

WC Series Wall Cooler Series

WCS WC Systems are designed to provide refrigerated air to medium - high temperature spaces. The WC mounts vertically between standard wall studs, making installation quick and easy. The slim and inconspicuous design projects only 1" into the room.

WC evaporators available in standard capacities from 1,800 to 4,600 Btu per hour and are used with R134a refrigerant.

Available Options :

- Twin evaporator systems for larger applications
- "Eco-friendly" Water-cooled coils available
- Stainless steel cabinets for high corrosive environments
- Decorative Redwood Grill available

Benefits & Advantages :

- Insulated rust-proof aluminum housing
- Thermally protected permanently lubricated motor
- Automatic expansion valve (standard) ensures constant coil temperature to promote "Humidity Balance"
- Pump-down solenoid valve (standard) protects compressor in the event of leaks

- Pre-installed valves eliminate additional wiring to thermostat
- Pressure tested by the manufacturer to ensure quality
- Factory wired for simple field installation
- ETL certified

The Quietest Cooling Systems
You've Never Heard

WC Series

Wall Cooler Series

WC 1800 BTUH: 1800

Fan Coil:
Length: 16"
Width: 5.625"
Height: 36"
Weight: 26 lbs.
Volts: 115V
Amps: 0.35A

Condensing Unit:
Length: 19"
Width: 11.13"
Height: 9.69"
Weight: 40 lbs.
Volts: 115V
Amps MFS: 15A

Line Set:
Suction: 3/8"
Liquid: 1/4"

WC 4600 BTUH: 4600

Fan Coil:
Length: 16"
Width: 5.625"
Height: 36"
Weight: 29 lbs.
Volts: 115V
Amps: 0.71A

Condensing Unit:
Length: 17"
Width: 13.46"
Height: 12.48"
Weight: 55 lbs.
Volts: 115V
Amps MFS: 20A

Line Set:
Suction: 1/2"
Liquid: 1/4"

WC 2600 BTUH: 2600

Fan Coil:
Length: 16"
Width: 5.625"
Height: 36"
Weight: 28 lbs.
Volts: 115V
Amps: 0.71A

Condensing Unit:
Length: 19"
Width: 11.13"
Height: 9.69"
Weight: 40 lbs.
Volts: 115V
Amps MFS: 15A

Line Set:
Suction: 3/8"
Liquid: 1/4"

WC 6600 TE (Twin Evaporators) BTUH: 6600

Fan Coil (x2):
Length: 16"
Width: 5.625"
Height: 36"
Weight: 29 lbs.
Volts: 115V
Amps: 0.71A

Condensing Unit:
Length: 19.5"
Width: 16.25"
Height: 14.38"
Weight: 68 lbs.
Volts: 115V
Amps MFS: 30A

Line Set:
Suction: 1/2"
Liquid: 1/4"

WC 3600 Length: 3600

Fan Coil:
Length: 16"
Width: 5.625"
Height: 36"
Weight: 29 lbs.
Volts: 115V
Amps: 0.71A

Condensing Unit:
Length: 19"
Width: 12.21"
Height: 10.91"
Weight: 40 lbs.
Volts: 115V
Amps MFS: 15A

Line Set:
Suction: 1/2"
Liquid: 1/4"

Our Guarantee

We're proud of our proven design, high manufacturing standards, and thorough testing. We unconditionally guarantee that our products will be free from manufacturing defects for one year. Sizing confirmation/load calculations are provided free of charge upon request.
