

UT-M17

Lithium Battery Pack

- Detachable battery pack with snap-on design
- One click to check battery capacity
- Type-C port

Two charging modes

Technical Data

Charging current/voltage	1.5A/5V
Battery capacity	5200mAh 19.2Wh
Overcurrent protection	√
Short-circuit protection	√
Overcharge&discharge protection	√
Charging interface protection	Overvoltage protection
Charging interface	USB Type-C
Charging time	<4h
Status indicator	Dual colour LED indicator (Green/Red)
Certificate	UN38.3

Note: This Li-ion battery pack is applicable to UNI-T E/V/H series, etc. infrared thermal imagers.
