

Key Features

- Ready for “Plug-and-Play” installation
- Adjustable fan speed control
- Flexible wall mount or ceiling joist mount
- Black exterior to hide unit behind a wood grill
- Extremely quiet in cellar operation
- 55°F temperature differential
- Liquid temperature bottle probe

Features

The Split Horizontal Mount Twin is designed to be hidden on the wall near the ceiling. It is best to hide the unit behind a grill. The controller is easy to operate and has features such as energy saving modes, quick chill mode and anti-frost function.
