the early leader in the breaststroke events, but will be pushed by sophomore Kris Domis and freshman Laura Carroll. Jill Abercrombie, another freshman from Florida, will be a great help in the 200 butterfly as well as the backstroke events. Kelly Augustus, from Louisville, Kentucky will swim the 100 and 200 freestyle events but also can swim distance.

Six year diving coach Brigid DeVries has a large squad to work with this year. Returning SEC scorers Kim Gugina and Julie Jelf will be pushed by talented freshman Jill Bumgarner from Fairfax, Virginia. Freshman Mary Jaye Barber, Babson Park, Florida will be ready to dive in the SEC competition after a full year of college diving preparation.

Overall, the Wildcats will be strong in all strokes except perhaps breaststroke from a depth standpoint; diving will also be a strong point. With dual meets against Alabama, Vanderbilt, Cincinnati, Ohio University and Purdue, the team will get

MEN'S OUTLOOK

The latest Kentucky Mens swimming team will feature a very balanced group of upperclassmen and some outstanding freshmen. Coming off of an 8 and 3 season last year with a 7th place finish in the Southeastern Conference Championships, the team will have some solid performers in junior Chris Godfrey in the middle distance freestyle and individual medley events, senior N.K. Martin in the backstroke and individual medley events, senior Rick VanDyke in the distance freestyle events, sophomore Jeremy Salmon in the sprint freestyle events and sophomore Chris Budvitis in the butterfly events.

As coach Wynn Paul enters his 18th year with the Wildcats he has talented Assistant Coach Jeff Bush now in his third year, diving coach Brigid DeVries in her sixth year, and two fine graduate assistants in Steve Crocker and Martyn Wilby.

A good freshman class should immediately help the Wildcats especially in the individual medley, breaststroke and backstroke events. National YMCA champion Ed Weckwert, from Rochester, Michigan, will lead the team in the individual medley and can also swim the 200 breaststroke and butterfly events. Sophomore transfer Bill Breeze, from Monroe, Michigan, has faster times in the breaststroke than the team records. Ken Atkinson, Bettendorf, Iowa, is a talented sprinter in the freestyle and backstroke events. Jim McCarthy, Ormond Beach, Florida, was finalist in the National YMCA meet in the 200, 500 and 1650 freestyle events. Thomas Kock, Helsingborg, Sweden, is a good sprint freestyler who could be fastest on the team.

Senior Tony Barnes is coming off an excellent summer of swimming and should challenge for top spot in the breaststroke events; freshman walkon Brian Van Horn could be the surprise of the team in breaststroke as he also had a great summer of swimming. Sophomore Billy Godfrey swam well last season in the backstroke events and should be an S.E.C. scorer this year. Seniors Evan Ekman and Steve Saran should help the sprint events while Steve Adams, also a senior, can help the backstrokers.

Diving coach Brigid DeVries will have a small group of divers who should be ready to score by the time the Southeastern Conference comes along. Sophomore Jim Hill placed last year; sophomore transfer Jamie Bloomfield should be an SEC scorer; freshman Alan Diamond could be an SEC scorer.

The Wildcats have an outstanding dual meet schedule which includes four SEC schools (Alabama, Georgia, Tennessee and Vanderbilt), plus traditional rivals Purdue, Cincinnati, Louisville, Eastern Kentucky and Ohio University. This schedule should prepare the Wildcats for the Southeastern Conference Championships this

SWIMMERS

Jill Abercrombie

Butterfly, Freshman, 5-5, 145, Jacksonville, Florida

Outstanding butterfly swimmer who comes to Kentucky from the Bolles School Program... finalist in Florida High School meet... National Junior Olympics qualifier in 200 butterfly and 200 backstroke... has shown exceptionally good practices in early season... could be the fastest 200 flyer on the team by end of the year... can also swim backstroke well... one of a number of Floridians on the team... best swimming is ahead of her in college... great attitude... Childhood education major... Jacksonville, Florida... freshman

Kelly Augustus

Freestyle, Freshman, 5-5, 125, Louisville

A versatile swimmer who can swim any distance from 100 to 1000 freestyle... National Junior Olympics qualifier... will benefit from the weight program... good, solid workout performer... finalist in the Kentucky High School Championships... can also swim the 200 butterfly... very coachable person with a good outlook... always has a ready smile... Commerce major... a true, blue, Lakeside Club of Louisville Seahawk... Louisville, Kentucky... freshman

Mary Jaye Barber

Diver, Freshman, 5-5, 125, Babson Park, Florida

A rapidly improving diver who has been competing only four years... Captain of her High School team... good mechanics and a good spinner... National Honor Society in High School... National Merit Finalist... will need to work on three meter list... very good attitude toward college diving... Gymnastics class is helping her diving... very good worker... dived with Hank's divers and Lake Wales High School... Economics major... wants to go to Law school... Babson Park, Florida... freshman

Cheri Baxter

Freestyle, Sophomore, 5-6, 150, Louisville

Southeastern Conference Scorer... one of the best workers in the practices... was Captain of her High School team that won the State Championships... goal is to compete in the NCAA's... good worker in the weight room... best events are 100, 200 freestyles and 100 and 200 butterflys ... holds the UK team record for the 200 freestyle set as a freshman... has very good team spirit... can always be counted on for a great relay split... Communication major... a true, blue Lakeside Club of Louisville Seahawk... Louisville, Kentucky... sophomore

SWIMMERS

Sandra Bohorquez

Butterfly, Freshman, 5-4, 127, Columbia, South America

Holds the National record for the 100, 200 freestyle, 100 and 200 butterfly, 200 and 400 individual medley for her native Columbia, South America... was National Champion in '86 of Columbia for 100, 200, 400, 800 freestyle, 100 and 200 butterfly, 200 and 400 individual medley... has been South American champion in 200 freestyle and 400 individual medley... an instant "sparkplug" for our team... trained for a year in Portland, Oregon... terrific capacity for work load in practice... very enthusiastic and motivated person... wants to make the NCAA cuts in anything... encourages other team members... physical education major... Medellin, Columbia, South America... freshman

Jill Bumgarner

Diver, Freshman, 5-5, 121, Fairfax, Virginia

An outstanding diver from the Potomac Valley area... won District and Regional High School titles... good takeoffs and height from the boards... has good trampoline work... has an improved three meter list after fall workouts at UK... is a hard worker... will benefit from working with Kim and Julie all year... a potential SEC scorer... work on concentration for each dive will help her in the big meets... Sports medicine... Fairfax, Virginia... freshman

Laura Carroll

Breaststroke, Freshman, 5-4, 118, Haddam, Connecticut

Another Mercersburg Academy swimmer from John Trembley to attend Kentucky... coming off elbow surgery that slowed her for two years... will add greatly to the breaststroke events for the team... quietly devoted to the team just as she was at Mercersburg... has great outlook toward swimming ... can swim butterfly as elbow improves... psychology major... Haddam, Ct ... freshman

UK WOMEN DUAL MEET RECORD

1985-86	6-4
1984-85	5-3
1983-84	5-2

SWIMMERS

Kris Domis
Breaststroke, Sophomore, 5-9, 135, Cincinnati, Ohio

Gained a lot of experience last year as a freshman... best meet was winning 200 breaststroke against Vanderbilt... was Co-Captain of her High School team... has become one of the hardest workers in the weight room... has good stroke mechanics and good practice habits... is an excellent student... Communications major... Turpin High School, Cincinnati, Ohio... sophomore

Bonnie Franklin

Backstroke, Freshman, 5-5, 115, Thornwood, New York

An outstanding backstroke swimmer from John Collins' Badger Swim Club... has swum in the National Junior Olympics... best time in the 200 backstroke is under the UK varsity record... can swim the 100 butterfly event also... weight training program will benefit her... works well in practices... was S.A.T. Commended Student in High School... Thornwood, New York... Journalism major... freshman

Kim Gugino

Diver, Junior, 5-5, 120, Dunkirk, New York

Southeastern Conference scorer... was the Empire Games (New York) champion on one and three meter boards... received the team spirit award from U.K. for the '86 season... has an effervescent personality that brightens even the most difficult workout... goal is Top Six at the SEC... has very good finesse as a diver... three meter work has improved 100% since freshman year... has gained a lot of confidence to attack dives in the big meets... very coachable... Physical Education major... Fredonia High School, Dunkirk, New York... junior

Allison Hicks

Freestyle, Senior, 5-8, 127, Cincinnati, Ohio

Southeastern Conference scorer... won the Coaches' Award for U.K. for the '86 season... transfer from University of Missouri where she was a finalist in the Big Eight Conference in the 50, 100 and 200 freestyle events... always has a smile, even at 7:00 am workouts... consistent and dedicated trainer... Co-Captain on team this year... has a great meet attitude... will swim any event needed for the team... wants to be a scorer this year in the freestyle events... Advertising/journalism major... was a Cincinnati Marlin... Cincinnati, Ohio... senior

SWIMMERS

Julie Jelf

Diver, Junior, 5-0, 116, Nicholasville

Southeastern Conference scorer in diving... a homegrown prospect who has been diving for ten years... is an excellent ballet and modern dancer... a solid, consistent diver who can perform in the pressure meets... excellent twister... has been working on dive entries... has a great attitude toward work... received the Diving Award and the Most Improved Award for UK for the 1986 season... very coachable... Biology major... from the Lexington Diver's team... Nicholasville, Kentucky... junior

Marcie Klayer

Freestyle, Junior, 5-7, 125, Ormand Beach, Florida

Southeastern Conference Scorer... holds the U.K. varsity record for the 500 freestyle and the 200 individual medley... winner of the 100 per cent award for U.K. Team... approaches practice with great intensity... has the ability to prepare herself for the big races... hard worker in the weight room... great competitor... swam with the Daytona Beach YMCA team... Daytona Beach, Florida... junior

Nancy MacMillan

Butterfly, Junior, 5-4, 127, Southfield, Michigan

Southeastern Conference scorer... has held the U.K. varsity record for the 200 butterfly... good worker in practices... has gained needed confidence and race sense during the past two years... could make NCAA cuts this year in one of the butterfly events... needs to work on retaining positive attitude when broken down... is a versatile swimmer in dual meets... Recreation major... Marian High School, Birmingham, Michigan... junior

Lara Martin

Freestyle, Sophomore, 5-8, 143, Bloomington, Illinois

Another of the many Illinois swimmers and divers to find a home at Kentucky... Captain of her High School Team... will swim both distance and backstroke... gained a lot of experience last year... steady, consistent worker in practices... dry sense of humor keeps other swimmers loose... good worker in the weight room... can swim intelligent races... very coachable... Communications major... University High School, Normal, Illinois... sophomore

SWIMMERS

Ginger McNeill

Backstroke, Freshman, 5-9, 127, Sarasota, Florida

Finalist in the National Junior Olympics (sc) in both backstroke events... had a great summer of swimming... can also swim distance freestyle... National Honor Society in High School... Athletic Leadership Award at Bolles School... diligent and conscientious worker in practices... best times are under U.K. varsity records in backstroke...

has "Big Meet" experience... an ambitious swimmer who wants to swim in the NCAA's... Business Major... Sarasota, Florida... freshman

Karlynn Norris

Freestyle, Senior, 5-4, 121, Huntsville, Alabama

Cc-Captain of the Wildcats this year... a versatile swimmer who excels in the longer events... transfer student from the University of Missouri... holds UK varsity record in the 400 individual medley... best race may be the 200 butterfly... coachable... will help the team a lot this year with experience and ability to swim many events... Education major... Huntsville, Alabama... senior

Bartley Pratt

Freestyle, Freshman, 5-7, 130, Huntsville, Alabama

An experienced distance swimmer who will be counted on to immediately score in the 500, 1000 and 1650 freestyle events... has swum in the National Junior Olympics... is adapting to the UK distance program... National Honor Society in High School... has a very good sense of pace... can also swim the individual medley events... a bright, capable student who will get better and better as she learns the UK program... Pre-Med major... Huntsville, Alabama... freshman

Peggy Sheets

Breaststroke,, Freshman, 5-5, 124, Anderson, South Carolina

Will fill needed vacancy in breaststroke events... has swum in four National Junior Olympics... National Honor Society, Class President, and Special Merit Scholar in High School... very good worker who attacks each swim set... has been very close to UK record in the 100 breaststroke... solid student... is serious about improving... very coachable... good worker in the weight room... Recreation major... Anderson, South Carolina... freshman

SWIMMERS

Margaret Sumrall

Freestyle, Freshman, 5-9, 135, Richmond, Virginia

Comes to UK as a natural sprinter in freestyle and butterfly ... swam in the National Junior Olympics... 50 and 100 free times are under UK varsity record... has been swimming only four years... greatest years are definitely ahead of her... could make the NCAA cuts in 100 free and 100 fly ... has great turns and pushoffs... good height for a sprinter... very outstanding worker... from the Briarwood of Richmond Aquatic Club... Business major... Richmond, Virginia... freshman

Caroline Waite

Freestyle, Junior, 5-5, 115, Stuart, Florida

Southeastern Conference scorer... has been a steady performer her first two years at Kentucky... has great concern about the swim team... 50 and 100 freestyle are her best events... good worker in the weight room... has gained confidence in her ability as natural sprinter... is a member of the Kentucky Football Wildcat Hostesses... will swim anywhere in the lineup and give her best... Elementary Education... Martin County High School... Stuart, Florida... junior

SWIMMERS

Steve Adams

Backstroke, Senior, 6-1, 170, Quincy, Illinois

Entering his second year with the Wildcats after transferring from Missouri... has great enthusiasm for the entire program... improved stroke mechanics should make him one of UK's better backstroke swimmers... is rapidly getting into great condition with the U.K. program... trains very hard and encourages the other swimmers...

Political science major... Quincy High School, Quincy, Illinois... senior

Ken Atkinson

Backstroke, Freshman, 6-3, 185, Bettendorf, Iowa

Finalist in the National Y.M.C.A. meet last year... State Champion in 50 and 100 yard freestyle in Iowa... great size and strength... was recruited hard by several other "Top Twenty Schools"... captain of his High School team... outstanding worker in practice... has good stroke mechanics... swam for Rock Island YMCA and Bettendorf High School... Engineering major... Bettendorf, Iowa... freshman

Tony Barnes

Breaststroke, Senior, 6-1, 175, Edgewood

Recipient of the Coaches Award for The 1985 season and the Scholarship Award for the 1986 season... has a great outlook toward swimming ... already has been admitted to the U.K. Medical School for 1987... good size and strength... one of the fastest pullers on the team... needs to get properly "psyched up" for the bigger meets...

helps get the rest of the team fired up during practice... Pre-Medical major... originally from West Virginia with Sun Aquatics... Edgewood, Kentucky... senior

Jamie Bloomfield

Diver, Sophomore, 5-10, 155, Lexington

Transfer from Florida State University... has been diving with the Lexington Divers' Program for several years... strong jumper with good body control... excellent student... has a lot of enthusiasm for the team... good worker on the trampoline... great attitude for improving... Pre-Med major... Bryan Station High School, Lexington, Kentucky... sophomore

Bill Breeze

Breaststroke, Sophomore, 5-11, 180, Florence

Transfer from Eastern Michigan... has life time best times in breaststroke events very near UK varsity records... good size and strength... pushes himself well during practices... has a very good

SWIMMERS

Chris Budvitis

Butterfly, Sophomore, 5-8, 140, Orland Park, Illinois

Southeastern Conference scorer as a freshman... has great feel for the water and can be a great sprinter in fly and freestyle... trained last summer with Mission Bay Swim Team... has an explosive start... good worker in practice... was Captain of his High School team... good worker in the weight room... improved his 200 butterfly time by five seconds last year ... History major... Brother Rice H.S., Chicago, Illinois... sophomore

Jonathan Coopman

Butterfly, Sophomore, 5-10, 170, Largo, Florida

Swam the 100 and 200 butterfly events for the Wildcats last year... gained a lot of experience as a freshman... was a finalist in Illinois High School meet as a senior in high school... was Captain of his High School team for three years... is learning to race people in practice... was number 4 flyer on UK team last year at 51.88... advertising major... swam at Rock Island YMCA and Moline H.S., Illinois... sophomore

swam at Rock Island YMCA and Moline H.S., Illinois... sophomore

Alan Diamond

Diver, Freshman, 5-10, 190, Plainsboro, New Jersey

Was Division champion in New Jersey last year diving for West-Windsor Plainsboro High School... Co-Captain of his State Champion High School ... comes to Kentucky as a walkon to compete in the SEC, passing up other scholarship schools... has good, solid board work... working on a tough list for the 3 meter event... has a sound one meter list... good, enthusiastic worker always with bright spirits... athletic training major... Plainsboro, New Jersey... freshman

Evan Ekman

Butterfly, Senior, 5-10, 155, Louisville

Had a great Southeastern Conference meet in '86 with several life time best times... transferred from Temple University... could be the team's fastest 100 butterfly swimmer... one of the stronger swimmers in the weight room... competes in Triathlons during the summers... more mental concentration during training can make him a top contender for the medley relay ... has already been admitted to U.K.

Medical school for '87... Chemistry major... A true, blue Lakeside Club of Louisville Seahawk... senior

SWIMMERS

Chris Godfrey

Freestyle, Junior, 5-10, 155, Elizabethtown

Southeastern Conference scorer in '86... has improved each year at Kentucky... a very consistent trainer and team leader in the workouts ... had a great summer of '86 winning five Kentucky U.S.S. senior championships ... one of the leaders in the U.K. distance lanes... can swim the 400 individual medley as well as the distance events... swims very intelligent races... received the U.K. Team Spirit award for 1986... Pre-Med major... Elizabethtown H.S., Kentucky... junior

Billy Godfrey

Backstroke, Sophomore, 5-11, 166, Elizabethtown

Has a great competitive attitude... has a natural sprint stroke in backstroke and freestyle... outstanding stroke mechanics... a former Kentucky High School Champion in the 50 freestyle and 100 backstroke... was Captain of Elizabethtown High School team junior and senior years and led team to state championship... works hard in the weight room... can also be a great 200 backstroke swimmer as he learns technique... engineering major... Elizabethtown, Kentucky... sophomore

Jim Hill

Diver, Sophomore, 5-9, 155, Champaign, Illinois

Another in the long list of Illinois divers and swimmers to come to UK... Southeastern Conference scorer last year as a freshman... was Captain of his High School team... very good strength... now has a complete list of dives for college competition... hard worker who wants to improve... gets great heights off the boards... business major... Champaign Centennial High School, Illinois... sophomore

Thomas Kock

Freestyle, Freshman, 6-2, 160, Helsingborg, Sweden

Has been a finalist in the Swedish Nationals... will be a great help in the sprint events this year... very good stroke mechanics... adapting to a much stronger program than he was used to last season... has a good sense of humor and brings this to the swim workouts... will benefit greatly from the weight program... may be able to swim the 200 freestyle for the Wildcats as well as the 50 and 100 freestyles... likes Corvettes ... sports medicine major ... Helsingborg, Sweden... freshman

SWIMMERS

N.K. Martin

Backstroke, Senior, 6-0, 140, Bloomington, Illinois

Southeastern Conference scorer who specializes in the 200 backstroke and the 400 individual medley... member of the varsity record 800 freestyle relay... received the Most Improved Swimmer Award for UK for his sophomore season... one of the Co-Captains this year... our country music expert was 100 percent in practice attendance for the 1985 and 1986 seasons... a quiet, diligent worker who keeps the pressure on everybody during every workout... can be an SEC scorer in three events... has a pet boa constrictor named Peabody... Ag. Econ. major... University High School... Normal, Illinois... senior

Jim McCarthy

Freestyle, Freshman, 5-10, 148, Ormond Beach, Florida

Finalist in the 1986 National YMCA meet in three events... placed third in 1986 Florida High School meet in the 200 freestyle... will swim freestyle events from 200 to 1650... has a good positive attitude and is familiar with swimming in big meets... Captain of his High School team... Holds the Daytona Beach YMCA team record in 200, 500, 1000 and 1650... is an excellent surfer... works hard in the practices and is a very good addition to the UK Distance lanes... business major... Ormond Beach, Florida... freshman

John Miller

Freestyle, Sophomore, 5-8, 154, Columbus, Ohio

Spent most of his first season at Kentucky getting back into condition after being ill his senior year in High School... worked out hard all summer of '86... comes from the ever powerful Upper Arlington, Ohio program... was Captain of his high school team... is becoming a good solid distance swimmer who could be the fastest at Kentucky... favorite set is 20 x 100 I.M.'s... outstanding worker in practices... has profited from video replays of his stroke mechanics... should be a point scorer in the SEC meet this year... business major... Columbus, Ohio... sophomore

Brent Runkle

Butterfly, Senior, 6-1, 165, Findlay, Ohio

A loyal team member who has improved each year... came to UK as a walkon and now enters his senior year on the team... three year letterman... President of the "K Club", varsity athletes on campus... his attitude and enthusiasm make him an important contributor to the Wildcat program... will be pushing the butterflyers all year... had best times last year at the Southeastern Conference meet... math major... Findlay High

SWIMMERS

Jeremy Salmon

Freestyle, Sophomore, 6-4, 167, Creve Coeur, Missouri

Southeastern Conference scorer... was a Junior Olympic finalist in the 100 and 200 freestyle events, also a finalist in the National Sports Festival... fastest 100/200 combination ever to enter U.K.... tall and lean, he has benefited from the weight program... a good workout swimmer who knows how to swim in the big meets... has been working on his stroke during the fall of '86... swam for the Sugar Creek Sports Club and hold the Ozark record for the 200 yard freestyle at 1:40.70... can also swim the 500 freestyle well and often practices in the distance lanes... Business major... Creve Coeur, Missouri... sophomore

Steve Saran

Freestyle, Senior, 180, Ankara, Turkey

Transfer student from Berea College where he held the varsity record for the 50, 100, and 200 freestyle and 100 butterfly events... is gaining the swim conditioning and endurance to be an SEC scorer... one of our tallest swimmers... 100 butterfly may be his best race... a "Brute" in the weight room... holds dual citizenship with USA and Turkey... will be working hard all year to make the sprint relay in the SEC... good soccer player... Mechanical engineering major... Ankara, Turkey... senior

Rick Van Dyke

Freestyle, Senior, 5-10, 160, Brandon, Mississippi

Recipient of the 100% Award at annual UK banquet... one of the steady performers in our distance group... versatility and determination are his greatest qualities... always a hard worker in the practices... has potential to be fastest 200 butterflyer on the team this year... 500 and 1650 are usually his best events... Electrical engineering... swam at Sun Aquatics with Greg Olson in West Virginia before moving to SunKist in Jackson, Miss.... senior

Brian Van Horn

Breaststroke, Freshman, 5-9, 132, Normal, Illinois

Comes to Kentucky as a walkon who was a qualifier in the 1986 National Junior Olympics... surprised everyone by winning the 200 breaststroke event in the fall squad cut time trials... has impressed the coaching staff with his hard work and determination... will benefit from the U.K. weight program a great deal... improvement in his turns will help his short course season... has a great attitude toward the team... swam with the Redbird Swim Club in Bloomington, Illinois... Mechanical engineering... freshman

SWIMMERS

Ed Weckwert

Individual Medley, Freshman, 6-3, 172, Rochester, Michigan

One of the most outstanding recruits to ever attend UK... Won the National YMCA indoor Nationals in the 200 individual medley at 1:54.40 won the National YMCA outdoor nationals in '86 in the 200 and 400 individual medley and the 100 butterfly... has reputation as being a "meet" swimmer... works hard in practice and is very coacheable... has been working hard on his backstroke during the fall... could be the fastest 100 butterfly swimmer on the squad as well as 200 breaststroke, a rare combination... Captain of his High School team... finished 2nd in the Michigan High School meet last year in the 200 individual medley... swam with the Oakland Live Y'ers and Rochester Adams High School... Rochester, Michigan... freshman

Becky Keller, 384.35 (2-28-85)	Three Meter diving (11 dives)	Mark Russell, 530.75 (3-83)

AQUATIC CENTER

The New Aquatic Center at UK

A new aquatic center will open in January of 1988 at the University of Kentucky. This Natatorium will feature a 25 yards wide by 50 meters long swimming pool which will be able to be used for a number of competitive applications as well as for recreation swimming, class work, swim and diving training, handicapped swimming and other aquatic related activities.

The new natatorium will be called the Harry C. Lancaster Aquatic Center, named for the former U.K. Athletic Director (1968-1976) and Assistant Basketball Coach to the famed Adolph Rupp (1946 to 1970).

The swim pool will have a water depth ranging from 6 1/2 feet to 18 feet. The 18 foot depth will allow plenty of diving room from the one meter, three meter and tower dives. Racing lanes can be in any of four positions utilizing across the pool racing or length of pool racing for the 25 yard short course NCAA meets. There will be one bulkhead that will allow for short course racing and use of the diving area at the same time. Long course (50 meter course) racing will have 10 full size lanes.

The University of Kentucky Athletics Department hopes to attract the Southeastern Conference Swim Championships, the NCAA Zone Diving meets, the NCAA Womens' Championship meet, The USS Nationals in both swimming and diving, the National Junior Olympics Meet, as well as the Kentucky State High School Meet in the future.

When utilizing the 25 yard width of the pool, there will be a maximum of 21 lanes available. When utilizing the 25 yard width of the pool and using the diving boards, there will be 18 lanes available for practicing and meets. The gutter design is a raised deck type gutter with very large overflow which should make for a very "fast" pool. The Natatorium will have built in wiring for both long course and short course automatic timing.

There will be two one meter diving boards and two three meter diving boards available as well as a tower dive. In addition, there will be an area for a complete trampoline with spotting rig for use by the divers.

The Natatorium will also have a large weight room for the use of the swimming and diving teams equipped with Nautilus as well as free weights. In the adjacent Seaton Building are physiology of exercise labs which will be utilized

ABOUT UK

every county in Kentucky and 48 other states and the District of Columbia and 78 foreign countries.

Approximately 5400 students live in UK's resident halls with another 1,156 students in UK's 25 fraternities or sororities.

Alumni

The University has approximately 70,000 alumni around the world with more than 22,500 of them paid members of UK's Alumni Association. There are 65 alumni clubs across the nation, with 34 of them in Kentucky and 31 outside the state from California to New York.

Community Colleges

The Lexington campus also is headquarters for UK's Community College System. UK has 13 of these two-year colleges across the state with a current enrollment of 20,700 students.

Medical Center

UK's Albert B. Chandler Medical College has a wide range of programs in education and research. The five colleges—Medicine, Dentistry, Nursing, Pharmacy, and Allied Health Professions—have more than 2,000 students pursuing bachelor, master's and doctoral degrees in health-related fields.

The Medical Center also has a 470-bed University Hospital as part of its teaching and service programs.

The University of Kentucky 716-acre campus is located south of downtown Lexington, Ky., which has a population of approximately one-quarter million people. There are approximately 200 buildings and other structures, walks, malls, gardens, playing fields, recreation space and parking areas on campus.

Academic Program

The University has 17 academic colleges: Arts and Sciences... Agriculture... Engineering... Business and Economics... Education... Home Economics... Library Science... Social Work... Architecture... Communications... Fine Arts... Law... Medicine...Dentistry... Nursing... Allied Health Professions... Pharmacy.

Research

The University Library system contains approximately 1.7 million volumes and ranks 13th in the nation in microform holdings.

Among the major areas of research at the University are energy, engineering, medical (especially cancer research on the aging) and agriculture (especially in tobacco and equine).

Faculty

UK's faculty numbers 1,430 on the Lexington campus. Including a graduate family of approximately 950.

Student Body

CATS

CENTER for ACADEMIC & TUTORIAL SERVICES

WHAT IS CATS?

CATS is specifically the Center for Academic and Tutorial Services. It is a multipurpose academic facility. We are proud to be the first university in the nation to open an academic center for student-athletes. We, like all other universities, tell parents and recruits that the student-athlete's education is of utmost importance. The difference is that at the University of Kentucky we have made a sincere effort to provide the best possible educational environment, one that is conducive to academic success.

CATS provides our student-athletes with many advantages over the student-athletes at other universities. Examine the list below:

1. ADVISING — It is not unusual for freshman student-athletes to be confused about courses, campus, or any number of academic procedures. In addition to our study center, the CATS facility houses the office of the Assistant Affairs, a full-time assistant, a Reading Coordinator and four Academic Graduate Assistants (AGAs). These trained staff members are there for one purpose — to help the student-athlete mature academically. Our goal is to help student-athletes be successful out of the arena of athletic competition.

2. STUDY SKILLS — CATS provides us with an area where we can conduct organized weekly study skills classes. Many schools give their student-athletes a crash course in study skills. This is not enough. We have a Freshman Orientation Handbook and Study Skills workbook that each freshman student-athlete receives. The student-athletes attend organized classes in CATS, where they learn to utilize proven classroom study skills and university resources.

3. STUDY HALL — Most major colleges have required study hall for their freshmen student-athletes. These study halls are almost always in the evening after practice and are held in a campus facility borrowed by the Athletics Association. This is probably the time period least conducive to study or meeting with tutors.

NOT AT KENTUCKY!

The CATS facility not only provides us with our own large area for quiet study but is also equipped with tutoring and small group rooms. Our center was specifically designed to meet the study needs of student-athletes.

The CATS Center is open all day and until 10:00 each night. This means that student-athletes at Kentucky are not restricted to attending required study hall virtually any time of day. Research has shown that the best time to study is immediately after class. Our center provides the student-athletes the opportunity to study at that time. This is definitely a CATS advantage.

4. TUTORING — We have tutors available for any subject. Our tutors come from the

CATS

more than we need, we develop a core list of those most effective with our students. This core group works closely with us and thus we are able to monitor the progress of the student-athletes more closely. CATS Provides the proper atmosphere for tutoring. Sound proof rooms are available where the student and the tutor can meet. They don't have to worry about being bothered by others or bothering others while discussing important concepts. Our system is most conducive to learning.

5. READING COMPONENT — The reading program at CATS is designed to meet the needs of all student-athletes. Upon entering the University each student-athlete is given a reading test that measures that individual's strengths and weaknesses. Based upon the results, a student-athlete may be encouraged to participate in the reading program, which provides both individual and small-group tutoring in a variety of areas such as reading improvement and advanced vocabulary development. It is the goal of the reading program to provide student-athletes with tools necessary to become more effective readers and studiers.

WHY CATS?

All major colleges spend a lot of time, effort and **money** recruiting student-athletes. All coaches and athletics administrations express concern for the recruit's education. Most schools use athletic funds freely to build better athletic facilities to attract better athletes. The problem is that those same schools would find it unbearable to spend those same large sums on an academic facility. Our philosophy at the University of Kentucky is that colleges should be willing to provide funds not only to recruit the athletes and develop their physical talents, but also to afford the student-athlete every opportunity to succeed academically.
