

Smart MHI Proposal Contest

✚ **Time:** 2023/09/20 (Wed) ~ 10/15 (Sun)

✚ **Purpose:**

This contest aims to encourage the students to work on their thesis beforehand and promote the exchange of their studies. The students are expected to combine the academic/daily acquisition with their professional background in practice, which displays their diversity of thought and abilities of summarization and innovation. Every student is welcome to submit the research project.

✚ **Content:**

■ **First-year students:**

Should include your research topic and direction, courses you plan to take, research motivation and purpose, range, preliminary literature review, the research methods/methodology, or the reference books/materials.

■ **Second-year students:**

In addition to the content stated above in first-year regulation, second-year papers should include your thesis progress or draft, the thesis's abstract, and 5-7 keywords related to your thesis.

✚ **Prize:**

The scholarship committee will evaluate your proposal. **The top three and several outstanding awards** will be given **scholarships** respectively for encouragement.

✚ **Instructions:**

■ **First-year:** No more than 3 pages (A4), with font size 12pt and 1.5 line spacing.

■ **Second-year:** At least 3 pages, no more than 6 pages (A4), with font size 12pt and 1.5 line spacing.

■ It is necessary to mark the title (eg. I, II, III...) Please also insert the header to indicate your student ID number and name.

■ Please indicate the file name as **Student ID_Name_proposal** and mail the PDF file to the Smart MHI Program email (ntumhi@ntu.edu.tw)

■ The deadline is **2023.10.15**

■ The mail subject should be: **Smart HMI Proposal Contest _ Student ID_Name**

■ Please refer to the following example:

E.g.

[Insert the header]:

[Smart MHI]

[student ID]

[name]

I ∙ Research topic

II ∙ Motivation

III ∙ Reference books/Materials
