Message of the President / Message du Président

When looking ahead to the future, it is always very useful to reflect upon the past. We hope that this book of statistics will assist you in doing so.

Over the years, the Winter Universiade has taken on increasing importance within FISU. Since the very first event held in Chamonix in 1960, student-athletes have become accustomed to meeting every two years to participate in this incredible university winter sports festival, held most recently in Granada and Strbske Pleso/Osrblie in 2015.

Athletes, officials and coaches have all contributed to making it one of the most important international winter sports competitions, allowing FISU to affirm its place on the international sporting scene. Indeed, thanks to the growing importance of the Winter Universiade within its programme, FISU has also been able to establish and develop close ties with international sports federations.

Of course, none of this would have been able to happen without the enthusiasm of the national university sports federations that suggest candidate names or support their application. Therefore I would like to seize this opportunity to pay tribute to their efforts.

Pour préparer l'avenir, il est toujours très utile de se replonger dans le passé. Le livre de statistiques que vous tenez entre vos mains va, nous l'espérons, vous y aider.

Au fil des années, l'Universiade d'Hiver a pris une importance de plus en plus grande au sein de la FISU. Depuis la première édition qui se tenait à Chamonix en 1960, jusqu'à la plus récente qui eut lieu à Grenade ainsi qu'à Strbske Pleso/Osrblie en 2015, les étudiants-athlètes ont pris l'habitude de se retrouver tous les deux ans pour participer à ce fantastique festival du sport universitaire d'hiver. Athlètes, officiels, entraîneurs, tous ont fait de cet événement, l'une des plus importantes compétitions internationales pour les sports d'hiver. Ils ont permis à la FISU de s'affirmer sur la scène sportive mondiale. En effet, grâce à l'importance prise par l'Universiade d'Hiver au sein de son programme, la FISU a pu également nouer et développer des liens étroits avec les fédérations sportives internationales.

Bien sûr tout cela n'aurait pu se produire sans l'enthousiasme des fédérations nationales du sport universitaire qui proposent ou soutiennent des candidatures et il convient également de leur rendre hommage.

Painstaking research work was required to collect and compile all of the data that appear in this publication, so I extend my warmest thanks to the department responsible for the Winter Universiade at FISU for this impressive document.

I very much hope that it will be useful to you in your work.

With sporting regards,

Oleg Matytsin

FISU President

Président de la FISU

Un minutieux travail de recherche a été nécessaire pour collecter et pour assembler toutes ces données. Je tiens ici à remercier le département responsable de l'Universiade d'Hiver à la FISU pour ce magnifique document.

J'espère qu'il vous sera utile dans votre travail.

Sportivement
