PROFESSIONAL EXPERIENCE (Cont'd)

→ *Social x City, Regional Project (Cont'd):*

- Objective: Mobile map UI redesign and improving general user experience.
- Responsibilities include:
 - Design lead of 5 people for UX support and user research for clients over a 4 week sprint.
 - Worked closely with key stakeholders to establish rapid prototyping.
 - Conducted usability tests with a total of 10 users (qualitative research) and in depth analyses.
 - Translated user research into ideation sketches, lo-fi wireframing and hi-fi prototyping into final UI designs.
 - Improved the user experience of the application by redesigning with actionable insights from user feedback
- Results: Improved usability in ease of navigating UI, resulting in a 100% increase in task completion during launch in App Store.

SUTD-MIT International Design Centre (IDC) Design Innovator and User Experience Designer

Oct 2020 – Present

- Led the development of Design Innovation @ SG team rebranding (content and UI/UX) of designed method cards, website, and remapped workshop demo templates.
- Designed explanatory charts and evaluated impact claims for shortlisted President's Design Award 2017/8 and 2020 submissions as part of the Design Studies Journal paper.
- Led the facilitation and coordinating of physical and digital design workshops for >400 participants (continued on next page) from various government bodies, MNCs and local SMEs and co-led design workshops.
- Drove the art direction of multiple design projects as lead visual designer, working in conjunction with the Lien Foundation, Ang Chin Moh Foundation, Design Odyssey, and the pitching proposal for SG Enable's open tender.
- Applied UX research methods (Personas & Scenarios, Affinity Analysis, Activity Diagram and Journey Maps, System Functions, Hierarchy of Purpose, Mindmapping, Design by Analogy, C-Sketch, Real-Win-Worth, Storyboarding, Rapid Prototyping) in design sprints for DI workshops and co-creation clients.
- Conducted research to develop Medium Fidelity Prototypes, and spearheaded the live MFP workshop proposal by establishing logistical and manpower concerns.

Catch-22 Co-Founder and Creative

Jul 2020 – Present

Our response to rise above the noise is to be free from the weight of legacy and expectations, we want to boldly challenge the status quo, breaking past the boundaries that contain us: defying norms, free from a world where lose-lose is the common equation. We specialise in: Content/Design/Artistic Research, Editorial Design, Brand Identities, Graphic Design, Web design, and Digital Design. We have also worked with local artists, institutions, and esteemed brands, and are always expanding and on the look out for further creative endeavours. ([Kindly click here for the projects we've worked on](#))
