Transforming Early Education

United Way Center for Excellence in Early Education improves economic outcomes by elevating early childhood care and education. Since 2007, we have created over 3,000 programs and shared best practices in this field.

Emergency Response and Relief

United Way Miami is the trusted partner for Miami-Dade County's Office of Emergency Management. We mobilize volunteers, manage funds and provide crucial support during emergencies and disasters. From 2020 to 2022, we raised \$3.6 million through Operation Helping Hands and administered \$30 million to assist individuals, families and small businesses in need.

Supporting Hardworking Families

Our United Way Center for Financial Stability provides financial coaching, job assistance, small-business loans and emergency grants to help individuals improve their situation— all free of charge.

Helping Older Adults and Their Caregivers

United Way Miami, with the aid of your generous donations, significantly enhances the quality of life for elderly residents. Through the programs we fund, these residents receive a range of valuable services, including free meals, assistance with bathing and dressing and complimentary exercise classes.

*The United Way Center for Excellence in Early Education was founded in 2007.

When working isn't enough to make it work.

Most of the individuals and families United Way Miami helps are who we call ALICE: Asset Limited, Income Constrained, Employed. These are hardworking members of our community who are employed but are barely making ends meet. They are one emergency – a broken car, a sick child, a reduction in work hours – away from falling into poverty.

**Propelling a single mom from just
getting by to building for the future.**

After retiring from the United States Marine Corps, single mom Anna established a consulting business. However, her financial situation became precarious. Then, with the help of United Way Miami, Anna's life took a transformative turn.

Through the support of her financial coach and assistance provided by United Way Miami, Anna was able to expand her business, which provides a reliable source of income, covering her expenses and enabling her to save for emergencies and her children's future.
