

JAMIE HALL

UX DESIGN LEADER

PROFILE

A dynamic, Creative Leader who directs fast-paced design processes, provides design strategy and leverages research insights.

Balances creativity with a sense of realism, looks beyond the boundaries of a business for game-changing information and consistently challenge beliefs.

Champions smart and fresh collaboration processes and creates new team-oriented environments for peers and colleagues.

TESTIMONIALS

“Jamie is able to assess a challenge and meet it head-on with a plan for success — whether it’s a solution for a web app or a way to negotiate with business leaders.”

-Sr. Director UX

“A strong designer and is able to develop elegant solutions to complex problems while taking into account user needs and business objectives/limitations.”

-Business Owner

“Able to manage teams working across multiple large scale projects with extensive detail and ensure the design stays true to the larger strategic vision while also meeting detailed requirements.”

-Product Manager

“A highly creative and innovative professional who has the uncanny ability to take conceptual information and derive tangibility.”

-Client
