Announcing the USACM Virtual Summer Seminar Series

We are pleased to announce the USACM Virtual Summer Seminar Series which will begin on June 11. This will be held online and will feature a young researcher in our community every week. This seminar will be free of charge to all USACM members and their students, although registration will be required. Details will be sent soon in a separate email to all members.

Virtual IGA 2020

IGA 2020 has been postponed until November 6-9, 2022. However, USACM will be hosting a virtual IGA (VIGA 2020), August 11-12. This two day conference will feature invited speakers and time for discussion. In addition, there will be a repository for others to submit a short video presentation of their research. Registration will be required. Details concerning the online conference will be posted on the IGA 2020 website the first week in June.

USACM Bylaws Changes Results

Our thanks to all who participated in the USACM Bylaws Changes vote.

We are pleased to announce that the changes to the Bylaws have been accepted. The new changes have been incorporated in the Bylaws on the USACM website [here](#).
