ACC QUICK HITS

■ With just four weeks of the regular season remaining, Clemson (9-0 overall, 6-0 ACC) leads the Atlantic Division by one game over Wake Forest (7-1, 3-1), while three teams – Virginia (6-3, 4-2), Pitt (6-3, 3-2) and Virginia Tech (5-3, 2-2) – are tied in the loss column in the Coastal Division.

■ No. 4/3 Clemson visits NC State at 7:30 p.m. in a nationally televised contest on ABC. Clemson has won the last seven matchups against the Wolfpack in the annual "Textile Bowl," including the last three games played in Raleigh. Looking to keep pace with the Tigers, Wake Forest travels to Virginia Tech for a 3:30 p.m. kickoff on ACCN. The Hokies and Cavaliers are the only two teams in the Coastal Division that can win out and capture the division title. Virginia travels to Atlanta for a 12:30 p.m. start on RSN. North Carolina and Pitt are off this weekend in advance of their Thursday night matchup next week.

■ Notre Dame visits Duke for a 7:30 p.m. prime time kickoff on ACCN. The teams last met at South Bend early in the 2016 season, with Duke claiming a 38-35 win on then-freshman A.J. Reed's field goal in the closing minutes. The Blue Devils are the fourth of five ACC opponents on this year's Notre Dame schedule.

■ In ESPN's Football Power Index, 13 of the ACC's 14 teams are ranked in the top 80 of FPI, which ties for the most of any conference. FPI is a measure of team strength that is meant to be the best predictor of a team's performance going forward for the rest of the season.

■ There are 12 conference games remaining that involve at least one Coastal Division team, and entering week 11, there are 8,192 possible end-of-season standings scenarios. Following this week's games, there will be 1,024 possible scenarios.

■ The ACC has posted 28 wins against teams with a .500 record-or-better, the most of any conference.

■ The ACC is the most competitive conference in the country with 18 of 37 conference games (48.6 percent) decided by one possession. That is the highest percentage of any Power 5 conference. Nine ACC games have been decided by three points or fewer, the most of any Power 5 league.

 The ACC has won seven national championships in football, men's basketball, women's basketball and baseball since 2015. That is the most of any conference. The ACC is the only conference to win each of those four titles over that stretch.

 The ACC has won more football national titles than any other conference since 2013 (three of the last six) and more men's basketball national championships than any other league since 2015 (three of the last five).

Football

2013 Florida State (BCS)

2016 Clemson (CFP)

2018 Clemson (CFP)

 ACC Champion Clemson won the league's eighth football national championship in 2018 with a 44-16 win over previously unbeaten Alabama. The 28-point margin of victory was the largest over a No. 1 ranked team in ACC history.

 The ACC has had a team in either the College Football Playoff or the BCS National Championship Game in each of the past six years.

 The ACC matched its league record with 11 bowl teams in 2018, including Boston College, Clemson, Duke, Georgia Tech, Miami, NC State, Pitt, Syracuse, Virginia, Virginia Tech and Wake Forest. The 11 bowl teams tied for the most among any conference.

 The ACC finished the bowl season with six postseason wins, which tied for the most among all conferences.

 The ACC is the only conference to send every team to at least one bowl game over the last three seasons. In addition, the ACC is tied for the most bowl teams (32) among all conferences over the last three years (11 in 2016, 10 in 2017, 11 in 2018).

 Since 2013, the ACC has the second-best record of any Power 5 conference in the BCS, New Year's Six and CFP games, and has the most national championships (Florida State in 2013, Clemson in 2016 & 2018).

 The ACC's 19 postseason wins over the last three (2016-18) years are the most of any conference.

 A league-record 10 ACC teams were ranked last year in the AP Top 25 poll, including Boston College, Clemson, Duke, Florida State, Miami, NC State, Pitt, Syracuse, Virginia and Virginia Tech. The previous ACC record for most teams ranked in a season was nine in 2008. The 10 ranked teams are tied for most among all conferences.

 An ACC football player has won the Heisman Trophy or the Campbell Trophy – commonly referred to as the “Academic Heisman” – in five of the last six years, something no other league can claim. Clemson DT Christian Wilkins won the Campbell Trophy last year. He is the second consecutive winner from the ACC.

 In 2019, ACC teams will play more games (20) against Power 5 competition (including Notre Dame) than any of their peers.

 This year, ACC teams will play more games against non-conference teams (16) ranked in last year's final Associated Press Top 25 than any other Power 5 conference.

 ACC teams will play 26 games against non-conference opponents that participated in bowl games in 2018, the highest total among Power 5 conferences.

 The ACC is in its sixth year of a 12-year agreement with the Capital One Orange Bowl, which will host an ACC team—either its champion or next available team—in all years when the Orange Bowl is not a semifinal site for the College Football Playoff. The opponent will be the highest ranked available team from the SEC, Big Ten or Notre Dame.

 Eleven ACC football teams have an APR higher than the Division I average of 968, which ties for most among peer conferences. In all sports, the ACC leads all Power 5 conferences with 95 teams from member schools recognized in the most recent NCAA APR Public Recognition Awards.

 Ten of 14 ACC Football teams earned a graduation success rate (GSR) at or above the FBS average. That was second-most among Power 5 conferences, both in terms of percentage and in total number.

 The ACC remains the only Power 5 conference to have multiple teams score 90 or higher in GSR each year since 2005. Duke (96), Wake Forest (93) and Boston College (90) reached that plateau last year.

 In its 2018 U.S. News and World “Best Colleges” rankings, ACC member schools combine for an average rank of 54.7, marking the 12th straight year that the ACC has led all Power 5 conferences.

ACC DIVISIONAL TIEBREAKER

If more than one team in the same division is tied for the best winning percentage in its Conference games, the procedures listed below will be followed to determine the division's representative in the ACC Championship Game:

Two-Team Tie:

1. Head-to-head competition between the two tied teams.
2. Win percentage of the tied teams within the division.
3. Head-to-head competition versus the team within the division with the best overall win percentage. (Divisional and non-divisional) and proceeding through the division. Multiple ties within the division will be broken from first-to-last using the league's tiebreaking procedures.
4. Overall win percentage versus all common non-divisional opponents.
5. Combined win percentage vs. all non-divisional opponents.
6. Win percentage versus common non-divisional opponents based on their order of finish (overall conference win percentage) and proceeding through other common non-divisional teams based upon their divisional order of finish.
7. The tied team with the higher ranking by the Team Rating Score metric provided by SportSource Analytics following the conclusion of regular season games.
8. The representative shall be chosen by a draw as administered by the Commissioner or the Commissioner's designee.

Three-Team (or More) Team Tie

(Once a team is eliminated from the tie, the tie-breaker procedures restart for the remaining teams. If the three (or more) team tie can be reduced to two teams, the two-team tiebreaker format will then be applied.)

1. Combined head-to-head win percentage among the tied teams.
2. Win percentage of the tied teams within the division.
3. Head-to-head competition versus the team within the division with the best overall (divisional and non-divisional) Conference win percentage, and proceeding through the division. Multiple ties within the division will be broken first to last, using the league's tie-breaker policies.
4. Combined win percentage versus all common non-divisional opponents.
5. Overall win percentage versus non-divisional opponents.
6. Win percentage versus common non-divisional opponents based upon their order of finish (overall win percentage) and proceeding through other common non-divisional opponents based upon their divisional order of finish.
7. The tied team with the higher ranking by the Team Rating Score metric provided by SportSource Analytics following the conclusion of regular season games.
8. The representative shall be chosen by a draw as administered by the Commissioner or the Commissioner's designee.

THEACC.COM

The Atlantic Coast Conference's official website – theACC.com – is the source for complete conference football information. The media section of the website (theACC.com/media) offers additional information for use by members of the media, including access to ACC PhotoShelter, the home for conference and school logos, head shots of players and coaches from select sports and images from ACC events and championships.

ACCESSING ACC MEDIA PORTAL & DIGITAL LICENSE

ACC Media Portal (Highlights & Press Conferences): The ACC and XOS Digital have partnered to provide individual highlight packages from all ACC-controlled regular season football and men's basketball games to approved TV news affiliates for the 2019-20 seasons. Upon the conclusion of each game, highlights will be available for local TV news affiliates to download and use in televised news programming at no cost. Outlets may access the highlights, along with any weekly head coach press conferences, through the ACC Media Portal. This portal replaces the ACC Video Clip Service (AVCS). The use of ACC game highlights provided through the ACC Media Portal remain subject to those restrictions outlined in the ACC News Access Guidelines. Interested affiliates should email licensing@xosdigital.com to register for the ACC Media Portal and for additional information. Approved affiliates will receive a confirmation email along with credentials to access the ACC Media Portal.

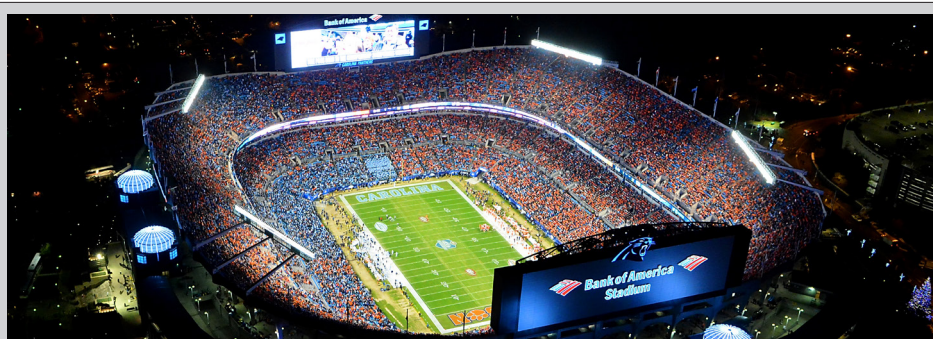

ACC Digital License: Per the ACC News Access Guidelines, game footage (station shot or broadcast) may not be distributed through digital platforms without a license. The ACC and XOS Digital now offer a turnkey digital highlight license specifically designed for local TV affiliates. This license will cover the use of ACC game footage across official station websites, apps, and social media platforms. Distribution of in-game highlights on any platform during the broadcast window is strictly prohibited, regardless of a digital license. Interested affiliates should email licensing@xosdigital.com to receive more information or to purchase a digital license.

ACC Digital Content: Agencies with interest in accessing or licensing ACC digital content beyond what is provided for in the ACC News Access Guidelines and as set forth in the preceding paragraphs should contact Chad Swofford, VP, General Manager of ACC Digital at Raycom Sports, at cswofford@raycomsports.com.
