Experience

UI/UX Designer, Moment Studio, Jan 2021-Feb 2021, Feb 2022-March 2022

• Collaborate with design teams to create wireframes, high fidelity mockups and prototypes for both web and mobile applications for responsive experiences
• Conduct qualitative and quantitative research, heuristic evaluations and competitive analysis for multiple clients
• Design end to end experiences using best practices
• Lead design meetings, keep our team on task and maintain deadlines

UI/UX Designer, Nutripair, April 2021-Sept 2021

• Create high fidelity prototype that lead to the company winning grant funding from the 2021 Butterworth Product Development Competition
• Produce various design iterations that match the changing business plans of the startup

UI/UX Designer, Interak, July 2020-Nov 2020

• Lead the research, design, and evaluation of a game-based learning app
• Redesign several UI iterations to meet user needs and to have a modern UI navigation

Guest Advocate, Target, June 2021-May 2022

• Make connections with guests by engaging in friendly and genuine conversation, helping their shopping experience improve
