

**BOUNDARY ELEMENT METHODS: NEW THEORIES AND  
APPLICATIONS**

*Toru Takahashi\*<sup>1</sup> and Yijun Liu<sup>2</sup>*

*<sup>1</sup>Nagoya University*

*<sup>2</sup>Southern University of Science and Technology (SUSTech)*

**MINISYMPOSIUM**

This MS is dedicated to any researches on boundary element methods (BEMs) nowadays. Not only theoretical and numerical investigations but also scientific/industrial applications are welcome.
