

Top 10 Tech Interview Questions

- 1 What is the project you are most proud of, and how did you contribute to it?
- 2 Can you walk me through a technical problem that you were presented with and had to solve?
- 3 What would you do if you were asked to perform a task and weren't sure how to complete it?
- 4 Pretend I'm not a tech person. Can you explain [relevant tech stack] in simple terms?
- 5 How do you keep your technology skills and knowledge current?
- 6 What are your favorite and least favorite technology products, and why?
- 7 What strengths do you think are most important in an [interview position] role?
- 8 What are the qualities of a successful team/project leader?
- 9 Can you tell me about a tech project you've worked on in your spare time?
- 10 What strategies and tactics do you use to handle tight deadlines?

Pro Tip: *“Don't show up to a tech interview wearing a suit. (It makes you look out of place when your goal is to appear like you belong!) Try wearing something you already own that's nice but comfortable.”*
