EXPERIENCE

2019: Easy Bizy   `Current Job`
- I work with the PM to improve the user experience
- I'm developing a new design system
- I sit close to customer service and learn from their problems

2019: Best Designers Ever
- I have experienced working with complex systems
- I worked with Design System
- I worked in collaboration in Figma with more designers

2017-2018: Tink Design
- Responsible for social media design & branding
- I was in direct contact with customers and scheduled the projects with them.

2014-2016: RM Studio
- During the work at RM-Studio I learned to manage time projects, working with large companies
- I was responsible from start to final production
- I have worked in collaboration with a team of industrial designers and production staff
