

Camille Y. Horstmann

A UX/UI designer seeking a career to utilize my proven skills in designing and prototyping to enhance the user experience in developing and implementing interactive websites and mobile apps

WORK EXPERIENCE

Postseason—Junior UX/UI Designer

Remote | October 2021 - Present

- Contributing to design initiatives within the company's application
- Crossfunctioning with marketing and development teams to build a platform aiming to empower former athletes

Avocademy- UX/UI Mentor

Remote | October 2021 - Present

- Mentoring an average of 15+ students every day in refining original projects through the many steps of user experience design
- Giving constructive feedback via Slack while working closely with other mentors

PROJECT EXPERIENCE

The Guac Group — UX/UI Designer

Remote | July 2021 - Present

- Designing end-to-end experiences catering to the client's need in collaboration with other team members
- Conducting screener surveys, interviews, and usability tests to create and improve user interactions with the product
- Creating personas, user flows, wireframes, style guides, and high fidelity screens using Figma, Miro, and InVision

Isha.health — UX Designer Team Leader

Remote | August 2021 - September 2021

- Improving Isha.health's website and further developing their mobile platform
- Spearheading user journeys, search modules, user flows, wireframes, style guide, and high fidelity screens

Availyst — User Research Team Member

Remote | June 2021 - July 2021

- Collaborated with four other team members to conduct 15 usability tests on a beta food delivery app
- Presented our findings and suggestions to the client illustrated by visual mockups
