## UI and Product Designer

### Experience

#### Codesigned

Creative Director / May 2018 - Present

With a focus on the design and implementation of **IntranetPro**, an enterprise-level intranet platform, I work closely with the cross-functional teams to ensure new features and client customizations are implemented correctly on both the functional and design fronts. I also work as the design lead on multiple custom applications for clients across different industry sectors, and help out with brand and marketing materials when needed.

UI Designer / Mar 2013 - Apr 2018

Designed user interfaces for custom web applications, including intranets, extranets, collaboration portals, and employee dashboards. Helped the organization transition their design and development process to use new tools and methods, and supported the marketing team with new site designs, material designs, and branding needs.

#### University of Missouri

Graphic Designer / May 2012 - Jan 2013

Designed promotional and internal materials for over twenty MU Operations Departments including: the Office of Sustainability, Mizzou Botanic Gardens, Planning and Design and more. Created print and web assets for promotional campaigns including logos, mobile and desktop apps, and print materials.

#### LO Profile Magazine

Design Intern / Jun 2011 - Aug 2011

Created layout and design for a supplemental summer publication and its advertisements as well as worked with clients and the internal design team on ad designs for the flagship publication. Also created various promotional materials for both the magazine and area events.
