San Francisco State University

Spring 2020

SKILLS

Languages: JavaScript, HTML, CSS, Python, C++

Frameworks/Libraries: React.JS, Node.JS, Redux, React Native, Bootstrap

Software/tools: VS Code, Powershell, Git, Figma, AWS, Surge

PROJECTS

UX Designer/Web Designer

September 2021 - Present

District Productions Website (Version 2)

Pleasant Hill, CA

- Using Figma to create a design system for a website.
- Using a sitemap and user flow chart in order to plan website structure.
- Improving design consistency with a UI inventory, and focusing user attention on company values and event promotion.

UX Designer/Web Developer

December 2020 - February 2021

Reflect At Home: Online Art Show

Pleasant Hill, CA

- Designed and developed a responsive web application using React.js and Node.js for development, and Surge for deployment.
- Lead a team of 4 to assist with social media marketing, artist outreach, and website visuals.

Web Designer

October 2020 - November 2020

District Productions Website

Pleasant Hill, CA

- Used HTML, CSS, and Cargo UI to organize the website content, images, and text.
- Improved the depth of District Production's online content with components such as social media links, event information, and promotional videos.

WORK EXPERIENCE

UX Designer/Web Developer (Contract)

September 2021 – Present

Just4U Custom Canvas

Pleasant Hill, CA

- Discussed use cases and site requirements with marketing lead, and used that information to design mobile and desktop wireframes using Figma.
- Writing pseudocode for components, which will then be implemented using React.JS.

UX Designer/Web Developer (Seasonal)

October 2020 – Present

District Productions

Pleasant Hill, CA

- Uses ReactJs, HTML, CSS, and Figma to design and implement sleek UI for District Production's online presence.
- Executed a project that led to 42 new followers, traffic of over 1000 visitors, and generous donations up to \$200.
- Provided pandemic-friendly solutions such as contactless data collection and an online showcase in order to connect with and grow the audience when in-person events were limited or not viable.
