June 2016

SPORT SUMMARY

AND ATHLETES' VILLAGE OVERVIEW

28th WINTER UNIVERSIADE ALMATY 2017

WWW.ALMATY2017.COM

INTRODUCTION

Winter Universiade Almaty Organising Committee in this document refers to The State Fund "Organising Committee for the International Sports Events in Almaty".

The 28th Winter Universiade Almaty Organising Committee 2017 Sport & Venue Department is pleased to present Sport Summary and Athletes' Village Overview Report on its organisation. This report covers the progress and project status on the activities related to the sport and venue department.

I would like to draw your attention to the following highlights contained herein:

Firstly, as announced by FISU during the attribution of 28th Winter Universiade 2017 in November 2011, Almaty City was selected to host the 28th Winter Universiade. As it is considered one of the major events in our country, we are very proud because Kazakhstan is the first among CIS (Commonwealth of Independent States) countries to have the honour of hosting the Winter Universiade.

We are expecting approximately 2,000 athletes from 55 countries which have already registered their intention to participate. We foresee and are planning for 3,000 volunteers to be involved, including foreigners and representatives of different Kazakhstan regions. In addition, over 30,000 guests and tourists are expected to follow the Sport Competitions and Cultural Activities and estimate that the number of TV viewers will reach 1 billion, with broadcasts being televised and available in more than 80 Countries.

Secondly, our work on the Competition Schedule has been finalized, and the respective time table of the Competition Schedule will be reviewed by broadcasting planners and the final schedule will be presented very soon.

Thirdly, for the first time in Kazakhstan history during this winter season, Almaty hosted the 2015/16 FIS Ski Jumping World Cup events for men and women at «Sunkar» Ski Jumping Complex. This was a perfect test event of the ski jumping competition venue. In preparation for the 28th Winter Universiade all sports facilities and venues will be tested in order to assure they meet regulations, to train the technical staff and to verify the volunteers' needs and assignments. In some sports such as: Alpine Skiing, Biathlon, Cross-Country Skiing, Curling, Figure Skating, Ice Hockey, Short Track Speed Skating, Snowboard, Freestyle Skiing, Speed Skating, top events have been scheduled to test the facilities to the best and the highest demands ahead of the 28th Winter Universiade.

Fourthly, the Sport and Venue Department is working hard to provide the best conditions for all the athletes at each of the venues and in the Athletes' Village. Following the Winter Universiade, 2011 in Erzurum (TUR), where all athletes and delegations were accommodated in the existing University Campus, all athletes at the 28th Winter Universiade will be accommodated and live in a unique Athletes' Village in Almaty. For the first time in FISU Winter Universiade history this brand new Athletes' Village is being specifically constructed. In this report you can find layouts, maps, distances and travel times from the Athletes' Village to all venues and Almaty International Airport. Currently two of the major and the largest international level competition venues are still under construction, and will be ready for special

technical testing as part of final preparations for the 28th Winter Universiade. The newly constructed Ice Palace with a seating capacity of 12,000 and the Ice Hockey Arena with 3,000 seats have been planned specially for the 28th Winter Universiade events and all venues will be equipped in accordance with the ISF and FISU requirements.

Fifthly, we are providing this document to show our readiness in holding the 28th Winter Universiade Events. In addition to and as a follow-up to this document we will be preparing the Sport Technical Manuals for each sport which will include more detailed information related to individual sport venues, sport events, services, timetables, meetings and facilities provided, in order to prepare and make our guests' stay in Almaty as easy and comfortable as possible.

Finally, the slogan for the 28th Winter Universiade is «Spread your wings!» It is hoped that it will encourage the youth participating in the competitions to succeed. The 28th Winter Universiade Almaty Organising Committee 2017 is happy and proud to welcome all the National University Sports Federation athletes and officials!

If you need any further information, please do not hesitate to contact us.

We are looking forward to seeing you in Almaty in January and February 2017.

Yours sincerely,

Asset Abdualiyev

General Director of the 28th WUAOC 2017

1 GENERAL INFORMATION

1.1 SPORTS GENERAL INFORMATION

Sport is the focal point of the 28th Winter Universiade and the key responsibility of the WUAOC 2017 Sports Department is to manage all the competition. To do this it must adhere to the International Sports Federation's technical requirements related to the competition of each sport on the programme.

The Sports Department has responsibility for managing relations with FISU, International Sport Federations, National Sport Federations, Winter Universiade Almaty Organising Committee, National University Sport Federations of the Republic of Kazakhstan, and the Student Sports Federation of the Republic of Kazakhstan.

The scope of the Sport Department's work includes:

- FISU;
- 5 International Sport Federations;
- 170 National University Sport Federations (including the Student Sports Federation of the Republic of Kazakhstan and with big hopes to have more than 60 participating countries);
- 12 Sports categories/classifications.
- 15 Competitions are located in 8 unique venues:
 1. «Shymbulak» Ski Resort: Alpine Skiing;
 2. «Shymbulak» Ski Resort: Snowboard;
 3. «Shymbulak» Ski Resort: Freestyle Skiing;
 4. «Sunkar» Ski Jumping Complex;
 5. «Sunkar» Nordic Combined Stadium;
 6. «Alatau» Cross-Country Skiing & Biathlon Complex: Cross-Country Skiing;
 7. «Alatau» Cross-Country Skiing & Biathlon Complex: Biathlon;
 8. «Medeu» High - Mountain Ice Rink;
 9. «Baluan Sholak» Ice Hockey Arena;
 10. «Baluan Sholak» Short Track Speed Skating Arena;
 11. Ice Palace: Figure Skating Arena;
 12. Ice Palace: Curling Arena;
 13. Ice Hockey Arena;
 14. City Event: Snowboard (BA);
 15. City Event: Freestyle Skiing (AE).
- 11 Official competition days (plus 1 additional day of preliminary rounds for IH);
- 13 Test Events Schedule.

1.2 SPORTS & VENUES DEPARTMENT ORGANISATIONAL STRUCTURE

The Sports & Venues Department is led by the Sports & Venues Director, and it is coordinated by National experts with International license and sport management knowledge. There is a total of 22 Competition Managers and Communication Officers working in cooperation with 14 Venue Managers.

The Department's deliverables include:

- Planning;
- Competition Programme;
- Medals;
- Competition Schedule;
- Competition Venues;
- Training Schedule;
- Test Events Management;
- Athletes' Village;
- Distances & Transportation.

Planning

The Sports and Venues Department is responsible for preparing all necessary information, organization and management in order to adequately provide all well equipped venues in the best way and all necessary information to achieve a high level standard with all functions here under included.

Competition Programme

The Competition programme for the 28th WU 2017 will consist of 12 Sports. In total 181 gold medals will be awarded: 110 in Ice Sport and 75 in Snow Sport.

Medals

The total number of 543 medals will be awarded.

Competition Schedule

The competition schedule included in this document is the one approved by FISU in March 2016. After getting the TV Sport coverage times and daily schedule, the Competition Schedule will be adjourned and updated with all exact competition start times.

Competition Venues

Sports Department started, in coordination with Venue Management in Spring 2014 a stage of the Concept Venue Project, a table top simulation of the organisational aspects of the single venues, together with, at least, one event/competition organised on each facility. The goal is to validate operational plans and identify potential issues in a timely manner, to allow functions to adjust their project plans before the WU.

The last stage will be concluded during the next Winter Season with the Test Event in «Shymbulak» Ski Resort for Snowboard, Freestyle Skiing and Alpine Skiing (January 2017).

Training Schedule

The Training Schedules included in this document are related to the Competition Schedule, which will be adjusted after final confirmation from Broadcasting times.

Test Events Management

The Test Events plan and schedule have been created in order to test all possible existing infrastructures and thereby ensure the alignment and consistency throughout the organisation. To support this work, an involvement matrix has been created to collect information provided by each function. At the end of May 2016 all Sport Competition Managers are making presentations to all Event Services of the WUAOC Departments to

stress the importance of their participation and clarify roles and responsibilities. All newly constructed sport facilities will be tested including snow sports facilities. For those tests the Venue and FoP will have completed, as close as possible, all the installations and services as foreseen for WU.

All Test Events held and organised up to now have shown quite professional results and the development for the Venues are on track.

Athletes' Village

This document includes all data and information on Athletes' Village that are confirmed up to now in order to satisfy all NUSFs' requirements and needs. All delegations will be accommodated in the Athletes' Village that was constructed especially for the 28th WU 2017. Further you will find all information with updated pictures on which you can verify the allocation, rooms, and the general inside of each apartment.

Distances & Transportation

This document includes a table on the distances and approximate time between all venues starting from and back to the Athletes' Village, the FISU Hotel and Almaty International Airport, including a general geographical Map of the WU that clearly shows the location of all the venues and other important information.

The WUAOC guarantees the transportation of every one who is accredited with the event. The Transportation Department has established an organization to plan for the transportation needs of the participants of the 28th WU 2017, and guarantees transportation service from the opening day of the Athletes' Village, January 24th to February 10th the day of closing the Athletes' Village. The official point of entry for arrival and departures of the WU guests and participants will be at Almaty International Airport. Athletes' transportation for individual sports will be organized on a Shuttle bus system; Ice Hockey teams will have a bus dedicated to them.

Figure Skating and Curling athletes will not need any transportation to and from their competition venue due to the easy and short walking distance from and to the Athletes' Village.

1.8 TEST EVENTS SCHEDULE

TEST EVENTS PROGRAM & SCHEDULES					
SPORT	VENUE	DATE	EVENT AND NOTES		
	ALPINE SKIING	AS	"Shymbulak" ski resort (already existing facility and tested in International Events)	March 2016	Junior National AS Competitions: SG, GS, SL Teaching and Training Seminars
		AS	AS Open National Competitions in order to test all OC functions involved.	Summer-Fall 2016 18.01-20.01.2017	
	BIATHLON	BT	"Alatau" Cross – Country Skiing & Biathlon Complex (already existing facility and tested in International Events)	22.09-29.09.2016	Summer BT CHSH with test from HORA and specific seminar for key pad operators.
		BT	Asian Championship: Ind., Spr., Mass Start	22.12-26.12.2016	
	CROSS COUNTRY SKIING	CC	"Alatau" Cross – Country Skiing & Biathlon Complex (already existing facility and tested in International Events)	January-February 2015	FIS JWCH held in the Sunkar CC Venue with all areas and functions involved and tested. Almost all staff involved is joining the WU2017 in their same position.
		CC	National University CC CHSH were held in the Alatau CC Venue.	December 2015 07.02-14.02.2016	National Cup.
		CC	FIS Cup. All Sport & Venue functions will be involved.	23.12-26.12.2016	
	CURLING	CU	Ice Palace: Curling Arena (TE will be necessary and therefore organized due to new facility)	03.10-09.10.2016	Curling 10th Eurasian Cup "Named after Nazarbaev", it might be possible that this TE could be postponed due to technical equipment available
		CU	Open National CHSH will be held as the Official TE with all functions in the Venue involved	15.12-19.12.2016	
	FIGURE SKATING	FS	Ice Palace: Figure Skating Arena (TE will be necessary and therefore organized due to new facility)	09.02-14.02.2016	National University IH Tournament for Men was organized in the Official IH Venue for Women with involvement of both CM & VM for Men & Women IH.
		FS	IH M - WCH U-20 will be held in the Official Men's IH Venue.	12.12-18.12.2016	
	ICE HOCKEY	IHM	Ice Hockey Arena (TE will be necessary and therefore organized due to new facility)	09.02-14.02.2016	National University IH Tournament for Men was organized in the Official IH Venue for Women with involvement of both CM & VM for Men & Women IH.
		IHW	Baluan Sholak Ice hockey arena (already existing facility and tested in International Events)	09.02-14.02.2016	
	SHORT TRACK SPEED SKATING	ST	Baluan Sholak short track arena (already existing facility and tested in International Events)	09.02-14.02.2016	National University ST CHSH were held in Baluan Sholak sport palace Official Venue. CM & VM staff were involved
		ST	National CHSH with all functions and departments involved.	19.10-23.10.2016	
	SNOWBOARD	SB	"Shymbulak" Ski resort (TE will be necessary and therefore organized due to new facility)	21.01-22.01.2017	FOP testing with National athletes invited.
		SB	FOP testing with National athletes invited.	21.01-22.01.2017	
	FREESTYLE	FR	"Shymbulak" Ski resort (TE will be necessary and therefore organized due to new facility)	21.01-22.01.2017	FOP testing with National athletes invited.
		FR	FOP testing with National athletes invited.	21.01-22.01.2017	
	SKI JUMPING	SJ	"Sunkar" Ski jumping complex (already existing facility and tested in International Events)	January-February 2015	FIS JWCH were held in the Official SJ Venue with all areas and functions involved and tested. Almost all staff involved is joining the WU2017 in their same position.
		SJ	FIS SJ WC with all Sport & Venue management and functions involved.	24.02-26.02.2016	
	NORDIC COMBINED	NC	"Sunkar" Nordic Combined stadium (already existing facility and tested in International Events)	January-February 2015	FIS JWCH were held in the Official NC Venue with all areas and functions involved and tested. Almost all staff involved is joining the WU2017 in their same position.
		NC	FIS SS WCH were held in Medeu in December 2014. FISU TD was present verifying the management and operational activities on the Venue.	December 2014	
	SPEED SKATING	SS	"Medeu" High-Mountain Ice Rink (already existing facility and tested in International Events)	09.02-14.02.2016	National University SS CHSH were held in Medeu with involvement of most of the staff for the WU including volunteers.
		SS	National University SS CHSH were held in Medeu with involvement of most of the staff for the WU including volunteers.	09.02-14.02.2016

1.9 SPORT SERVICES

1.9.1 SPORT PUBLICATIONS

Sport Services has a specific function within the Sport Department to coordinate all works in cooperation with the Knowledge Management Department regarding the various Sport Documents.

The main publications produced so far are:

- FISU updates and progress reports;
- Competition Schedule;
- Sport Summary and Athletes' Village Overview – May 2016.

1.9.2 SPORT ENTRIES

«Sport Entries» are responsible for the efficient and accurate control of qualifications and application forms for participation of athletes in the testing events and WU.

«Sport Entries» have developed control procedures of eligibility for all registered athletes in collaboration with Accreditation Department. The deadlines of official registrations:

29 Jan 2016	Feb 2016	Mar 2016	Apr 2016	May 2016	29 Jun 2016	Jul 2016	Aug 2016	29 Sep 2016	Oct 2016	Nov 2016	29 Dec 2016	29 Jan 2017
All invitations sent to NUSFs	Intention of Participation	Registration of General entries and Final Engagement for Team Sports		deadline	deadline	ITO's Nominative Entries and Quantitative entries		deadline	Individual entries	systematization of data	deadline	opening ceremony
		systematization of data				systematization of data						
Client group	PI: NUSF's	G: NUSF's	FE: NUSF's (team sports)			N-ITO's: NUSFs (ITO's)	Q: NUSFs		I: All WU clients Groups			

1st General Technical Meeting

At the 1st General Technical Meeting, the Head of Delegation or his/her representative shall confirm and sign the official entry list of competitors.

Only athletes on the list can be taken into account for the draw of the starting list.

ATHLETES ENTRY QUOTAS SUMMARY

The following table includes an overview of the entry quotas for each sport. For further information, please refer to the WU2017 Almaty Regulations (art. 12).

No.	Sports	Medal Events			Individual Event		Team Event		Mixed Event		Maximum Number of Competitors per Country				
		M	W	Mixed	M	W	M	W	M	W	M	W	Total		
1	Alpine Skiing	Alpine Combined (SC)	Alpine Combined (SC)		1-6	1-6					12	12	24		
		Super-G (SG)	Super-G (SG)		1-6	1-6									
		Giant Slalom (GS)	Giant Slalom (GS)		1-6	1-6									
		Slalom (SL)	Slalom (SL)		1-6	1-6									
			Parallel Nations Team Event (2M + 2W)						2	2					
All athletes must have an active FIS Code. The FIS Code must be properly indicated on the individual entry form. Parallel Nations Team Event: 1 Team per Nation. The total team size per Nation is limited to a maximum of 4 competitors (2M + 2W). A competitor can only start a run once.															
2	Biathlon	Individual 20km	Individual 15km		1-6	1-6					8	8	16		
		Sprint 10km	Sprint 7.5km		1-6	1-6									
		Pursuit 12.5km	Pursuit 10km		Q-60*	Q-60*									
		Mass Start 15km	Mass Start 12.5km		Q-30**	Q-30**									
			Mixed Relay 2X6km (W) + 2X7.5km (M)						2	2					
*Pursuit: The top 60 athletes of the sprint competition are automatically qualified. No replacement or moving up in case of athletes not starting **Mass Start: All medalists and the additional athletes with the highest points, calculated by IBU WC points in 3 previous competitions, will qualify up to a field of 30. Replacement will be possible at the latest until 1 h before zeroing starts.															
3	Cross-Country Skiing	Sprint (C)	Sprint (C)		1-6	1-6					8	8	16		
		10 km Individual (C)	5 km Individual (C)		1-6	1-6									
		10 km Pursuit (F)	5 km Pursuit (F)		1-6	1-6									
		30km Mass Start (C)	15km Mass Start (C)		1-6	1-6									
		Relay 4X7.5km (CCFF)	Relay 3X5km (CFF)				4	3							
	Mixed Team Sprint (F) 1W+1M						1-2	1-2							
All athletes must have an active FIS Code. The FIS Code must be properly indicated on the individual entry form.															
4	Curling	Men's Tournament	Women's Tournament				4-5	4-5			5	5	10		
5	Figure Skating	Men	Ladies		1-3	1-3					9	9	18		
				Pair					1-3	1-3					
				Ice Dance					1-3	1-3					
Entry Quotas may be reduced following the FISU WU Regulations for the WU2017 - Art. 12.5.5															
6	Ice Hockey	Men's Tournament	Women's Tournament				17-23	17-23			23	23	46		
7	Snowboard	Snowboard Cross (SBX)	Snowboard Cross (SBX)		1-4	1-4					20	20	40		
		Parallel Giant Slalom (PGS)	Parallel Giant Slalom (PGS)		1-4	1-4									
		Parallel Slalom (FSL)	Parallel Slalom (FSL)		1-4	1-4									
		Big Air (BA)	Big Air (BA)		1-4	1-4									
		Slopestyle (SSS)	Slopestyle (SSS)		1-4	1-4									
All athletes must have an active FIS Code. The FIS Code must be properly indicated on the individual entry form.															
8	Short Track Speed Skating	500m	500m		1-3	1-3					6	6	12		
		1000m	1000m		1-3	1-3									
		1500m	1500m		1-3	1-3									
		5000m Relay	3000m Relay				4***	4***							
Individual Events: If necessary, the number of competitors may be reduced. ***Relays: 1 team of 4 competitors per country with 1 substitute															
9	Freestyle Skiing	Ski Cross (SX)	Ski Cross (SX)		1-4	1-4					16	16	32		
		Moguls (MO)	Moguls (MO)		1-4	1-4									
		Dual Moguls (DM)	Dual Moguls (DM)		1-4	1-4									
		Aerials (AE)	Aerials (AE)		1-4	1-4									
			Mixed Team Aerials (1W+1M)						1-2	1-2					
All athletes must have an active FIS Code. The FIS Code must be properly indicated on the individual entry form.															
10	Nordic Combined	Individual Gundersen			1-6						8	8	16		
		Individual Mass Start			1-6										
		Team Gundersen					3								
All athletes must have an active FIS Code. The FIS Code must be properly indicated on the individual entry form.															
11	Ski Jumping	Individual Normal Hill (NH)	Individual Normal Hill (NH)		1-6	1-6					8	8	16		
		Team Normal Hill	Team Normal Hill				3	2							
			Normal Hill - Mixed Relay (1W+1M)						1	1					
All athletes must have an active FIS Code. The FIS Code must be properly indicated on the individual entry form.															
12	Speed Skating	500m	500m		1-4	5	1-4	5			12	12	24		
		1000m	1000m		1-4	5	1-4	5							
		1500m	1500m		1-4	5	1-4	5							
		5000m	3000m		1-3	5	1-3	5							
		10000m	5000m		1-3	5	1-3	5							
		Mass Start	Mass Start		2		2								
		Team Pursuit	Team Pursuit						3	4				3	4
The total number of competitors from any country shall not exceed twelve (12). 3000m W / 5000m M: a maximum of thirty-two (32) skaters will be permitted in each event. 5000m W / 10000m M: a maximum of sixteen (16) skaters will be permitted in each event. For the team pursuit event, a maximum of 8 national teams (men and women) will be authorized to take part in the competition. The qualification of the teams will be based on the ranks of the second best skater of the country concerned in the 3000m for women and the 5000m for men, respectively.															

1.9.3 SPORT INFORMATION CENTER (SIC)

It is the responsibility of the Sport Information Centre (SIC) to provide and distribute all sport information related to results, start lists, competition & training schedule changes, technical meetings lists to the client groups at Athletes' Village, Competitions Venues and Hotel for International Technical Officials (ITO) during WU.

1.9.4 WEATHER

The «KazHydromet» is supporting the OC for all necessary information regarding weather-related data. Each Delegation or any interested person, athlete or official can verify with the web page: www.kazhydromet.kz to be continuously informed with the last minute info about weather conditions and weather forecast important for each competition venue.

www.kazhydromet.kz/en/

The screenshot displays the KazHydromet website interface. At the top, there is a search bar and navigation links for 'Kaz', 'Рус', and 'Eng'. Below the search bar, there are tabs for 'Current Conditions', 'Forecast: today tomorrow all cities', and 'Widgets'. The main content area features a map of Kazakhstan with various cities marked and their current temperatures. A 'Storm warning' icon is visible on the map. To the right of the map, there is a detailed weather forecast for Almaty, including the current temperature (+14°C), wind speed (3, flow 5 m/s), and a 4-day forecast. Below the map, there are sections for 'Weather in Kazakhstan' (listing cities and areas) and 'Weather on resorts' (listing specific resort locations and their temperatures). At the bottom right, there is a 'radiation situation' section and a logo for 'Фоновыставка «Табигат-тал бесік»'.

1.12 ATHLETES' VILLAGE

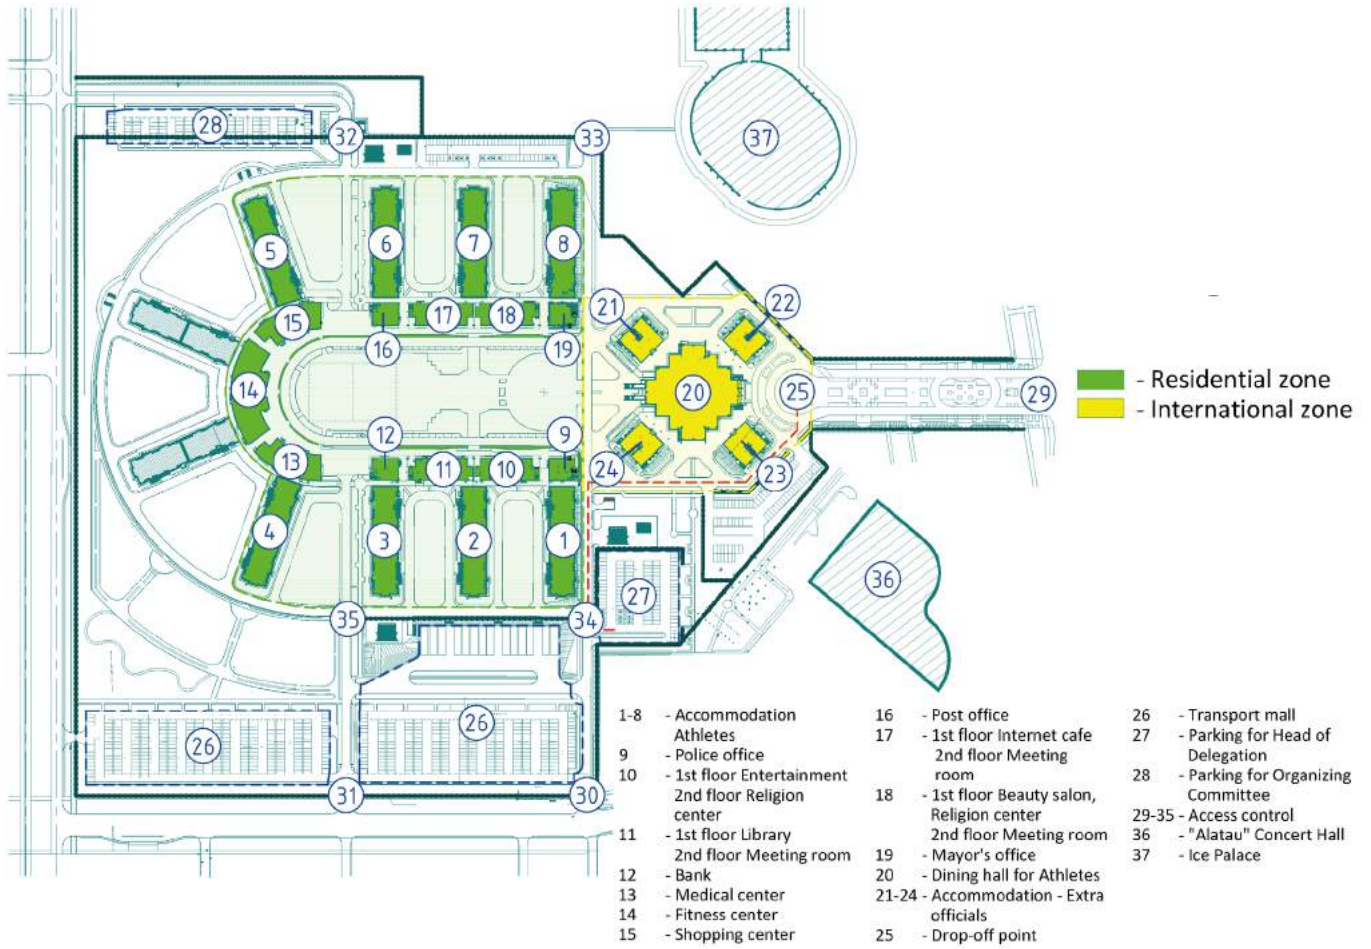

The Athletes' Village (AV) is situated in a beautiful and quiet part of Almaty. It is the area where all delegations will come together and be accommodated.

The construction plan of the AV was specially adjusted and concerted to host all NUSF for the 28th Winter Universiade in Almaty 2017.

The whole area of the AV consists of 21.5 land hectares. For now, in the residential buildings all work is being concentrated on the process of installing furniture and to approach the final completion stage. In particular, it is important to inform that beside the athletes' accommodation getting closer to be ready, there will also be the possibility to storage all their sport equipment in specific dedicated rooms for AS, SB, FR. AS, SB and FR Waxing Cabins will be installed in the AV.

The AV will consist of conference rooms with a holding capacity of 100 people and special rooms for meetings of athletes and their coaches.

The dining room will have a capacity of 800 seats. Along with all the other facilities, there will also be Sport Information Centre (SIC), where all necessary publications and maps will be available.

The Opening and Closing Ceremony will take place in the Ice Palace. The Figure Skating Arena and the AV offers a huge advantage, not only to the WUAOC, but also to all delegations as they will be able to walk to the marching place comfortably from the AV zone. In addition to this great opportunity for athletes from FS and CU can easily come and go to their facilities by short walking time.

COMPETITION VENUE

«ALATAU» CROSS-COUNTRY SKIING STADIUM

- Distance from AV to the area is 50.5 km

Location

«Alatau» Cross-Country and Biathlon Complex is located at the Soldier gorge in Talgar district of Almaty region, Kazakhstan. Situated around 35 kilometres from centre of Almaty city. The altitude of the competition area ranges between 1469 (lowest) and 1556 (highest) metres from sea level.

Description of the Facilities

The Cross-Country stadium consists of different loops of different lengths for the various competition needs and degrees of difficulty. The venue was built for the 2011 Asian Winter Games and homologated by International Ski Federation.

The total area including Cross-Country Skiing and Biathlon courses is 47 hectares. The complex includes a Cross-Country and Biathlon stadium building with approximately 1,900 seats and 1,300 standing places each, and temporary bleachers with 3,000 seats. There is also a permanent administrative building, CC and Biathlon courses, a doping control centre, a media press centre, a canteen, an artificial lake with a water reserve for making artificial snow, 4 outdoor car parks and a helipad. The construction is on different levels that will serve different functions like: athletes – timing – announcement – management and lounges.

Venue Technical Information

- Athletes Compound: in the Cross-Country building
- Ski Test – Warm-up, Wax cabins: Located near the Cross-Country Stadium
- Start/Finish: on 1473 m s/l

COMPETITION VENUE ICE PALACE: FIGURE SKATING ARENA

- Distance from AV to the area is 200 m

Location

The Ice Palace is in a walking distance from the Athletes' Village entrance. No transport is needed.

Description of the Figure Skating Arena

The complex will consist of: An ice arena with 12,000 seats, a training rink with a recreation complex, and a swimming pool. The layout of the ice arena will function as a universal platform for figure skating, ice hockey, boxing, basketball, volleyball, as well as a concert hall with 5,000 seats. During the WU there will be thermal insulation covering the entire area of the ice field of about 1,800 m² (19,000 sq. ft.). Special attention will be given to the technology of ice freezing. 120 cubic meters of water is needed for each rink pouring. The FoP consists of a regular 60 metres x 30 metres ice rink.

Description of the Sport Palace

«Baluan Sholak» Sport Palace includes 2 arenas: «Baluan Sholak» Short Track Arena and «Baluan Sholak» Ice Hockey Arena.

At the time of construction in 1967, the palace was comprised of an ice sheet, refrigeration plant room for making synthetic ice, medical room and curriculum office. In 2010, the palace was renovated in accordance with international standards to hold the 7th Winter Asian Games.

At the present time the palace holds competitions of continental and world level Olympic sports. In November 2015 the palace held The Pacific–Asia Curling Championships that served as qualifying competitions for the World Cup 2016.

Winter Universiade 2017:

Ice Hockey (women's) will be held in «Baluan Sholak» Ice Hockey Arena; Short Track will be held in «Baluan Sholak» Short Track Arena.

Spectator Information

Capacity: 3725 seats

Technical Information

The ice rink is 60 metres x 30 metres

There are 6 team-changing rooms in the Ice Hockey Arena. Also, a additional 2 team changing rooms are located in the Short Track Arena.

COMPETITION VENUE «MEDEU» HIGH - MOUNTAIN ICE RINK

- Distance from AV to the area is 30.6 km

Location

The «Medeu» is an outdoor ice rink. It is located in a mountain valley (Medeu Valley, or the valley of Malaya Alma-Atinka River) on the south-eastern outskirts of Almaty, Kazakhstan. Medeu sits 1,691 meters above sea level, making it the highest ice rink in the world. It has 10.5 thousand square meters of ice and utilizes a sophisticated freezing and watering system to ensure the quality of the ice. Construction of the stadium began in the fall of 1949, and the first competition took place at the stadium on February 4, 1951. Medeu switched to its current system of artificial ice in 1972. Medeu is one of the most favourite places of rest of local citizens of Almaty.

Description of the facility

Medeu is an artificially frozen outdoor ice rink. It has a standard speed skating track of 400 meters to the lap,. The radius of the inner and outer competition lanes are 25,5 meters, respectively. The width of each lane of the competition track is 4 meters and there is an inside training lane with a width of 5 meters.

Venue Technical Information

The «Medeu» High-Mountain Skating rink is 10500m², radius - 25,5 meters.
