

Creating SmartLinks (Deep Links)

Product page promotional links

What is a SmartLink?

SmartLinks enable you to create affiliate links to individual products in the advertiser website. Instead of your affiliate links pointing to the homepage, you can create links right to your favorite products - this will shorten your visitor journey and improve conversions.

Did you know?

You can share your SmartLinks on your Site, Blog, YouTube, Facebook, Twitter, Instagram, Email, WhatsApp - anywhere you connect with your audience!
