## THE WILDCATS' DEN

The indoor home of the Kentucky Wildcats tennis team is the Hilary J. Boone Indoor Tennis Center.

And when the Bluegrass weather is cooperative, the Wildcats do battle at the Dr. H.H. Downing Outdoor Tennis Complex.

The Indoor Center opened in January, 1986, and is a gift from former UK team captain Hilary Boone ('39). A new addition to the center includes a tennis Hall-of-Fame center.

The concrete exterior was made possible by a \$105,000 grant from the Humana Foundation.

"We hope the concrete exterior promotes the

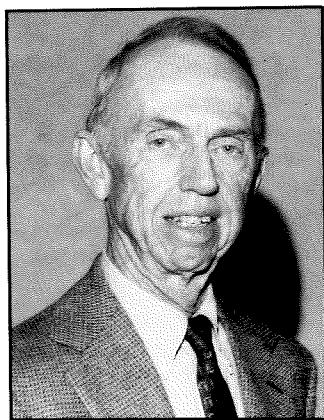

idea that winning tennis is here to stay at Kentucky," said Wildcats head coach Dennis Emery.

The center is equipped with four courts, an equipment room and bleachers that seat 1,500 people.

"This center is exactly what we needed to compete on the national level. Not only are our teams able to train as we want, but the building allows us to play night matches and attract crowds...something we couldn't do in the past. Thanks to Mr. Boone, our entire tennis program will excel."

The Cats' outdoor facility was named after the "father" of Kentucky tennis, Dr. Downing, who coached the UK team for 29 years, 1922-46 and 1952-57. He coached longer than any other UK coach, with the exception of basketball's Adolph Rupp. Downing's record was 166-104-5 for a winning percentage of 61.3 percent.

The Complex features 18 courts (with varsity courts included) as well as seating for over 1,000 spectators.

## 1989 Men's Tennis Outlook

The 1989 spring tennis season promises to be one of the most exciting ever as the UK men's team returns seven of its top eight players while adding three of the nation's top recruits.

Gone from the 1988 Wildcats' sixth-ranked team is four-time All-American Greg Van Emburgh, who was named to the U.S. National Team in May and has since turned toward the professional ranks. Replacing Van Emburgh is no easy task, but seventh-year head coach Dennis Emery feels his early homework has paid off in bringing in top prepsters John Yancey, Andy Potter and Scott Hulse.

"Our recruiting reflects the Wildcats' effort to reach the elite in collegiate tennis, a position we hope to hold with this recruiting effort," said Emery.

The backbone of UK's NCAA quarterfinalist squad returns with All-Americans Mario Rincon (No. 2 in 1988), and Rich Benson (No. 3 in 1988). Junior Adam Malik adds a big serve and volley game for the Wildcats as the SEC Indoor Champion remains a

constant threat indoors. Sophomores Ian Skidmore and Sammy Stinnett will add depth in the middle of the Cats' singles lineup.

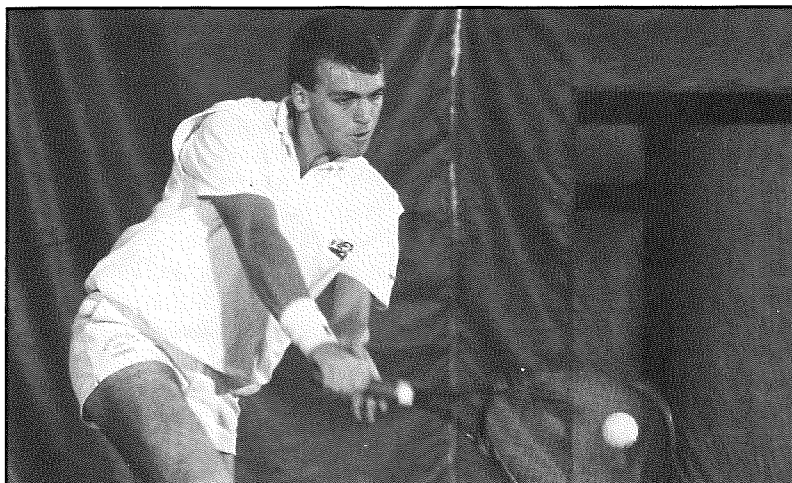

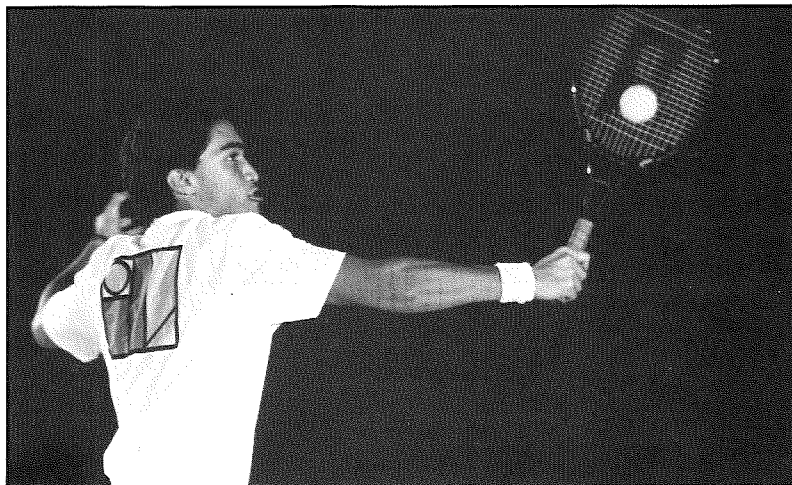

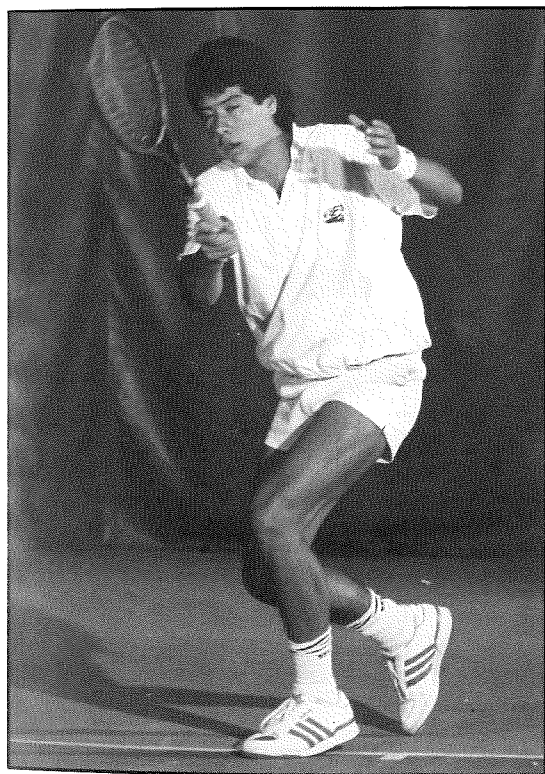

The squad will depend heavily on the freshman crop to determine its placement among the nation's elite.

Yancey is the best known of the trio, having made the U.S. National squad last summer. Being one of the nation's top five recruits, Yancey should become an impact player as a freshman.

"John will be a tremendous asset to our squad, as will Andy Potter and Scott Hulse," said Emery. "They should really add depth to our lineup."

Potter, ranked No. 1 in the Intermountain Region the last two years, possesses a strong serve and volley game. Like Yancey, he will see plenty of action, particularly indoors.

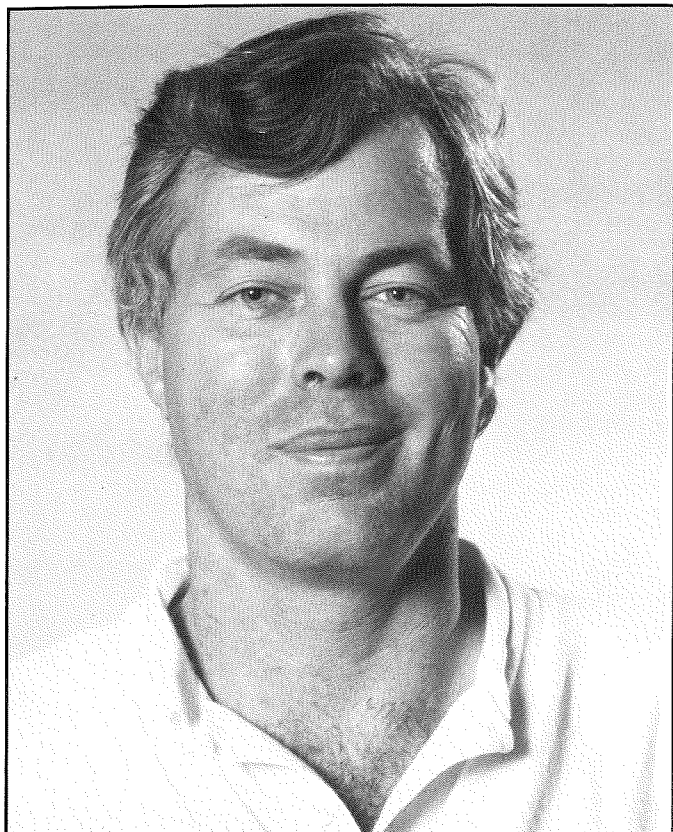

Hulse was the nation's No. 41 singles player in the junior ranks and should also press for a spot in the top six.

The Wildcats will depend heavily on their seniors in 1989. (Clockwise) Mario Rincon, Willy Laban, and Rich Benson.

## DENNIS EMERY WILDCAT HEAD COACH

Entering his seventh year at UK, Dennis Emery has become one of the nation's most respected college coaches.

In six years at Kentucky, he has twice led the Wildcats to the NCAA Championships, reaching the quarterfinals in 1988. His team also won the 1984 NIT Championship and reached the finals of the NIT in 1983.

"I've had very good material to work with at UK, and with good material, the success comes quicker," said Emery. "We had a very good season last year but we didn't achieve our goal to win the championship," said the enthusiastic coach. "We are striving to win it all this year and I feel we have the talent to do just that."

Emery guided the Wildcats to a 14-4 SEC record over the last two years, including a second-place finish in the dual match, round-robin play in 1988.

"We had a good chance to win the SEC last season and didn't do it," said Emery. "If we play up to our potential this year and get consistent play from Adam Malik and our incoming freshmen, we can become SEC champs."

After a successful college career at Carson-Newman College, where he was All-American Honorable Mention, Emery began his coaching career under the legendary Australian coach Harry Hopman. After five months under Hopman's tutelage, Emery was named the head coach at Austin Peay State University in Clarksville, Tenn. Emery was at AP-SU for five years, 1977-82, where in his final team was ranked No. 31 in the nation.

At UK, Emery serves not only as the men's head coach, but is also the Director of Tennis for both the men's and women's programs. He has seen five athletes named to the NCAA All-American team for a total of 14 times.

"Both the men's and women's teams have come a long way here and their success should continue," said Emery. "John Dinneen's experience on various levels of tennis will definitely be a plus for our women's program."

Emery is active in many phases of collegiate tennis. He has served for the last four years as the tournament director for the National Indoor Team Championship which is held each February in Louisville, Ky. He also served from 1985-1987 as chairman of the NCAA Region 3 Tennis Committee after having been a member of the Committee for three seasons.

In 1983, Emery served as a coach for the USTA National Junior Davis Cup Team, which has produced several players currently in the professional ranks, including Ricky Leach, Lawson Duncan, Tim Pawsot, Dan Goldie, Jonathan Canter and Mike Kures.

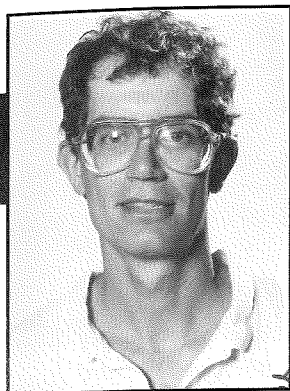

In addition, Emery serves as camp director for the highly successful Wildcat Tennis Camps held each summer on UK's campus.

## WILDCAT ASSISTANT COACHES

**DON  
CARBONE**

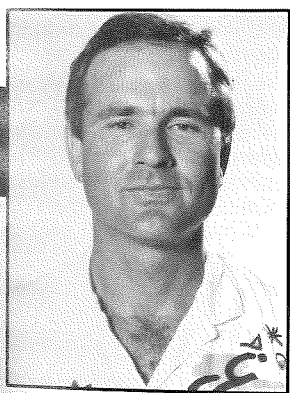

**Assistant  
Coach**

Don Carbone starts his seventh season as an assistant coach at Kentucky.

Carbone played college tennis under Emery at Austin Peay. After completing his college career, Carbone was the head pro at the Shrewsbury Tennis Club in Massachusetts. After leaving Shrewsbury, he joined Emery at Kentucky, where he also completed his degree requirements.

During the summer, Carbone works as head pro at the Danville Country Club.

He is married to the former Linda Koch of Clarksville, Tennessee.

**GERRY  
BERKHEIMER**

**Assistant  
Coach**

Gerry Berkheimer begins his second year as an assistant coach with the Wildcats.

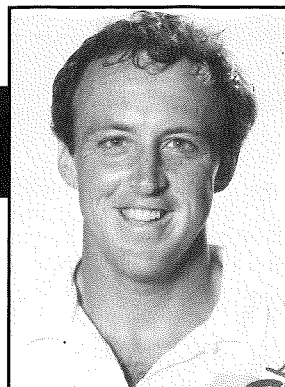

Last year he played a large part in the success of All-American Greg Van Emburgh and junior Adam Malik through his one-on-one instructional workouts. Berkheimer is noted for his contributions to players' shot selection and service returns.

Berkheimer played his collegiate tennis with Emery at Carson-Newman, where he played No. 1 singles and doubles and earned All-American honors as a senior. After graduation, he held several teaching jobs in tennis,

including the head professional position at the Veranda in Bradenton, Fla. He has also served as camp director at Camp Vega in Maine.

A great player, Berkheimer won the Kentucky State Indoor in the Open division in April 1988.

Berkheimer is 33 years old and single.

**MIKE  
BENSON**

**Assistant  
Coach**

Mike Benson begins his third year as an assistant for the University of Kentucky men's tennis team.

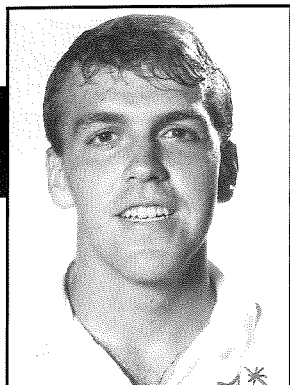

A graduate of Brown University, Benson is a native of Ogden, Utah, and is the brother of UK player Rich Benson. He was the captain of the 1978 National High School championship team.

Before joining the Kentucky coaching staff, Benson toured on the Satellite Circuit and was successful in doubles competition, with victories in the Mexico City and Bulgarian tournaments.

## 1988-1989 Women's Tennis Outlook

With the return of All-American Sonia Hahn and All-SEC performers Chris Karges and Caroline Knudten, the Lady Kats tennis team looks for experience and youth to blend into a championship caliber squad.

First-year head coach John Dinneen looks for his newcoming crop to blend with an already explosive group of veterans to leap into national contention for the 1989 NCAA Championship as well as the Southeastern Conference title. With teams such as perennial power Florida and highly ranked Georgia, the SEC title alone would be quite an accomplishment.

"The SEC is one of the top tennis conferences in the nation," said Dinneen. "We set our goals on winning the national championship, but we under-

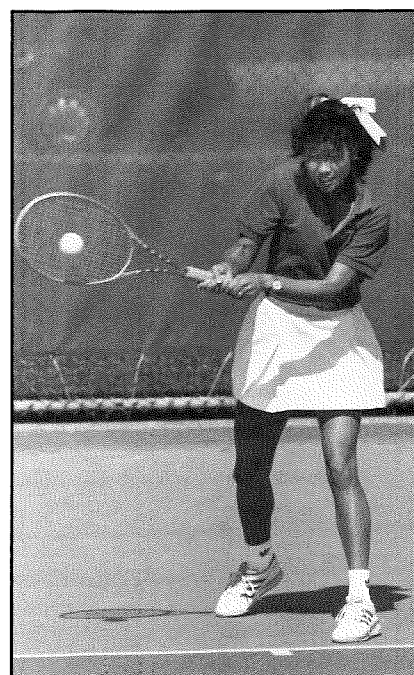

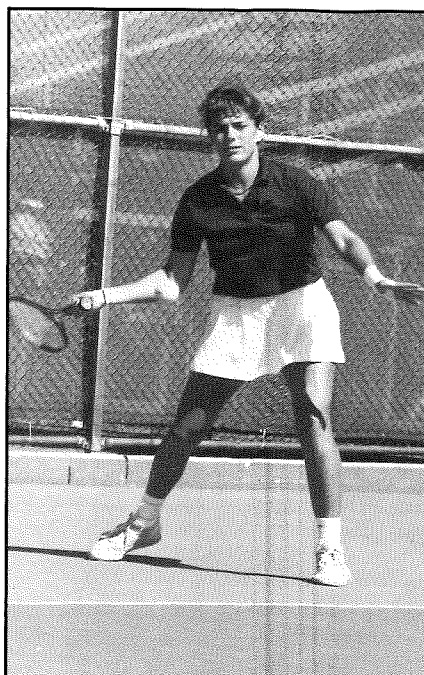

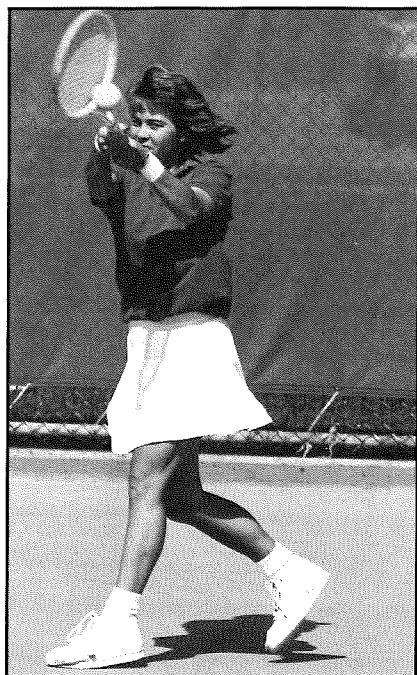

stand winning the conference would be a major achievement."

The newcomers Dinneen brings to Lexington include two-time junior college champ Lene Holm Larsen, along with the top two ranked junior players in Canada, Jane Yates and Antoinette Grech.

"Our recruiting effort is aimed at maintaining a quality program," said Dinneen. "We had a super year last season and we want to build on our progress that we've established.

"We have good talent. It will just take time to mold it into a winning combination."

Barring any unforeseen injuries, the Lady Kats squad should be one of the best teams ever assembled in the Bluegrass.

The Lady Kats will depend on the three seniors, (L-R) Chris Karges, Caroline Knudten, and Sonia Hahn.

## JOHN DINNEEN WOMENS HEAD COACH Harvard, 1983

One of the top young coaches in collegiate tennis, John Dinneen has proven to be a success throughout his tennis career, and is continuing that trend with the Lady Kats tennis team.

Last year, Dinneen helped to lead the women to a No. 6 national ranking, their highest ever. With this year's squad ranked eighth nationally in the preseason poll, Dinneen is confident that the Lady Kats can remain one of the top powers in the country.

"With three newcomers, this year's squad has a different makeup than last season's experienced team," said Dinneen. "However, this squad has the potential to be more explosive than last year's."

Before arriving at Kentucky, Dinneen, 27, served as an assistant at California-Berkeley from 1986-87 and at Harvard, his alma mater, from 1983-86.

At California, the Bears experienced their finest season ever with Dinneen, winning the Pacific 10 Championship, defeating national power Stanford

twice, and finishing in the top four of the final ITCA poll.

At Harvard, the Crimson were Ivy League Champs, finished No. 1 in the East, and had a season-ending top 20 rating during Dinneen's tenure. Harvard also participated in the NCAA tournament, a feat it had not previously accomplished.

Dinneen, a New Jersey native, was appointed to the USTA coaching staff for the 1988 National Team, making him one of a select group of coaches responsible for the development of top U.S. amateur women tennis players.

"This monumental undertaking by the USTA is an attempt to bring American tennis back to its elite status that it once so proudly held," Dinneen said.

Dinneen has also worked with both the U.S. Junior Federation Cup and Junior Wightman Cup teams, formerly the top two programs for amateur players in the U.S.

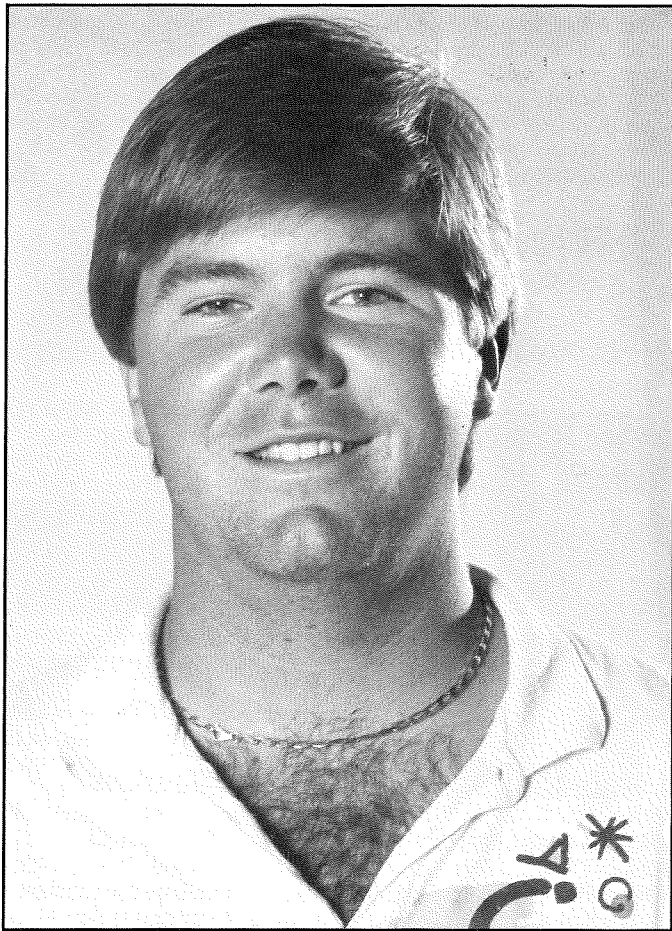

Dinneen, one of six children, was captain his senior year at Harvard and was named MVP of the Ivy League.

## WOMEN'S ASSISTANT COACHES

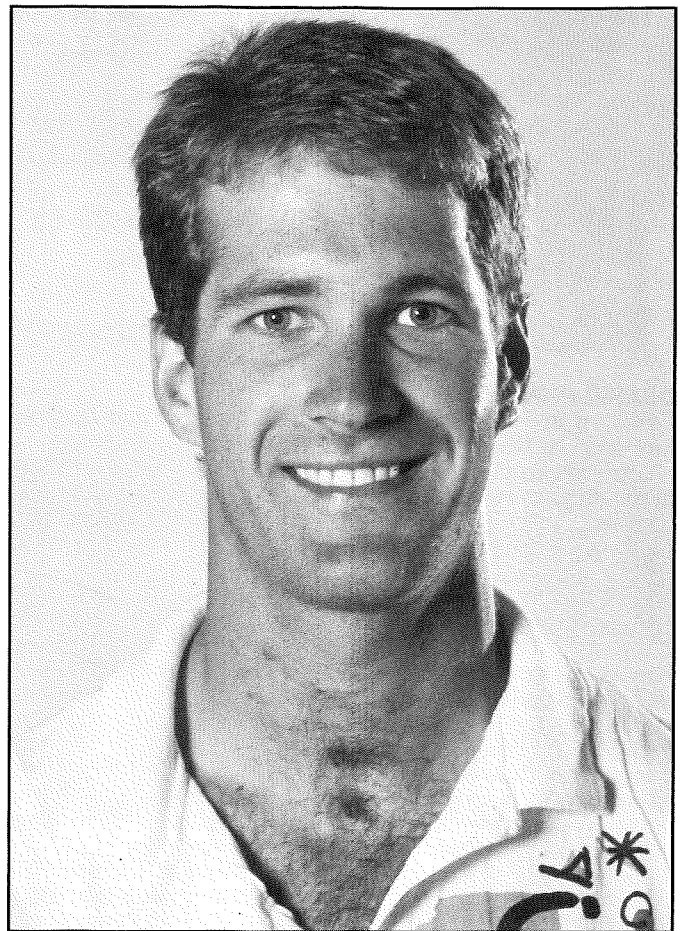

**SCOTT PATRICK**  
Assistant Coach  
Eastern Kentucky, 1988

Scott Patrick begins his first season with the University of Kentucky Lady Kats tennis team.

Patrick, 22, is a 1988 graduate of Eastern Kentucky University and lettered on the Colonel tennis team four times. Patrick was most successful in No. 1 doubles, winning the conference championship once during his ECU career.

The Menlo Park, Calif., native is looking forward to the coming year. "I am excited about my first year and I know I can make positive contributions to the team," he said.

Scott's older brother, Mike, was the head coach of the Lady Kats tennis team from 1982-85.

**KEL LANGE**  
Assistant Coach

Kel Lange enters his second season with the Lady Kat tennis team and looks forward to the challenge the 1989 season will bring.

"This Lady Kat team is completely different from last years," said Lange, 24, "The new faces and different personalities will have to be molded together in order for our team to be successful."

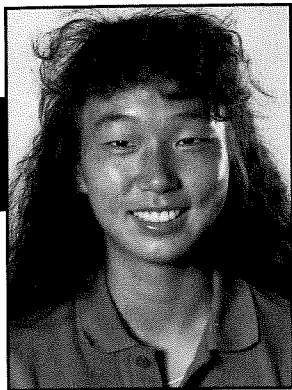

Lange, a Lexington native, focuses a great deal on the mental aspect of the game with each player, both on and off the court.

He is also a featured instructor with Premier Players Made In The USA, a select group of coaches who tour the U.S. giving tennis seminars.

"I enjoy coaching more so than playing because I get so much more satisfaction from seeing players develop and grow into their potential," commented Lange.

Lange attended Alabama before transferring in 1986 to Kentucky.

## THE UNIVERSITY OF KENTUCKY A TRADITION OF VALUE

From its modest beginnings in 1865, when it was known as State College, the University of Kentucky has grown into one of the nation's most outstanding institutions of higher learning.

The wealth of opportunities that await students at UK is hard to beat. As a comprehensive land-grant university, UK offers an educational experience that cannot be matched anywhere in the Commonwealth and is virtually unmatched nationally.

At Kentucky, there is a tradition of value.

### **UK EDUCATES ONE-THIRD OF THE COLLEGE STUDENTS IN KENTUCKY**

Enrollment on the University's campus in Lexington is more than 22,000, while about 30,000 attend UK's 14 community colleges throughout the Commonwealth. That represents one-third of all students attending public or private colleges, business schools and universities in the state.

### **INCOMING FRESHMEN ARE BEST IN THE STATE**

Average entrance exam scores for UK freshmen are 22+ on the ACT, higher than those for any public university in the state and about three points higher than the national average. The result is a better quality student body each year.

### **APPLICATIONS TO ATTEND UK INCREASE**

The number of students wanting to attend UK increases each year with applications for admission this fall well above the 10,000 mark.

### **ACADEMIC SCHOLARSHIP PROGRAM IS GROWING**

The University's academic scholarship program—scholarships awarded on merit alone—has grown from \$70,000 a year in 1983 to over \$1 million in 1988.

### **UK HAS REACHED THE TOP CATEGORY**

**OF RESEARCH UNIVERSITIES** The Carnegie Foundation for the Advancement of Teaching classified UK as a "Research University of the First Class," the only such institution in Kentucky and one of only 45 in the U.S.

### **UK HAS ENTERED THE WORLD OF SUPER-COMPUTERS**

The University is now one of only a small number of universities in the nation to acquire a "supercomputer." UK IBM 300E, with three "vectors," will attract not only more research funding and grants, but it also will be made available to undergraduate students, a rarity at any university.

### **UK HAS SOME OF THE BEST FACULTY IN THE NATION**

Some examples: ROBERT SHEPHERD, plant pathology, was elected to the

*UK's Memorial Hall is a highly recognizable campus landmark.*

National Academy of Sciences, the only Kentucky resident ever to receive that prestigious honor.

ANTHONY DEMARIA is president of the American College of Cardiology.

DAVID KAO, civil engineering, was named one of the nation's Top 100 researchers by Science Digest Magazine.

VIRGIL HAYES, animal sciences, is president-elect of the Council for Agricultural Science and Technology in the U.S.

PEGGY MESZAROS, dean of the College of Home Economics, is national president of Kappa Omicron Phi, a home economics honorary society.

GUY DAVENPORT, an English professor who is a Rhodes Scholar, is internationally known in his field.

R. DAVID COBB, Pharmacy, is chairman-elect of the board of trustees of the American Pharmaceutical Association.

### **THE FACULTY AT UK ARE AN IMPORTANT**

**STATE "INDUSTRY"** UK faculty brought to the University and the state last year more than \$50 million in research grants and sponsored programs—a valuable resource to the economic development of the Commonwealth. UK ranks among the Top 100

research universities in federal research funding, the only one so ranked in the state.

### **UK HAS SOME OF THE MOST OUTSTANDING PROGRAMS IN THE NATION**

The sociology department received the American Sociological Association's award for teaching—the first time given to a department.

The College of Communications ranked among the Top 10 programs in the country based on papers presented at the International Communications Association convention.

The Gaines Center for the Humanities is unique among undergraduate programs and facilities found in public universities in the nation.

University cancer research and treatment programs have been enhanced by two new modern facilities.

The equine research program, for a long time a hallmark at UK, has one of the top research facilities in the world, the new Maxwell Gluck Equine Research Center.

The Patterson School of Diplomacy and International Commerce is the only graduate program of its kind in the South.

More than 40,000 people

annually enjoy music, theater and art programs of the College of Fine Arts.

The award-winning Community College System of 14 colleges across the state offer technical and transfer programs to over 30,000 Kentuckians annually.

### **UK HAS AN IMPRESSIVE LIST OF ALUMNI**

Included in the University's long list of more than 100,000 alumni are seven governors, two Nobel Prize winners, an astronaut, and several chief executive officers of national corporations.

*Rich in beauty and tradition, Lexington is the cultural, educational and industrial hub for thousands of Kentuckians.*

## Lexington—One Beauty of a City

This is a place where the past and present meet and mesh gracefully.

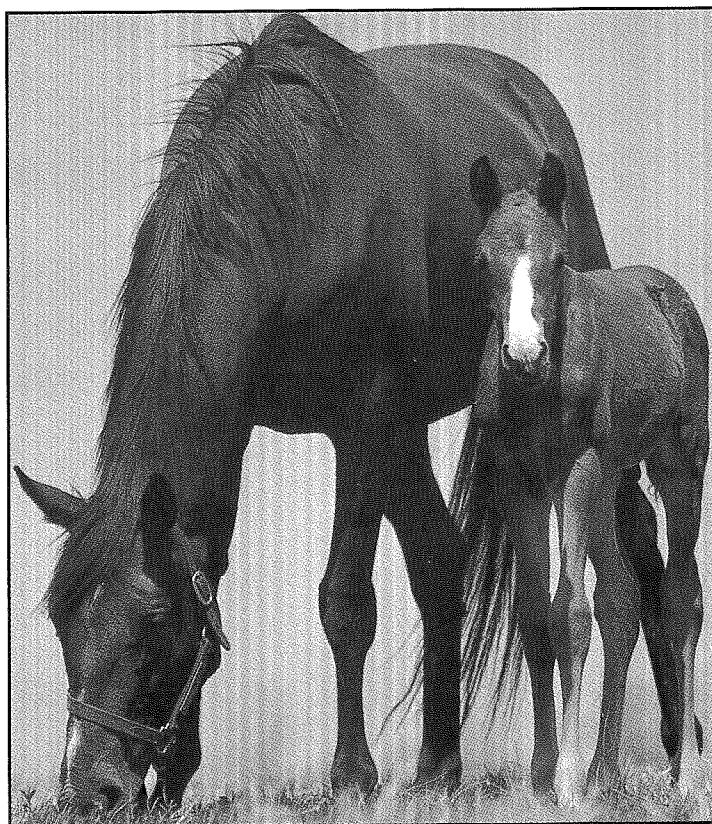

Where downtown skyscrapers overlook thousands of acres of lush pastures, home to Kentucky's most famous resident—the horse.

This is Lexington, home of the University of Kentucky.

Lexington is one beauty of a city. John O. Simonds, a nationally-known landscape architect and the author of several books on land use, calls the Bluegrass area a "national treasure. The Bluegrass area is superlative countryside." Lexington is the heart of the Bluegrass, the metropolitan shopping, commercial and entertainment hub of eastern Kentucky.

With a population of around 225,000, Lexington is small enough to provide the perfect college atmosphere for the University of Kentucky. But it is also large enough to offer the cultural opportunities usually reserved for larger cities. Lexingtonians enjoy a vibrant downtown nightlife, a symphony orchestra and several museums. A recent statewide poll indicated that the Lexington area is the most popular place to live, work and play in Kentucky, and it's an area most residents would not seriously consider leaving.

## JOE BURCH ACTING DIRECTOR OF ATHLETICS

Joseph T. Burch, the Acting Director of Athletics at the University of Kentucky, has been with the University for more than two decades in student affairs and as an administrator. While he was still a student himself at UK in 1962, he began an impressive career that has introduced him to a kaleidoscope experiences and numerous phases of University operations.

Burch's current assignment as Acting Athletics Director began on Nov. 15, 1988 following the resignation of long-time Athletics Director Cliff Hagan. At the time of his appointment, Burch was Deputy General Counsel in the University's legal office, and was a UK representative in the investigation of alleged NCAA violations.

After receiving a degree in economics in 1962, Burch began his career at UK as

Director of Men's Residence Halls. He earned his law degree from UK in 1966. Since then, the Covington native has served in a number of capacities involving student affairs, including Assistant Dean of Men, Assistant to the Vice President for Student Affairs, and, finally, Dean of Students, a position he held from 1974 until 1986. He has also held the title of acting vice chancellor student affairs.

Burch has performed a number of special assignments for the President of the University, including Acting Associate Director for Administration of the UK Tobacco and Health Research Institute.

The 50-year-old Burch has two children and is married to the former Susan Lammi of St. Louis.

## DR. DAVID ROSELLE PRESIDENT

Dr. David P. Roselle became the ninth president of the University of Kentucky on July 1, 1987.

In his first year as president he quickly became acquainted with the University's alumni and friends, and thousands of Kentuckians, by traveling the state extensively. He has met with hundreds of clubs and organizations from one end of the Commonwealth to the other.

On campus, he meets frequently with faculty and staff groups, and shortly after assuming the presidency announced a new program of free tuition for University employees.

Dr. Roselle came to UK from Virginia Tech in Blacksburg, Va., where he served for four years as provost, the No. 2 administrative position there.

He had a reputation as an innovator at Virginia Tech and has shown the same innovative style at UK.

He has been one of the main participants in the University's efforts to attract adequate public funding of the University, and his leadership was recognized by a top national award from the Council for the Advancement and Support of Education.

Dr. Roselle believes that the new technology in computation and communications is important not only to academia, but also to business, government, and industry. Consistent with that belief, he helped design and implement a strategy at UK to provide wider access to the new technology. As a result, computing and communications are increasingly an important part in the management of the University, in the academic programs, and in the service programs that support all the citizens of the Commonwealth.

Thanks to Dr. Roselle's efforts, UK is one of a small number of universities in the country to have a "supercomputer" operating for the benefit of faculty researchers and students.

Dr. Roselle's announced goal is to make the University of Kentucky recognized nationally for the quality of its scholarship, research, and graduates.

A native of Pennsylvania, Dr. Roselle earned a Ph.D. in mathematics from Duke University. He was a mathematics professor and researcher at the University of Maryland and Louisiana State University before going to Virginia Tech, where he moved up through the administrative ranks.

He is a nationally-known mathematics scholar and editor of two books, and was on the editorial board of a third.

He and his wife, Louise, have two children—a son, Arthur, 17, and a daughter Cynthia, 16. The Roselles live at the traditional home of UK presidents on the UK campus, Maxwell Place.

## UKAA ADMINISTRATIVE STAFF

**Larry Ivy**  
Assistant Director of  
Athletics/Finance

Larry Ivy is in his 12th year with the University of Kentucky Athletics Association as Assistant Athletics Director for Finance.

Ivy, a native of Huntsville, Ala., joined the UKAA staff in 1976. He assists the athletics director in all areas of the overall Association's administration, with primary interest in management of the business operations.

Aside from his above duties, Ivy serves as game manager of all UK home basketball games. He has also served as tournament manager for the 1985 NCAA Final Four, the 1982 Southeastern Conference Basketball Tournament, and three NCAA Mideast Regionals (1977, 1980, 1984).

Ivy has also served in the capacity of assistant tournament coordinator and ticket chairman for the SEC Basketball Tournament the last six years.

Ivy graduated from Huntsville High School in 1961. He earned his undergraduate (1967) degree and MBA (1968) from the University of Alabama.

He came to the University of Kentucky in 1969 as director of housing before joining the UKAA staff.

Ivy is the son of Mr. and Mrs. Jack F. Ivy of Huntsville. He has one daughter, Kim, 18.

**Bob Bradley**  
Assistant Director of  
Athletics/NCAA-SEC  
Compliance and  
Academic Affairs

Bob Bradley is in his 11th year with the University of Kentucky Athletics Association, coming aboard in 1977.

Bradley, a native of Hornell, N.Y., was named Assistant Director of Athletics / NCAA-SEC Compliance and Academic Affairs on July 1, 1988. His primary duties include assisting the athletics director in NCAA and Southeastern Conference compliance matters and overseeing the CATS (Center for Academic and Tutorial Services) program.

He attended and graduated from Hornell (N.Y.) High School and earned his undergraduate degree at Salem College in 1971. Bradley then earned his master's

degree in 1972 from the University of Kentucky in educational psychology and counseling.

Prior to joining the UKAA staff, Bradley served as coordinator of career counseling and director of financial aid for the Lexington Technical Institute.

Bradley is the son of Delores Bradley and the late Charles Bradley of Hornell, N.Y. He is single.

**Gene DeFilippo**  
Assistant Director of  
Athletics/Marketing,  
Promotions and  
Fundraising  
Academic Affairs

Gene DeFilippo is in his second year with the University of Kentucky Athletics Association.

DeFilippo, a native of Florence, Mass., was named Assistant Director of Athletics for Marketing, Promotions and Fundraising in January, 1987. His main responsibilities include handling all marketing and promotional matters concerning UK athletics and fundraising as the director of the Blue-White Fund.

He earned his undergraduate degree and graduated with cum laude honors from Springfield College in 1973. The following year, DeFilippo served as a graduate assistant football coach at Tennessee and earned his master's degree in educational administration (1974).

DeFilippo served as football offensive coordinator from 1975-79 for Youngstown (Ohio) State, then was an assistant coach at Vanderbilt the next three years. He moved from coaching to administrative assistant at Vanderbilt under athletics director Roy Kramer. After two years, DeFilippo was named the director of athletics at the University of South Carolina at Spartanburg. DeFilippo attended Northampton High School and Williston Academy.

He and his wife, Anne, have three children—Christine, John and Mary.

**Kathy DeBoer**  
Assistant  
Athletics Director/  
Women's Sports

Kathy DeBoer is in her third year as Acting Assistant Athletics Director for Women's

programs at the University of Kentucky.

DeBoer, who also doubles as the women's volleyball coach, received the 1987 Tachikara National Coach of the Year award in guiding the Wildcats to a 31-2 record and a Southeastern Conference championship. In DeBoer's four years at Kentucky, she has captured two SEC championships and compiled a record of 89-45.

Before coming to Kentucky, DeBoer spent four seasons as volleyball coach at Ferris State College in Big Rapids, Mich., winning two Great Lakes Conference championships.

DeBoer received her Bachelor's degree from Michigan State in 1978, and is currently finishing her Master's degree in Business Administration at Kentucky.

**Russell Rice**  
Assistant  
to the Athletics  
Director

Russell Rice is in his 21st year with the University of Kentucky Athletics Association.

Rice, a native of Paintsville, was named Assistant to the Athletics Director in June 1987 after serving 18 years as sports information director. His primary duties include special projects and research.

He came in to UK in 1967 as assistant sports information director after 16 years in the newspaper field with the Whitesburg Mountain Eagle, the Hazard Herald and the Lexington Leader. Rice was sports editor at the Lexington Leader for five years. He was named sports information director at UK in 1969. After graduation from Van Lear High School, he was involved in overseas service with the Marines in WWII. Rice later attended Kentucky Wesleyan College and eventually earned his undergraduate degree at the University of Kentucky in 1951.

He has authored four books on Kentucky basketball and football: "The Wildcats" (Kentucky Football), "The Big Blue Machine (Kentucky Basketball)", Joe B. Hall: My Own Kentucky Home", and "The Wildcat Legacy" (Pictorial History of Kentucky Basketball).

Rice is married to the former Doris Marie Thacker of Knott County. They have four children — Mrs. Don Gardiner of Louisville, Mrs. Mike Covington of Georgetown, Russell James of Salisbury, Md., and Kim of Lexington.

## THE BLUE AND WHITE FUND

Originated in 1973 by athletics director Cliff Hagan, the Blue and White Fund's main purpose is to provide financial assistance to the UK athletics program.

Today, producing and maintaining a quality athletics program is a never-ending process. And for that reason, the University of Kentucky Athletics Association is renewing its efforts to raise the funds necessary to be competitive on the national level in every sport.

Assistant Athletics Director Gene DeFilippo Administers the Blue and White Fund.

The major purpose of the Blue and White Fund is to provide scholarships for UK's student-athletes. Last year, 315 student-athletes received grants-in-aid from the University of Kentucky which allowed them to continue their education.

The Fund also helps underwrite costs associated with the nationally-recognized Center for Academic and Tutorial Services (CATS) located in Memorial Coliseum. In addition, the Fund provides dollars necessary to upgrade the entire athletic physical plant and to plan for the future projects.

Some of the future projects for which the Blue and White Fund would assist include expansion of Commonwealth Stadium from 57,800 to 72,000, the

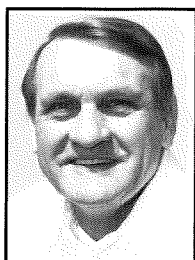

construction of an indoor football practice facility, and the construction of an athletics administration building.

Last year, more than \$800,000 was raised through the Blue and White Fund. Under the direction of assistant athletics director Gene DeFilippo, the goal next year will double as UKAA becomes more aggressive in its fundraising efforts.

Membership in the Blue and White Fund is open to anyone interested in helping the University of Kentucky student-athletes who participate in one or more of the 19 sports for which UK fields a team.

For more information on the Blue and White Fund, contact Gene DeFilippo at (606) 257-5611.

## UK'S ATHLETICS FACILITIES — SECOND TO NONE

Rupp Arena is the 23,000-seat home of the Wildcat Basketball team.

Commonwealth Stadium seats 58,000 for Wildcat Football.

The Harry C. Lancaster Aquatics Center.

The E.J. Nutter Training Facility is home to UK Football and also to weight training for UK Basketball.

## Athletics at Kentucky

Kentucky Athletics—Reaching for the Top. The athletics program at the University of Kentucky is reaching for the top.

The goal is near. In the 1987-88 alone, UK's men's and women's sports programs were each the fourth-most successful overall in the extremely competitive Southeastern Conference, the highest finishes ever for UK.

In the men's programs, UK amassed 43 points (based on team standings in each sport) in the race for the Bernie Moore trophy. The women's program tallied 41.5 points.

Eight UK teams advanced to NCAA competition last season. The Wildcat basketball team won its 37th SEC championship and advanced to the NCAA Tournament for the ninth consecutive year. The baseball and tennis teams each finished second in the conference and advanced to NCAA com-

petition, and the men's golf team also competed in the NCAA Championships.

UK's women's volleyball team won another SEC championship, with tennis finishing third in the conference and also advancing to NCAA competition. The Lady Kats golf and gymnastics teams each participated in NCAA Championships.

Academically, Kentucky has distanced itself from the competition through the Center for Academic and Tutorial Services (CATS). Last season, 56 UK student-athletes were named to the Academic All-SEC Honor Roll, the most of any school. UK's football graduation rate continues to hover over the 90% mark, one of the best in the nation. And several student-athletes received SEC and NCAA recognitions and scholarships.

In terms of facilities, UK is striving to be second to none. Recently-completed projects include the \$6 million E.J. Nutter Foot-

ball Training Facility, the Hilary J. Boone indoor Tennis Center, the lighting of the Shively Baseball Field and the resurfacing and seating expansion of the Shively Track and the \$5.5 million Harry C. Lancaster Aquatics Center.
