Program Content: Through the Coronavirus Relief Fund, the CARES Act provides for payments to State, Local, and Tribal governments navigating the impact of the COVID-19 outbreak. The CARES Act established the \$150 billion Coronavirus Relief Fund. Now that funds have been dispersed, many agencies are faced with the same challenges around the steps needed to keep grant performance reporting compliant during and post-pandemic.

Participants will learn:

- Three critical steps to keep grant reporting and performance in compliance during and post-pandemic
- Tools and best practices to tackle the single audit in the era of COVID-19
- Using UrbanLeap to conduct Grant Performance Measurement and Progress Reporting
