### Player Notes

- With the start today, NT Jordan Redmond becomes the first true freshman to start a season opener on the defensive line for UVA since 2002 when DE Kwakou Robinson started against Colorado State. He is only the fourth UVA freshman (true or redshirt) since 1986 to start a season opener on the defensive line. # Virginia vs. Richmond

## Virginia Head Coach Bronco Mendenhall

### **Opening Statement:**

“I was pleased with the victory. Game one I think is always important for your team and for your season. I think, for a number of reasons, lending credibility to methodology through the year, or through the fall camp, it’s good to see return. So, camp was four weeks and to now have a return on their investment I think is always motivating and necessary. We have worked hard to reshape what we do offensively, that is still at the beginning stages, but I think you saw some of that direction with the combination of [Jordan Ellis] and [Bryce Perkins] and some on the throw game coming off of that. I think on defense we played consistently. Turnovers were effective and timely. Good defense of third down. And special teams I would say were neutral. Not necessarily a plus, not necessarily a minus, but a starting point. So I am pleased with the progress our program is making. I recognize we are still at the beginning of what this season will look like, this offense will look like, and this team. But there is a different poise, a different maturity, a different clarity and confidence certainly from two years ago or three years ago in our opener. Our roster is becoming deeper, our practice habits are allowing us to be more physical now that we have some injuries that are healing up. So a good start to the season.”

### **On [Jordan Ellis’] and [Bryce Perkins’] play:**

“The blocking is better, but the design is also different. When you have a quarterback run threat, yards are easier on the ground. We believe that a quarterback run threat takes more pressure off of the other ten players. The defense usually runs out of numbers and when that happens, then the pass game and big plays are opened up. There are then some big plays on the perimeter. I’m not going to say the yards are misleading, but it’s a different style. We believe [Jordan Ellis] is home base, he’s physical, he’s durable, he’s consistent and he has to be able to move the chains inside. That keeps the defense tight and allows [Bryce Perkins] and others to do what we need them to do.”

### **On offensive capability:**

“We have some dynamic players, certainly that have speed and that are good on the perimeter. When you start looking at [Olamide Zaccheaus] and then add [Joe Reed], and then you have the physical presence, [Bryce Perkins], you can count inside and outside, there starts to be more dynamic players on the field. Which allows more lanes to run and allows more time of possession, and as long as those dynamic plays can happen in the run game as well, that’s a bonus so there’s less risk. But we did enough in the pass game today. We are a little bit farther along actually. Regardless of the interception for a touchdown, there was enough of the pass game coming off the run game that I thought showed some progress.”

## Virginia Player Quotes

### Junior Quarterback Bryce Perkins

#### How long until you feel like you were settled in?

“After that first pick, we got it out, came up to the sideline, took a deep breath and said ‘I got it out now. Let’s just go play.’”

#### On explosive plays and the ones you got today; how much was scheme?

“Yeah some of it was scheme, but I mean you see on Omes he took it to the house. Our offense is just designed for that. We have so many great playmakers on the field – you’ve got to tackle the first time, and if you don’t it will be a long road.”

#### On transitioning from practice to a game:

“Coach Mendenhall does a great job of pushing tempo in practice, the pressure in practice is so great and you get to the game and it’s kind of like, ‘okay this is a little less hectic than practice.’ So practice for us is like running in game situation so anytime I can get out there in practice or play hard in practice, you know coach is doing something right.”

#### On getting that first big hit out of the way:

“Yeah I got a couple of them out of the way. I bounced up and it feels good, not being hit for several months and then coming back and getting the first one out of the way.”

#### How would you grade your play from game one?

“Obviously I would like to have the pick back. A couple other plays I wish I had back, but for the most part it’s pretty good for the first game, you know, and next week is Indiana and we have can improve from there.”

#### On the impact of huddling on the game:

“We put it in to slow the game down a little bit, to slow the game down on their side and start winning on offense and keep our defense off the field a little bit. Winning is part of the game plan.”

#### On first time in an FBS game:

“Man it felt great! Coming out of that tunnel I had a sigh of relief and I was like ‘Wow, I’m here now.’ It’s been a long journey. Two years ago I didn’t know if I was going to be here again, but God had different plans and I thank him everyday for it and it’s the first of many to come.”

#### On the rhythm with the receivers:

“Couple of plays, couple of throws in the beginning were on me and then after a while, I feel like we were on the same page with the routes and a lot of connections that we made. We have been practicing the same script the whole week, so you get to the game and we better execute.”

### Senior Offensive Tackle Marcus Applefield

#### On how the offense executed on the first time out:

“We started out slightly rough, but then we kind of picked it up, which we can do in the future. I was really impressed, but that’s what we practice. That’s what we preach. That’s what we want. So I think we got what we wanted, but we have a lot of things to clean up being the first game.”

#### On the Big Ten game next week:

“Those linebackers are going to come a little bit more downhill, but I don’t think there’s anything we can’t handle. I think, if anything, we will benefit from it.”

### Junior Defensive End Richard Burney

#### On his physical changes:

“I also put on weight. Coach has been helping me out. It’s a different kind of physicality and I had to get used to it quick. It took me awhile to get fully acclimated cause it’s a lot different. I would just say that your technique has to be on point and just play tightly.”

**On the defensive performance tonight:**

“I would give it about a B-. We still have a lot of things to work on, including myself, with the defensive but I think that we had a pretty good showing tonight. I just think we can do so much better.”

**Senior Halfback Olamide Zaccheaus****On the team’s reaction to Bryce Perkins’ interception:**

“I know what Bryce can do. He got the jitters out on that play. He bounced back really strong on the next possession.”

**On his reaction to the outcome:**

“This was the expectation, to come in here and win – not only win, but dominate. We hold ourselves to a new standard, as we’ve been saying, and that was the expectation – to come in here and dominate in all three phases. This is the result we’ve worked for. We’ve just got to move forward and prepare for Indiana.”

**On considering this a revenge game for UVA’s loss to Richmond two years ago:**

“No. We definitely owed them something for what they did when they came in here and beat us two years ago. It wasn’t something that we were like ‘This is a revenge game.’ It was just that we had to execute our assignments, make sure we were lined up right and go out there and make plays. It was definitely in the back of our minds, but it wasn’t something that we wanted to use as the foundation for our operation for the game.

**On the offense being where they want it to be:**

“It’s not anywhere. We had a lot of mistakes and dropped balls. We can’t be where we need to be the first game of the year. It’s just not possible. Of course there’s more that we can do. It’s just little things we have to do and make sure Bryce is comfortable and confident.”

**Senior Tailback Jordan Ellis****On his own performance:**

“It felt good out there. Obviously with Bryce having those two huge runs at the start of the game it opened up the run game for us. That’s what we plan on doing. We are going to have to carry the team in the ground game. That’s what we are going to do.”

**On Bryce’s performance:**

“He just has that game-breaking speed and athletic ability to take it the distance whenever he has the ball in his hands. He took some tough hits today and he got right back up. He’s tough. That’s what we want in our quarterback.”

**On the scheme creating big offensive plays:**

“It’s a little bit of everything. It’s the scheme and guys being in the right place. We just had the right offense for the right people at the right time. Bryce at quarterback being able to run and extend plays opens up the receivers, the passing game and the run game. We are just excited for what we can do. This is not the best we can perform. We still left some yards out there and some points out there. We just have to get better by watching film and improving on corrections. The scheme allows the defense to keep guessing and keeps them on their toes when they don’t know who has the ball.”

**On the emergence of the run game:**

“It’s really exciting. We had over 300 yards rushing today and this is just the start of what we can do. I’m just excited. This is only the first game and we were a little sloppy. We just have to clean up a few things. We will get there, we just have to keep improving.”

## Richmond Head Coach Russ Huesman Quotes

### **Opening Statement:**

“Well you know what I think encourages me, I think our guys fought. We made some mistakes. We made some coaching mistakes, and we probably didn’t adjust quickly enough to some of the option stuff they were doing. We didn’t put our guys in the best position. You know, I’m sure that we tackled great all the way across the board. We made some plays but probably not enough. I think both sides of the ball we made some plays. We’ve got to score points offensively. Three field goals is not good enough. I think they know that, and we’ll figure out ways to get them into good positions. I mean Virginia had eight starters back from a pretty good defense last year. I think the quarterback is a big-time player. He can run. It was a tough day.”

### **On the duel-threat ability of Virginia quarterback Bryce Perkins:**

“Especially with his legs. I mean the dude is quick. He is really electric, and they did a great job of putting him in positions to utilize his legs. I think throw wise, most of the throws he made were short little stuff and the wideouts did a great job. I couldn’t tell you how good of a thrower he is just by all the, everything was a slant, a hitch, but their wideouts are pretty good. They made some plays with their legs. He looks good. We came in thinking let’s defend him. Obviously we didn’t do a great job with that, but our whole thing was we got to defend him. You know they did some things and give them credit. Their offensive staff did a great job of scheming and how to get leverage on us and all those things. Their offensive staff did a really great job of game planning and putting him in great position.”

### **On the play of Richmond quarterback Kevin Johnson:**

“Well you know, I don’t know. We have to watch the film. Never once did I think he got rattled, which is a good thing. I know he threw the two picks late, but if he doesn’t throw those, it’s probably a pretty decent game.”

### **On the health of his team moving forward:**

“We came out of this thing pretty healthy, and I think we’re going to get healthier as we move forward, which is a good thing. We may get a DB or two back. We’re awful thin up front. We’ve got to get some guys healthy up front for sure, but they competed. I was proud of those guys.”

### **Richmond Player Quotes**

#### **Senior Defensive Line Andrew Clyde**

##### **On energy level during 1<sup>st</sup> half:**

“Starting from my point of view, being an interior lineman, I thought we did a good job of bottling up the middle. I don’t know how many runs they were getting in the A gap and B gap, creasing us like that. They did a really good job of hitting our edges and getting us running and bringing it down to one guy to make a tackle. More often than not, we did not make that tackle.”

##### **On his message to the freshman after watching film:**

“Yeah, see what you did wrong, learn from your mistakes, because first game you’re not a freshman anymore, you have that under your belt. You’ve got to do what it takes to make a play the next time your number is called.”

#### **Senior Wide Receiver Tyler Wilkins**

##### **On Richmond’s offensive performance and teamwork:**

“I think we still have a number of things to work on, administrative things between the three of us and Kevin. It’s hard when you have three receivers like that all working together, not necessarily trying to please everybody because we’re all here for the team, but it can be tough at times. I think what we have to do moving forward is just get behind Kev, support Kev, we all need to do better with the details. Details in our routes, details in our plays, details in the run game, especially. We have to finish plays and finish drives.”

##### **On UVAs defense:**

“I think they threw everything at us that we expected them to throw at us. Like I said, we just need to execute better. Focus on the details in the things that we do. Definitely need to make in-game adjustments better, player to player. We have to get better, flat and simple.”

Virginia Head Coach Bronco Mendenhall

**Opening Statement**

Hard fought game I thought we played hard and more aggressively. We were more assertive in the second half than the first. Game came down to a few plays with a chance to win right at the very end. I think Bryce (Perkins) showed a lot of courage and fortitude and gamesmanship. He gave us a great chance. Our execution was just not consistent enough. I think a tentative first half, a few key penalties mixed in. It was a hard-fought game, just fell short.

**What was the last play, what were you kind of hoping for when you drove?**

Basically, it's for lack of a better term, big ben. So, there are three players that will go up for the ball and a trailer that will slide in behind in case it's tipped or knocked forwards. It was a nice throw, there was a bunch of hands that went up and sometimes you come down with it and sometimes you don't. Bryce gave us a chance.

**What about your own offensive line?**

I think we struggled. Bryce is very active, so he was hard to get on the ground. He created and did a lot of things on his own. Indiana kept our run game going lateral more than downhill for a lot of the night which mitigated some of Jordan Ellis' effectiveness with 63 yards. We would like him to be over 100 certainly, but they kept him going lateral more than he would have liked.

**How much did number 21 from Indiana, Stevie Scott the running back, surprise you or did you kind of know going in that he might be a threat?**

No, we didn't think that they would be able to run the football effectively, and so we learned a lot about our team today. Coach Howell and the defensive coaches made some adjustments the second half, but there is a lot of takeaways there that we are going to have to work on.

**Postgame Notes**  
**Indiana vs. Virginia**

The Syracuse, N.Y., native finished with 204 yards on 31 carries (6.6 average) with his first career touchdown, a 40-yarder. His 204 yards are the second-most for an IU true freshman back, three shy of Anthony Thompson's mark back in 1986.
- Scott is the first Indiana running back to reach 200 yards since Devine Redding raced for 227 in the 2015 Pinstripe Bowl. His 40-yarder was the team's first 40-yard run since **Ricky Brookins** raced 64 yards in the 2017 finale at Purdue on Nov. 25.

**Indiana 20, Virginia 16**

**Sept. 8, 2018**

**Indiana Head Coach Tom Allen**

**Opening Statement**

Just so proud of our guys. Knew it was going to be a tough game. Weather was awful, but our guys just don't care about that stuff. Can't control the weather. I was really proud of the way they competed, proud of the way the offensive line responded to my challenge last week. To dominate the line of scrimmage against a team that has been really, really good against the run. Stevie Scott goes for 204 yards, second most in the history of our program for a true freshman. He never once fumbled the football, in those conditions it's really hard to do. We had only the one turnover on offense and ball security was great all night long. How about our young defense? They just keep coming, held them under 300 yards of offense, 16 points. Obviously at the end they made the huge stop to win the game and even on the interference call I said, hey, nobody complained, let's get fresh guys in there, use our last timeout and said this is what we got to do, we got to finish. We always tell them, you're going to have to play 60 minutes and beyond. We'll played to midnight, one, two in the morning, we don't care. So huge win for our program, great opportunity for us to continue to grow all these young guys we've got on the team and just really, really proud of this -- all, every single one ever them. So questions.

**Q. I thought Stevie was a little hesitant running the ball last week. What was different tonight? He seemed to be hitting the holes a lot harder?**

TOM ALLEN: Well, we obviously worked on that. It's just confidence. It's the second game now and I know you hear this all the time, but it's really true, you're going to have a lot of growth from week one to week two, for most teams. And then when you have 17 guys that play in their first college game, that's 17 guys that are now playing in their second game. And I just thought the whole week of preparation was different. I thought our week walkthroughs today were different, I thought our meetings today were different. We do a thing defensively where we call it Red Break Swarm and watch film. And just the way they make checks and they had a different air about them and they're just more confident. And I think Stevie the same thing, he just ran with confidence. And he's a big boy now and he's just naturally very strong, he has really good patience and vision. I noticed that right away in fall camp. I knew this kid was going to be special. Just didn't know when he was going to get his shot and obviously due to injuries and the situations we have right now, he got it early and he's taken advantage of it. So I think he's going to be a pretty special one.

**Q. I know you weren't happy with the defensive performance last week, felt good about a number of things on offense. I imagine no second-half points this week will probably bother you a little bit, but the defensive performance, do you think this team is synced up in a good way right now, offense to defense and special teams too?**

TOM ALLEN: I do. You mentioned some things that we have to address and I'm not happy about not scoring any points in the second half. We had a chance to put them away I thought with a couple of those tries, but we didn't. But they've got a good football team too. And then special teams, we got a couple blocks there on the field goals which were disappointing. And the conditions were, they were variable, I get that, but still it's no excuse. So, but then the defense responded. I just so -- I'm so proud of defense, I tell you. I take a lot of pride in that, there's no question. And I was really not happy with last week at all, and I know I said that, but I really was really upset, because I just felt like we were better

than we showed. And so -- and I think we are, but doesn't matter what I think it matters what we do on the field and how we play. So they responded, their coaches responded and I really, I got after them pretty good because I just feel like that you've got to play great defense if you want to win games. And so today was a prime example of that. I tell you what, that quarterback he's special now in terms of athletically, and he is hard to tackle and he's a big man and he's got a different gear. So I was, I stayed up a lot of late nights worrying about that guy. So just really -- and even No. 1, I thought he ran the ball so hard last week and I was concerned about us tackling him as young as we are and he's 225 pounds and he's really strong and a senior and we've got guys that are true freshmen out there trying to tackle him. Four years, five years difference in age. So just really feel like that those guys responded and they got a chance to become a complete football team. When both sides of the ball put it all together on the same night and special teams does their deal and we just play a lot of guys and that's, I've said that all along, it's going to be our key to success and just keep our guys fresh and just keep bringing them.

**Q. You mentioned the special teams. Anything in the moment that you can kind of diagnose what went wrong on those two plays there?**

TOM ALLEN: Well, the first one we had a mistake up front with one of our guys. He didn't step down like he was supposed to. And the second one, the timing was too slow and the kick was low. So I felt like it was the snap because of the wet ball and getting it down. So it just too long in our timing of it, our processing we call it, and then the kick was low. But obviously we got, that changes everything. We get a seven-point lead instead of a four-point lead. And when you get the block -- we lost three points in the exchange when we got the block and they returned it for two points. And so we really loss six total points there between those two blocks. So, obviously, not happy with that, but we will as we did last week, it's a lot more enjoyable to correct those mistakes after a win.

**Q. When you signed him, what did you know about him and what have you learned in the last two weeks?**

TOM ALLEN: This is interesting. The last two running backs that we have signed I wasn't sure about either one of them. When we signed Morgan, I told both guys that they're both linebackers and running backs, and I said if it doesn't work out at running back, we'll move you to linebacker. And I told them both the same thing because I just knew they were two big, strong guys. You get a six-one, six-two guy that weighs 230 plus pounds out of high school, I figured we could find a place to play them. And they can run. Same thing with Stevie, we're like, hey, we're going to stop him on offense and we may move him to linebacker, but, so I saw some similar things, actually both guys had injuries in high school that ended their senior years, didn't have a lot of reps, and so we really didn't know. But I thought we had, I did, I thought he had something different about him. And then when he got to camp and we started watching him run I'm like, yeah, this guy is, he's going to be all right. So you just kind of get a body type that you're looking for with all these Big-Ten looking running backs and he almost weighs 240, so that's a big man, so and he's really naturally strong, he's going to get stronger with our staff. So he's got a bright future if he just keeps his head on straight and stays humble and keeps working hard.

**Q. The first drive they kind of gassed you a little bit, but then after that, I'm sure it wasn't perfect, but really didn't have a lot of big plays and you guys really did a pretty good job. Did something you changed schematically or just the guys just changed the way they played.**

TOM ALLEN: I will say this, I felt like I called a very conservative game from the perspective of I just

wanted to let our guys get comfortable playing base defense. So I made a couple, I called a couple movements and some pressures early and I quit doing that, just because I felt like, let our guys get their feet set and play football. And then I got confidence to know, once we started stopping, that, hey, we can play that way. And we obviously brought some pressure at times, but I just wanted our guys, like you said, it's the youth and things are happening fast and the gaps, if you're moving, the gaps are changing and so I just wanted them to get their feet set, get grounded and play with confidence. Because I felt like, if we could do that and still stop the run that way, then that kind of, that's really the ideal when you're not taking as many chances.

**Q. You said you liked the way your offensive line responded. Kind of what specifically did they do better that you liked tonight?**

TOM ALLEN: We ran the ball really good against a good defense. I wouldn't say that the drives that we didn't finish were -- a couple of times we were bringing zero pressure, and then obviously you can't throw it as well as you like to because of the weather conditions, you don't want to turn it over, so you're in that little conundrum to decide what to do, but I just felt like the push off the ball, the finishing of blocks, against a team that basically just schematically are lined up to make the run game tough, and we still ran the ball. And I was concerned about our ability to run the ball against them, I really was just because I felt like they're a really good front seven defense and we thought that, going in, we thought that our best way to exploit them was through the passing game. And then it rains all day. I thought Noah was out there in the ark a couple times. But I just so, really, honestly, I was more concerned because of the weather -- and I didn't tell our team that -- but I personally was because of the matchup issues that that was going to create. We thought that we could throw the ball down the field and we still did. A couple of them were ugly throws, the ball was kind of wobbling, but I tell you what, just like we take -- and I told our team before this, this is going to come down to who wants to win the game. And there's a key third down for field position and you throw the ball up and Luke just absolutely wanted that football. And so we were able to throw the ball down the field at times enough and for a half that was huge, total score, obviously ended up being a winning score. So just things like that, just really just trying to establish the run game first, knock them off the football and then make some big plays.

**Q. Can you talk about Haydon and what he was able to do in terms of the field position and some of those short field punts.**

TOM ALLEN: Yeah, those were big. I was disappointed in the one, I think he caught it on the 12 or 13. I want it inside the 10 every time, try to get inside the five. I took the delay the one time because sometimes you get almost too close. And so you feel like I just wanted to maximize the clock and that way it keeps our timeouts for late in the game, which is, I'm glad we had that last one to use. And just things like that. So I was able to take a delay, give him a chance to, move us back a little bit and the ball was like on the 37 and so we could get, we call them goal punts for us because where they're at on the field. And so his value to this team, he had the one to pin them down inside the five on the three yard line there and it was tough conditions and he never muffed a snap. He just worked so hard on that. And our snapper, you know, just, you know, Dan Godsil is just awesome, he's so steady and just, Drew Conrad he won award for the game, just because he's so unselfish and he just does his job and most people don't even know who he is. But he's a tremendously valuable part of our team and he lives that every day because he cares more about this team than he does himself.

**Q. Obviously the weather conditions dictating a more running attack tonight and knowing that and knowing that Stevie was probably going to be carrying the load there, any trepidation knowing you're putting the ball in his hands 31 times tonight as a freshman?**

TOM ALLEN: Yeah, yeah. You got to believe in him and you got to let him go. And bottom line is you grow up really fast when you're forced to. And he's our biggest, strongest back. And I tell you what though, he's got huge hands and he's really strong and I think that that helps ball security. He just kind of swallows the ball up. And I just think that, yeah I think it was a little bit un-nerving for me because he is a true freshman and he is green, but I think we saw a guy grow up tonight in front of all of us and really proud of him. And the O line made it all happen.

**Q. Forgive me if I'm wrong, but it felt like Reakwon spent a lot of time kind of shadowing Perkins. I don't know if that was design or by just call, but how big was he tonight? I know he's a guy that had a really good spring and hasn't played a ton through his career, but he's a guy you talked about leaning on defensively.**

TOM ALLEN: Really proud of that young man because he stepped up. I got on him a year ago, I felt like Tegray had to play so many snaps because he didn't rise up and he didn't put himself in position for me to trust him to play. And so his spring was huge. He won MVP of our spring in a couple different areas. And just so proud of the way he played. You're right, that was an accurate assessment. And we had several calls where we spied him on the quarterback and he came up big. I tell you what, none bigger was Bryant's tackle there on that last drive on the quarterback and just, once again, he's not the biggest, the fastest or any of that, but his heart and his will is huge and he cares so much about this team and his teammates and he prepares and he is smart and he just does what he's asked to do. So a lot of guys like that have stepped up. And really proud of Reakwon and he just needs to keep climbing. We need him to rise up. And you're right, he has not played a whole lot, but that's changing and TD behind him played a bunch and Micah McFadden, he tackled him and he's a player. And all those linebackers -- I thought Dameon stepped you know and made some big plays and Thomas stepped up and made some big plays and, man, they're growing up right in front of us, so it was pretty cool to see.

**Indiana Player Quotes  
Indiana vs. Virginia  
Sept. 8, 2018**

**Donavan Hale**

**Q: How was it catching out there with the weather?**

A: Just gotta make plays out there in these conditions.

**Q: What are your thoughts on how Stevie Scott ran the ball and didn't turn it over in these conditions?**

A: It was huge. He obviously is going to be big for us in the long run, just need him to keep going.

**Q: This team didn't really run the ball great last year, how nice is it as an offense to know that you can count on guys like Stevie to step up? Does that help you guys as receivers as well?**

A: Yes, obviously having the run game to open up the pass game for our receivers to go out and make plays.

**Q: Tell me about the TD and what you saw. Once again, kind of like last week did you know it was coming your way?**

A: Yes, I was over there isolated and I just had to get open.

**Q: You've had a good year starting off, tell us about the quick start you've had?**

A: Just gotta keep going, build confidence and keep playing.

**Q: What were your thoughts when they were driving, got one play left and they were throwing it in the end zone?**

A: Obviously, always on your toes but I thought our defense was going to come through and they did.

**Q: The ability to finish, how big was that, that you were able to finish this game?**

A: That's our one word for the year is finish, and you know in previous years in the third, fourth quarter, second half it's been tough for us, so we just gotta come out, stay consistent and finish every single game.

**Peyton Ramsey**

**Q: How tough were those throwing conditions?**

A: It wasn't actually as hard as I thought, I came out of warm ups and got a grip on the ball. The toughest thing was when it got wet and it got water logged it felt like I was throwing a bowling ball, but then it would hang up in the air in the wind. For short throws, intermediate throws I didn't think it was as hard as I expected.

**Q: What did you think about the way Stevie Scott played not only his yards but he didn't have a turnover?**

A: He grew up tonight and we had talked about that all week that we need somebody in that room to step up. He kept coming back after a big run and was like 'feed me the ball'.

**Q: How much did the weather effect the game plan knowing it was going to rain all game?**

A: I think a little bit, there were some things you know certain concepts we were coming to. I would come off the field and coach would ask if I felt comfortable throwing the ball and in that way the game plan was the same when we did throw the ball, but yes you're right, we did run the ball a little bit more than we probably anticipated.

**Q: How valuable is it a guy like Stevie it feels like he's always moving forward even if it's only a yard or two, he doesn't lose yards?**

A: Exactly, those 1, 2, 3 yards put us in easier situations especially in the rain when its third and 4 opposed to third and 8. Those yards become extremely valuable.

**Q: When the running game is going that well what does it do for you as a quarterback? How much easier does it make your job?**

A: Especially in the rain you know everybody's going to come down into the box, they are expecting a run and ultimately comes down to throwing out on the perimeter to our big receivers, guys who I know are going to get open, guys that I can trust. I didn't make the most accurate throws tonight but guys went up and made plays and made me look good

**Q: Ty Fryfogle made a few nice catches out there what did you think of him?**

A: That's what we've seen from him, he is continuing to make big time plays and it's starting to come to light on Saturdays

**Q: Does that give you confidence having five, six, seven receivers you can go to?**

A: A lot, a lot of confidence. They are big bodied guys that can go snatch the ball out of the air.

**Reakwon Jones**

**Q: Talk about how much fun it was to have it on your guys' shoulders at the end to win the game?**

A: It was a lot of fun. We emphasized since January finishing, finishing and closing games. It doesn't matter what happens or how they get there, we just have to go out there and compete. It was a lot of fun to see all the drills we worked on really come to life and happen in a real game.

**Q: I don't know what the final stats were but after three quarters you guys had held them to just over 200 yards total offense.**

A: We were flying around. It was good to see everybody doing what they could, making plays and executing their job. I think it's going to give us a lot of confidence going into the rest of the season. We

really needed that after we struggled last week, we know everyone knows we struggled. It felt like we really picked it up and I'm really happy with everyone on this defense. We take to heart when Coach Allen is hard on us and we love it and we love how we played tonight.

**Q: Coach Allen was really proud tonight, what's the difference between this week and last week on your side? What did you guys do differently?**

We focused mostly. Last week we got away from our base rules and just got too involved in the game plan. They just went out there and ran basic stuff and we weren't prepared, we weren't communicating and this week we overcommunicated and emphasized that in practice. We held people accountable. If someone messes up, 'hey you know you got to go get them, you got to do this, let's not make this mistake twice.' It really helped the younger guys who came in and stepped in, with subs and definitely helped me. I focused on my run fits because I'm a linebacker and that's what I got to do first. It was a great week of practice, which I'm not surprised with the outcome of the game.

**Stevie Scott**

**Q: When you came in here and Coach Allen told you to do whatever you could to step up, what was that like and what did you do to establish yourself at running back?**

A: I came in just wanting to be on the field and help my team win.

**Q: What did you learn from the first game?**

A: I just got to run hard and run low. Don't leave any yards on the field.

**Q: Are you surprised you ran that many times?**

A: Not really because in practice we run the ball a lot so I was just trying to prepare on it.

## Virginia Game Notes

**Virginia (45) vs. Ohio (31)**  
**Saturday, Sept. 15, 2018**  
**Vanderbilt Stadium**

### Team Notes

- Due to the Commonwealth of Virginia being under a state of emergency due to Hurricane Florence, UVA's home game with Ohio was moved to Nashville, Tenn., and Vanderbilt Stadium.
- UVA played its first game in Nashville since the 2005 Music City Bowl.
- UVA has scored 40+ points in a game for the second time this season.
- Finishing with 552 total yards of offense, UVA surpassed 500 yards of total offense for the first time since tallying 626 yards of total offense last season against UConn.
- UVA is 2-0 all-time in neutral site games in Nashville.
- UVA is 2-0 all-time against Ohio.
- Virginia scored 38 points in the first half, which is the most the Cavaliers have scored in a half since scoring 38 in the first half against Duke in 1990. It also is tied with that Duke game for the fourth-most points scored in a half in UVA history.
- Virginia scored on its opening possession for the second game in a row.
- UVA had three one-play scoring drives in the first quarter.
- The three one-play scoring drives are the most for a game in program history, surpassing the 1990 Navy game when it had two.
- Olamide Zaccheaus' 86-yard touchdown reception is the fourth-longest one-play scoring drive in program history.
- ILB Zane Zandier made his first career start in place of injured Malcolm Cook.
- TE Ryan Swoboda made his first career start.

### Player Notes

- QB Bryce Perkins threw for a career-high 379 passing yards.
- Perkins is the 30th different UVA quarterback to throw for at least 300 yards in a game.
- Olamide Zaccheaus extended his active streak with a reception to 32 games.
- Zaccheaus's 86-yard touchdown reception in the first quarter was a career long and his third reception of 80 yards or more, which extends his UVA record.
- Zaccheaus finished with a career-high 247 receiving yards, which is his second game of the season with 100+ receiving yards and the fifth of his career.
- The 247 receiving yards by Zaccheaus is a single-game UVA record for receiving yards in a game. The previous record was 241 receiving yards by Ken Shelton in 1974 against William & Mary.
- TB Jordan Ellis rushed for three touchdowns, the first time a Cavalier has done that since Kevin Parks against William & Mary in 2011.
- Ellis finished with a career-high 171 rushing yards, his second game this season and third of his career with 100 or more rushing yards.
- Ellis is the first Cavalier to score three touchdowns in a game since Canaan Severin caught three receiving touchdowns at Louisville in 2015.

**Virginia vs. Ohio**  
**September 15, 2018**  
**Virginia Head Coach Bronco Mendenhall**

**Opening Statement:**

“In a football game, every rep matters. And you saw the different situations and some of the things that we did well and some of the inconsistencies that we certainly have to get fixed. And so, the game was an exact manifestation of why we needed the game and why we needed to play. And winning is important, any game is hard to win. We needed the game and I’m proud of my guys.”

**On the Teams Resiliency:**

“I saw resilience and the need to keep executing. I saw the resilience necessary because of miscues on our part. So, a turnover right before the half when we allow a sack, they drill the kick off right into one of our guys and we hadn’t worked on that, didn’t get out of the way and didn’t recover it. So simple things like that, at the end a dropped punt, those kinds of things are the exact reason more volume, more pressure, more stress to uncover it all while we win.”

**On Olamide Zaccheaus Performance:**

“Biggest play of the game was the third down at the end where it looks like if they have a chance to stop us there, you know, who knows in terms of maybe not a win, but it’s even closer. Yards after the catch were critical and it looked a lot like the play in the first half.”

**On Matt Gahm and [Zane Zandier] linebackers:**

[Zane Zandier] in both the first two games came into the game and played anywhere from 12 to 15 plays in game one and two and out-rated anybody else so it was good for him to earn that opportunity while [Malcolm Cook] was hurt. And [Matt Gahm] is kind of [Chris Peace’s] understudy and [Chris Peace] can’t play every play and get pressure every play, so yeah, we need the next tier of players in our depth and that’s clear after game three that there is going to have to be a handful more still that are able to play.

**On Moving on to Louisville:**

First of all, the maturity to handle this unique trip I think was huge, the ability to play the game. And, again, exposing strengths and weaknesses was huge. And just that alone builds momentum and helps us improve going into the next one.

**Sept. 15, 2018**

**Virginia vs Ohio**

**Ohio Head Coach Frank Solich Quotes**

**On his team's performance:**

"Slow start, just didn't play well on either side of the ball at the beginning. I thought we progressed as an offensive unit, showed flashes at times defensively of playing good defense but not nearly enough. The early part of the game was ridiculous in terms of explosive plays that we gave up and then kind of got going a little bit towards the end. So right now, you look at our first two ball games, we have not done a very good job getting off to a good start as a team early on. We've given up way too many yards, way too many points to people."

**On Virginia's explosive plays:**

"That just tells us we have got issues in some areas on both sides of it, pass defense and running game."

**On the environment of the game:**

"You know it wasn't bad when you get to where you're ready to play a ball game and looking forward to it. You know it's great to have people in the stands but you know we appreciate all the people that did come from Ohio or from here that are Bobcat-related fans. That was certainly appreciated by myself and our team, but it had no effect on the game. It is what it is. We're glad to get a game in."

**On Ohio's offense finding some rhythm:**

"Yeah, I think offensively we showed that we have weapons and that when we're playing good football those weapons get used and bring about explosive plays for our club. It's just frustrating to be playing that ball that we're playing right now. We've just got to do a better job. Some players got to do a better job. Our team is playing hard. It's just frustrating if you're team isn't playing hard and losing games because of it, but our guys are playing hard. We just got to play smarter at times. We just got to find a way to stop teams from making explosive plays. We just got to keep putting points on the board offensively. I think that we showed we have a number of weapons offensively, that when we're hitting on all cylinders it can be a really, really good offensive football team."

### Virginia Head Coach Quotes

#### Head coach Bronco Mendenhall

##### Opening statement:

“I was really proud of my team today. Really was proud of my defensive staff – Nick and Kelly and Shane and Vic – all former graduate assistants for me. We’ve been together for a long time. I was as happy for them as anyone. I still kind of view them as players, and my role is more oversight now in all phases of our program: defense, offense and special teams. I didn’t call a defensive play today. Nick Howell did an amazing job. Just happy for them and really happy for our players. They performed really well. Defense carried the beginning of the game, creating scoring opportunities, which then eventually we leveraged into touchdowns, not in the first half, but eventually we started to kind of handle sudden change a little better offensively. Touchdowns started to manifest and then we played all the way through the end. It was a strong performance by the team to be able to finish a game like that without some of the miscues that sometimes emerge or giving up points at the end or different things that happen. It was a clean finish, and that’s not easy to do. And so, really happy for our team, really happy for our program, our fans. And yeah, we have some momentum going.”

##### On second year linebacker Charles Snowden’s performance:

“It’s very impressive. Someone asked one of our players, I was doing a radio interview, and player most likely to be the President of the United States, and it was Charles Snowden. He’s Bryce Hall-like in terms of his preparation and his conscientiousness and his diligence and his intelligence and his unselfishness. Who he is, is allowing the accelerated version of his game. He certainly has the tools, and he’s learning what it feels like to play tired with all those snaps. He has a great mentor in that room with Chris Peace. An NFL player personnel person came in this week, and I shared this with my team, that said he had never seen in his entire career someone that practiced as hard as Chris Peace. That’s a powerful statement, knowing that this was his fourth day out just in one week of seeing multiple schools, and yet if you put that together over time that he’s never seen anyone practice as hard in his career. So, my point is Charles is under the influence of Chris, which I love that succession.”

##### On first years Jordan Redmond and Aaron Famui and defensive line:

“They’re learning on the job, and man, I’m glad they’re here because we would not be able to function as a team without them, and they’re holding their own. Yeah, there’s things they can do better, but they’re allowing us to play and highlight what we need to do defensively versus different personnel groups. And they’re just barely beginning their career and understanding of even what it looks like to play the position, so I’m encouraged by their starting point, and that’s where they are.”

##### On third year quarterback Bryce Perkins:

“I think ‘unbogging’ is a really good definition because there was penalties and there was things that just did not seem like the collective execution was going to be strong enough. One of the bright spots of having a quarterback that we targeted, after the last two years, and you saw similar things from Brennan Armstrong in his own way, those type of players are who we want at that position because it unbogs you, as you saw today.”

##### On Louisville playing two quarterbacks:

“We talked about it at halftime, where that certainly could happen with no points and really not threatening, with the offensive résumé that Louisville has and their coach has. It also followed suit of the last two games, where both were going to play. So, we expected both to play, and there were slight modifications in the plan.”

## UVA Player Quotes

### Sophomore Outside Linebacker Charles Snowden

#### On the dominant defensive performance:

“It means a lot to me. I look up to every single guy on the defensive side of the ball, so to go out and contribute and help them meant a lot to me.”

#### On his interception:

“We had gone over their route combinations all week, so I had a good idea of what they were going to do. The quarterback threw the ball, I got a good break, and since I’ve been blessed with long arms I could go out there and grab it.”

#### On their expectations for the game:

“On our defense, every man has a gap. We expect to hold them to 3 points, [that] is what we expect from our defense.”

#### On the goal line stand:

“That was huge. I think that really defined our defense. Last week versus Ohio, any time we had turnovers we gave up big plays. We really emphasized that this week. So to have a sudden change like that versus Louisville really showed our growth as a team. I can still vividly see Zane smacking that dude on third down. It is ingrained in my memory. It really meant a lot to the coaches and the whole team.”

### Sophomore Inside Linebacker Zane Zandier

#### On containing the Louisville quarterback Cunningham:

“We knew going in that he was a run-first guy. He liked to tuck and run before he was a passer. We had a lot of defenses that were designed to keep him contained and I think we did a pretty good job of that today.”

#### On comparing the results of the game to the expectations of the defense:

“That pretty much is the expectation. We have the strategy in place to do it and our coaches do a great job and we practice so hard during the week so not giving up a touchdown is what we’re shooting for.”

#### On the goal line stand:

“Being able to get that stop and stop the momentum and give the ball back to the offense without them scoring a touchdown was huge for us. Having that opportunity is so much fun – to have a big play and be a big part of the game.”

### Junior Cornerback Bryce Hall

#### On the goal line stand:

“That was huge. That was one of the biggest plays all game. That stop gave us the momentum and kept the points down. Two to three critical plays a game decide a game, and I think that was one of them.”

#### On his interception:

“I was just being a football player. I was in the zone. I was reading the quarterback’s eyes. As soon as I saw him let it go I went and got it. He let it go in my area and I went and took it.”

#### On the defensive performance:

“Defensively, I think we came in with a really good game plan by our coaches. We just executed. This is the kind of result that shows we can be a dominant defense if everyone does their job and everyone plays hard and I think we did that.”

### Junior Quarterback Bryce Perkins

#### On his open field hurdle:

“I dropped back to pass, saw a lane and tried to get as much as I can. I was trying to score and race him to the sideline, but he had a good angle. It was muscle reaction. I saw him go down a little bit and my body just instinctively jumped over him.”

**On his goal line hurdle for a touchdown:**

“I thought, ‘I’m not going to run him over,’ so the easiest way was just to go over top of him. Chris Glaser, one of our linemen, told me before the game to do it, so I guess it was subconsciously in the back of my mind.”

**On the injury to his right pinky finger:**

“It will be alright. It’s a little sore and swollen right now. It kind of got dislocated a bit, but nothing too serious. I’ll get in the training room tomorrow and ice it and go through a rehab.”

**On the red zone struggles in the first half:**

“That’s what we talked about at halftime. We have to score, we have to put the ball in the end zone. It’s just on us with simple mental errors. We came out in the second half and started executing the plays we know how to execute.”

**Sophomore Defensive End Mandy Alonso**

**On Louisville’s Interception**

“We came off of the turnover and a big thing that coach likes to emphasize is game-changing plays like that interception. It really changed the game because we had our backs against the wall and we were just trying to hold them. Our d-line and the linebackers, we came in and punched them in the mouth.”

**On the goal-line stand**

“We knew at that point that if they scored it was going to be a really tight game. It would have changed the outcome of the game, maybe. And we held it down and knew what we had to do.”

**What does it do to the sidelines when you make a goal line stand like that?**

“It got everybody fired up. Once we got to the sideline everyone was fired up and it really changed the game.”

**On holding Louisville to under 200 yards**

“It was awesome because everyone knew their keys and assignments and we just executed at a high level.”

**Junior Tailback Chris Sharp**

**On Bryce Perkins**

“Working with Bryce through spring, summer, and then the fall. You know, Bryce is an amazing athlete, not just a quarterback, he’s an athlete. He is still sometimes surprising me. With his hurdles today, I was telling him “you got a lot of height on those.” It’s exciting watching him play. It’s exciting playing with him. And overall it’s a great experience.”

**On his own abilities and their effects on defenses**

“Our offense is very versatile and we have a lot of aspects to it. It can be a bit surprising because my role is increasing and I’m at something they haven’t seen before. So we’ll see how they adjust and how we adjust.”

**On Perkins opening up the offense**

“It does a lot. It’s another person that the defense has to account for. So, I mean when you have to deal with a quarterback like that it opens up not only his running abilities but if the defense wants to account for that it opens up other people and it’s a difficult task for many defenses.”

**Junior Wide Receiver Joe Reed**

**On Bryce Perkins and his hurdle**

“Just to have a quarterback, you know, your lead guy out there making plays. [It has] nothing to do with passing the ball to you. We take pride in blocking for Bryce. We know that he is capable of doing stuff like that. It just makes your blocks more meaningful.”

**On Brennan Armstrong's rush**

"We weren't surprised. We've seen Brennan make plays like that all through spring and all throughout fall camp. It was just a matter of him having this opportunity to showcase what he is capable of."

**On the program's momentum and its effects on the team**

"Honestly I can just tell through the body language. Body language tells everything, especially throughout the week. Walking in McCue at 6 o'clock in the morning, it's just a different feeling. Guys actually want to be there, it's not like we have to be there. And we're expecting to win every game."

### **Louisville Coach Bobby Petrino**

#### **Opening Statement:**

“The first thing is I have to give credit to the University of Virginia. They had a good plan. Their players executed it. They made some big plays. You know as far as our team goes, I thought our defense played hard, did some good things, for two and a half, almost three quarters, but the offense didn’t do our part. The offense has got to take the ball, move it, get it in the end zone and that’s all on me. I’m the one who calls the plays for the offense. I’m the one that runs the offense, and we’ve got to do a better job. We have to get some consistency, get a good direction and try to get better in practice this week. It started out with [Malik Cunningham at quarterback]. I thought going into this game he gave us some energy, some fire. He really wasn’t able to execute in the first half. He tried hard. He ran hard. They did a good job with their plan of making sure the safeties knew where he was. They tackled him well. I think one of the things they did a good job of was tackling him. Then, he wasn’t able to keep his focus downfield and see things develop in the passing game. So, we felt at halftime that [Jawon Pass] would give us a better chance for that. Jawon did see the coverages and distribute the ball at times, but we continually hurt ourselves. We had a big penalty when we were driving the ball going in to score when the game was nice and tight. We hurt ourselves with a couple of penalties of not snapping the ball at times. We had some interceptions and one in the red zone. We’re just not very good right now on offense. We just have to get better to have an opportunity to win games.”

#### **On Louisville’s quarterback situation moving forward:**

“I think what we really need to do is grade this video and see where we’re at and try to make a decision here you know Monday probably and give us some direction on how we’re going to go and what we’re going to do. It’s hard to go back and forth. Some teams are playing two quarterbacks, but we haven’t had enough success playing two quarterbacks, so we have to work that out.”

#### **On Virginia’s red zone takeaway:**

“He thought the receiver from the other side of the field was going to come open on the corner route, and their corner [Bryce Hall] did a nice job of turning his guy loose and coming off and playing the ball in the air. It was a good play by their corner. They dropped eight guys deep on that. Sometimes you got to move on to the next play.”

### Louisville Players

#### Redshirt Sophomore Corner Back Rodjay Burns

**On keeping a positive mentality during a disappointing start to the season:**

“Just a lot of positivity, and the coaches, players, staff, everyone all coming together. Don’t worry about outside things, be able to adjust, and just play the next player and game. Don’t hang your head on the last game.”

**On stepping forward as a leader:**

“Yes. My whole thing as a team is to go into the film, correct dumb mistakes, get back to practice and practice hard. We are going to come out and just prepare for the next game and learn from this game, then leave it behind us.”

**On lack of offensive performance putting pressure on the defense:**

“They [Virginia] are very tough. They had the momentum. Virginia had the momentum at that point and we couldn’t stop them. One of the big key points that coach preaches is that we need to start winning third downs as a defensive group. I think that’s one thing we can really improve on.”

#### Senior Safety Dee Smith:

**On team feelings post game:**

“We came out, thought we had a good game plan, thought we could have played better. They came out, they had a great game plan. They outplayed us. They’re a great team. They just came out and executed a lot better than we did.”

**On plans after a loss such as this:**

“Back to the drawing board, go back to practice and practice hard. [Get] Everybody on board and let’s just try to build some chemistry together.

**On team maturity moving forward:**

“Like I said we are a young team. Having a young team, it’s easy for people to get down because they’ve never been in that situation before and now that they’re there, they don’t know how to handle it. We have to keep grinding every day.”

## **NC State Head Coach Dave Doeren**

### ***Opening statement...***

“Really proud of our coaching staff, players and appreciative of the fans. I thought our guys really played hard and physical football against a very good football team. I think Bronco has done a very nice job and their quarterback is a tough guy to tackle.

Defensively, we had an excellent gameplan, especially in the first half. They changed some things up at halftime and we had to adjust as we went.

Offensively, to be able to run the football effectively against a very good defense was great. I thought Ricky Person really sparked us and Brady, Reggie did some good things.

That was a fun win against a great team and we’re excited to be where we are right now.

Our home field advantage is as good as it gets, so I’m giving our students a heads up please stay here for the game Saturday.”

### ***On quarterback Ryan Finley throwing in tight windows...***

“He just has to be smart and not put the defense in a bad spot. He has really good wideouts and he’s going to trust what he sees, and he has the green light all day long. Nobody’s perfect, so I’m not saying he won’t make a mistake.”

### ***On having Ricky Person...***

“He’s still not a 100 percent, but that’s as good as he’s felt, and he really wanted to be on the field today. That kid is a warrior, I gave him the game ball and I thought he battled. He’s a change of pace back and makes people miss and we’ve been missing that.

You want that guy that can put his foot in the ground and change direction and he can do that.”

### ***On the game plan for Virginia quarterback Bryce Perkins...***

“I thought Coach Huxtable and our guys did a great job. We put some stress on our corners today, but we felt like if he couldn’t run the ball today then it would be hard for them to beat us.”

### ***On Cary Angeline's touchdown..***

“He was so excited. That’s the first time I’ve seen him excited to be honest with you and I told him it was the first of many. I was really happy for him and he had a good week of practice, so it was coming.”

## **VIRGINIA HEAD COACH BRONCO MENDENHALL**

### **Opening Statement:**

“Congratulations to NC State and Coach Doeren. I think they earned the victory today. We played well enough to make it interesting but not well enough to win the game. Our inability to run the ball consistently and their surprising ability to run the ball, those two things were the back story to what led to the outcome as it was. I was encouraged when it was 27-14. We had the ball down there and went for it on fourth. I thought we had a great chance there to finish this off and possibly pull off a comeback. Again, we just weren’t consistent enough to make that play. I was impressed with Bryce Perkins’ effort, competitive spirit, and ability and effectiveness. He did a really nice job of keeping drives alive and keeping the ball moving. I would say the same as a bright spot was Tavares Kelly, emerging and making some plays. I’m really encouraged by A.J. (Mejia’s) onside kick. That was executed exactly right in a critical moment, so that was one instance where execution matched the situation at a really high level. There just simply weren’t enough of those plays to win the game. Defensively, I was really surprised about their ability to run the football. Some of the same things that appeared in the Indiana game in terms of assignment, consistency (were a problem in this game). The loss of Jordan Mack certainly did affect the outcome. The loss of Brenton Nelson certainly did affect the outcome, but that doesn’t excuse the outcome.”

### **On putting pressure on Ryan Finley:**

“It’s a combination of pressure and coverage. We knew the statistics, the number of sacks going into this game and the number of sacks the entire year last year. It’s not an accident. We kind of pride ourselves on being able to hit the quarterback, and we didn’t. Their protection and ability to throw and catch the football or throw with incompletes and have us pass interfere, not defend cleanly, that’s basically the same result. They threw and caught and protected on third down better than we rushed and covered and executed. That hasn’t happened it seemed like for a long time, a team having that much success on third down, which I attribute to their protection, their quarterback, and their receiving play.”

### **On Virginia’s run game struggles:**

“It’s the offensive front versus their defensive front. Similar things manifested in the Indiana game. This defensive front was better, so we’re getting a clearer idea of what that looks like against the better opponents. I would say that we were realistic but certainly disappointed with our result. We’re getting a clearer idea of where our matchups and execution really are. Each play gives us more feedback.”

- Thornhill's 86 interception yards is a career high.

- With 61 rushing yards, Bryce Perkins now has 402 rushing yards on the season, passing Shawn Moore and Marques Hagans for No. 6 all-time in single-season UVA quarterback rushing.

## **UVA vs. Miami**

**Oct. 13 2018**

**UVA Head Coach Bronco Mendenhall**

### **Opening Statement**

“One of my favorite things is just to see our players happy and our coaches happy. They work really hard, we ask a lot of them and have now for two-and-a-half years. They’re becoming resilient and they are becoming confident and they acknowledge and see that happening. For me and my staff, it’s just fun to watch them transforming, not transformed, transforming and to see them feel that and sense it. It was really gratifying to see the energy of the crowd. I think it was the best crowd since I’ve been a coach here. I’m not talking about the numbers, I’m just talking about how engaged they were. And that atmosphere made a difference; it makes a difference. And I sensed maybe a beginning of what this really can be and more and more folks catching on and maybe believing this is for real and that this is going to happen. And so I just was proud of my team. And again, when you’re in ACC football you have to make enough plays to win and the games will be close, they will be competitive and that’s what we did. Really proud of our defensive staff again. The young guns on that side of the ball, I’m just as happy for them as I am for our players. Three of them were my former players, and to see them now passing that culture on is super gratifying. And to see [Bryce Perkins] just battle back and forth and find a way to help us with [Brian Delaney] emerging and kicking field goals to help us beat Miami at home, which was a pretty phenomenal thing and a turn of events I don’t think any of us could have predicted. So, overall, just a great night for Virginia football – for the players, the fans, and for the coaches.”

### **On motivation after the win**

“Well, the sheer number and quality of recruits that came to this game exceeded that of any game we’ve had in my time here. And when you play well and you show and they can see what it is, yeah, I think you gain significant momentum. We don’t have to send them an edit, we don’t have to write them a note, they can see and experience and feel what Virginia football is in an authentic view. It absolutely helps, especially when it’s earned and it’s not an accident and it’s not a fluke. We won the game and that has to be acknowledged.”

### **On the defenses’ response to turnovers**

“It’s huge. It looked like they wanted to play and they were anxious to play regardless of the circumstance and they felt confident. I sensed that during the week and that they delivered was phenomenal. The fourth down stops as well, they just kept answering the bell. Miami is a turnover producing, momentum gaining, change of possession exploiting team. Our defense answered and didn’t allow that all to happen. They squelched the momentum before it ever got away from us. My hat’s off to our coaches and players, secondary especially, making just tons of plays down the field.”

### UVA Player Quotes

#### **Sophomore Kicker Brian Delaney**

##### **On being the outside guy looking in:**

“My main focus has been kickoffs for awhile now and there was talk of me coming in for the field goal competition at points and we were thinking maybe some of the longer field goals. We were competing this week and just decided to go with me.”

##### **On getting hit on the final field goal:**

“Yeah, I mean anytime you’re on the ground as a kicker you think it’s going to be roughing the kicker and I was down there and I was trying to think, I was like, ‘That’s a first down I’m pretty sure,’ so either we’re taking the points and we can get the penalty off of that or maybe it was a first down and I was pretty happy when I saw that.”

##### **On the kicking competition in practice:**

“It just keeps us locked in, and the stakes going. It helps us stay focused in practice and get deliberate reps, which is what we need. Like I said, competition breeds success and breeds improvement, so I think it’s been helpful.”

##### **On his long kick and range for kicks:**

“I felt like I hit the ball well and it felt good coming off my foot. I’d say my range is a little farther than that, but that’s just coming from me. I don’t think we’re going to be kicking any farther, but I practice them farther.”

##### **On if it was frustrating when he was just doing the kickoff:**

“No, I wouldn’t say that cause I mean its going to be a competition this week. I have no idea what my role is going to be next week. That’s how it is for everybody every game. Everything has to be earned. I mean, it’s frustrating for myself because at times I feel like I can do more but we always say that you have the role that you earn, so I earned that role and I didn’t earn more, so it’s just motivation to work.”

#### **Senior SS Juan Thornhill**

##### **On wanting to come out for this game and what’s going through your head right now:**

“Honestly, I’m just very excited; like you said I took a lot of responsibility when we lost last year (to Miami). I gave up two touchdowns and this week I took this game very personal because I felt like they were going to come at me again and I had to make a statement because I had to redeem myself. I felt like they thought I wasn’t the player that I know I am, so I felt very disrespected so I was ready to play.”

##### **On what statement he and the defense made today:**

“We just played hard. We didn’t change anything, we just played as hard as we could. We allowed them to score that one touchdown, but I think we played pretty good as a whole.”

##### **On after the second interception and being in Perry’s (starting QB) head:**

“Oh yeah, definitely. I mean, because he was a young guy and he hasn’t seen a defense like ours, so he’s been going against a bunch of man-free so he can just see the quick throws and throw them but our defense you actually have to read it and know what’s going on. We saw frustration in his face and he looked like he was just ready to throw us a bunch of balls.”

##### **On adjustments from the NC State game:**

“Honestly we didn’t make any adjustments. It was all about mindset. We played a lot harder today than we did the other week, but we didn’t change anything at all.”

##### **On what this means to the team:**

“It just woke everybody up and it shows that we have a shot to win this – to win the ACC.”

##### **On last year’s game and how it has haunted him since then:**

“Last year I knew that I was injured and they were coming at me a lot and throwing a bunch of balls at me. I gave up a bunch of completions and that’s not the player that I am. I gave up two touchdowns and, for me personally, I do not like giving up touchdowns at all. So I took this game very personally.”

#### **Sophomore Free Safety Joey Blount**

##### **On the defense’s focus to not allow Miami to score points off of turnovers:**

“We’ve been working on sudden change and how we can bounce back from that. We’re playing complimentary football –

when our offense is down, we have to bring it up a little bit. We want to have dynamic equilibrium between the two sides and I think we did a wonderful job of that tonight. They had a couple turnovers themselves, and with that momentum they had, we took it upon ourselves to not let that faze us as a defense and to match their intensity. I think we did an outstanding job tonight coming out and causing turnovers and putting our offense in really good situations to score.”

**On the kicking competition in practice:**

“That’s a huge part of our team. The last couple of years it has been a struggle. Every week is a competition. Just like if I’m playing [defensive back] and get hurt, who is going to step up next? It’s a never-ending competition. I think Brian Delaney had a wonderful game. He really proved he has the leg, he can kick off, he can punt, he’s a very well-rounded kicker. He was really the MVP of the game tonight.”

**On Miami’s change of quarterbacks:**

“Going off of last year, we knew what kind of quarterback [Malik Rosier] was. He’s not scared to tuck and run and he can make the throws needed. We came into the game knowing we would throw some disguises at him and go 5 across with [defensive backs] and they would not really know what was going to happen. With Rosier, we were more aware of the running game and the ability to tuck the ball.”

**Junior Quarterback Bryce Perkins**

**On looking forward to next game:**

“We can’t let off the gas. We have to keep going to Duke and play just how we played tonight with the same aggression. From here on out it’s going to be a competition to see who can take over the ACC. If we come out how we did, besides the turnovers, I think we’ll be in good shape.”

**On the students rushing the field:**

“I couldn’t breathe, I couldn’t see. I felt like I was in a time warp. I didn’t know where anything or anybody was. It was a great energy and a great experience. The fans did a great job of showing up and showing love. I can’t ask for a better student section.”

**On the offensive line:**

“They did a great job. I told them every drive they were blocking their tail off tonight, especially run blocking. They came out with a different type of aggressive attitude that I haven’t seen before. It just shows how much dog they have in them.”

**On the defense’s play stopping Miami after UVA turnovers:**

“That was great. Talk about a performance by the defense. We knew coming into the game that the emphasis was on turnovers. I threw three stupid ones and the defense did a great job. Miami is known for capitalizing off of turnovers. [Our defense] came to me after every pick and said ‘We got you’ and I said ‘Alright, I appreciate it.’ They were doing their job, so we came back at halftime and said we have to do our job to secure the ball.”

**Junior Corner Bryce Hall**

**On limiting the Miami offense:**

“We have some of the best coaches in the country. The preparation and the game plan and how much time and effort they spend in developing strategies for us to be successful. It’s just a matter of us doing our jobs exactly right and trusting in their schemes and strategies they have for us. When we execute the way they train and prepare us, those are the kind of results that can happen. I think the same thing was true for Louisville. When we executed the game plan the coaches had set for us that is how we succeed the best.”

**On the pass rush:**

“The pass rush helps. Getting the ball out quicker takes pressure off us. Coach always talks about how this game comes down to one-on-ones – you against them. The more guys we have winning our one-on-ones, the better we’re going to be.”

### **Miami Head Coach Quotes**

#### **Head coach Mark Richt**

##### **Opening statement:**

“First, I’ve got to give credit to Virginia. Mendenhall did a great job getting his team ready to play ball. It’s a disappointing loss for sure. I’m pretty impressed by the fight of our team all the way through. We were fighting hard to get back in it at the end, but unfortunately, we had some penalties that hurt us at the very end, but the guys played their hearts out. We certainly struggled offensively. You can ask about the quarterback change. I just felt like we needed a guy with some veteran experience in there. [Quarterback] N’Kosi [Perry] has a bright future ahead of him, but tonight, with the way things were going, I wanted to go ahead and give [quarterback] Malik [Rosier] an opportunity to get in here and get us back in the ball game. It’s going to be a tough pill to swallow. It’s going to be a long flight home. It’s going to be a long time before we get to play another game, so we have some things we have to get straightened out.”

##### **On not being able to run block consistently:**

“Well, we didn’t get much running the ball. When we did try and run it on early downs, we didn’t get a lot of space. Not many people can just exist with third downs on third down and longs. The line’s going to take the brunt of it, but we have tight ends that are supposed to block, we have running backs that are supposed to block and we have receivers who are supposed to block.”

##### **On the decision to go for an onside kick:**

“Yeah, you know, once we got the penalty, the ball got moved up 15 yards. If you go onside and you get it, it’s a bonus. If you go onside and you don’t get it, normally the guy gets tackled. You may lose 10 to maybe 15 yards of field position if you don’t get it and still have time, have three timeouts to get a stop. You can debate that both ways. If there wasn’t the penalty, there never would have been a thought, we would have kicked it deep.”

##### **On the potential position battle at quarterback:**

“How I see it is both those young men are really talented guys that can play, that can function. That’s the good news. We’ll figure out who gives us the best chance the next time we play.”

## Miami Players

### Senior Defensive Back Jaquan Johnson

#### On his words to Tito [Odenigbo] after a late penalty:

“It was a rough game the entire night. Hitting after the play and the ref letting us play, it was just the wrong time to make a mistake like that. I told Tito to keep his head up. In the locker room I reassured him, onto the next one, be ready for it.”

#### On the difficulty of this loss given an upcoming by week:

“It’s definitely a tough one to sit on. It’s probably a blessing that we get to sit on this loss and we don’t get to go right back into battle. I think the wait has woken us up even more. We haven’t lost since the LSU game so this is a reminder, don’t ever forget that feeling of losing. It’s terrible, no one likes it, it’s a bad feeling. It leaves a nasty taste in your mouth. With this loss I think we’ll take it in stride. Of course we didn’t want to lose this one, but we’ll come back better.”

#### On preparing for players like Bryce Perkins:

“Those guys are always getting out of the pocket, escaping, breaking tackles, things like that, so it’s very difficult. You can’t really emulate that in practice so when you get in the game you just have to adjust on the fly. Of course he did a good job managing this offense, it was enough to get them the win.”

#### On positivity after this loss:

“There’s definitely still positivity. I mean it’s a tough loss, so that’s around the locker room right now. I believe that the players’ heads are high. We have a long season left, just can’t let anymore go. We have to come out and dominate them starting in practice.”

### Redshirt Senior Quarterback Malik Rosier:

#### On being subbed in mid game:

“He came to me and said just be you. Do what you’re supposed to do, take it one play at a time, take it every drive at a time. They did a good job, they had 2 weeks to prepare for us and we knew coming in that they were going to be schematically sound. When you have two weeks to rest and two weeks to prepare and watch film over and over and over again, you’re going to be ready. We knew that, they just did a good job. We just have to better.”

#### On his rhythm coming in off the bench:

“I didn’t feel uncomfortable, but yeah sitting out a couple games, it felt different at first. They just told me to settle down and I wound up settling down. The guys came through, they did a great job. At the end of the day, that loss is on me. If I had hit that first fly route in the end zone, that game is totally different. It’s that simple play, like a simple fly route. Everyone runs it in their offense and those are throws we make everyday, if you make those throws it’s a different ball game.”

#### On the late game pick:

“It was tipped a little bit, that’s just football. He did a good job of getting his hands up and tipping the ball, then they had a guy underneath. If not, Will Mallory was wide open and it was going to be an easy completion, but I mean that’s just plays in football. Tipped balls are something that every defense works on and they just did a good job of deflecting it.”

## Head Coach Bronco Mendenhall Quotes

October 20, 2018

### **HEAD COACH BRONCO MENDENHALL**

#### ***Opening statement:***

"I'm obviously really excited and proud of our team. We're coming off of the Miami win last week and that presented a significant challenge. It was considered and labeled a lot of different things by folks as signature, breakthrough, or etc. Once that is out there, that really makes every game after more challenging, especially the next one. So our team showed the maturity and resiliency to come on the road and start fast. It wasn't just the way that they played the game, the start was indicative of their mindset. We worked really hard on that to erase Miami on Monday, and insert Duke. Our players took that to heart. Our special teams and our return game was the catalyst for this victory, especially early on. Duke is very strong on defense but they were backed up consistently. Field position through our return game gave us a really nice advantage and momentum in a start after coming on the road into this environment. Duke made some nice adjustments and the quarterback (Daniel Jones) did a nice job on their first drive. We didn't execute on two or three critical plays, and they were able to get into the end zone. As expected with a David Cutcliffe coached team, they're going to be sound, solid, competitive and resilient, and they're going to battle. That played out exactly as they're trained. They deserve credit for that. As always in the ACC, the team that makes the most plays at the critical time wins. We made a few more plays than our opponent. One of the critical plays, if not the critical play, would be Bryce Perkins finding Evan Butts. Duke had an unblocked player and they rushed more than we could protect against under the current protection. Bryce eludes him with no help from the rest of our team, stays active and alive and finds Evan. That was a huge play in the game at that point in the game. Then I would say Brian Delaney in the second half. The field goals he made were huge. As disappointed as we are in the first half of some not being made, I am equally impressed with the ones he made in the second half because there's more pressure and more at stake. Defensively, our guys played great, solid and sound. Duke really struggled to run the ball effectively. It really came down to managing the pass game and trying to get pressure. We had a couple of players go out with injuries, so there were a couple of young guys out there in the secondary the last couple of drives. It just seems like the next game of the new guys getting more work. I'm really pleased with our team and our program with the success that we're starting to show."

#### ***On the character of the defense late in the game:***

"We're starting to play more complementary football. That means if the defense stops, then the return game goes. It's not neutral, but it actually builds off of that, and then hopefully the offense builds off of that. It's been a while but the complementary nature of our team the last two weeks in particular is growing and becoming better."

#### ***On Juan Thornhill:***

"Duke's attempts downfield today and our interceptions controlled the momentum. In games we don't make those plays, it usually leads to scoring drives. We're getting better at playing the ball and the 50/50 balls and making the plays downfield that we need to. Then it forces the teams to be more sustainable in their drives. If we get enough chances, we can normally get to the quarterback."

#### ***On the mindset of his team:***

"It's just time together. The principles that we have are guiding principles. It's real. Guys adhere, believe and support those things. Those things frame our culture and within the culture is how they work. Time working increases execution, and when increase your execution under duress like that when you play an opponent, the outcome usually starts to shift over time. The outcome starts to shift over time and that's what's happening now at the two-and-a-half year mark. We can just it shifting, not shifted, but shifting. We're watching it happen right in front of us."

#### ***On the team's offensive success:***

"Starting a week ago and coming off of our bye, we targeted a few things we think we could and would do better. We got rid of some things we couldn't do or would never be able to do, and quit spending time on those. The last two weeks with Miami and Duke—teams that are good on defense—it's starting to sound better and look better. The results are becoming more positive which allows the clock to run and the momentum to shift. The defense stays fresher and they play faster on third down. The complementary nature of the game with Bryce (Perkins) doing his thing in between, that's starting to become our identity."

## Head Coach David Cutcliffe Quotes

*October 20, 2018 - Virginia Game*

### **HEAD COACH DAVID CUTCLIFFE**

#### **On overall thoughts on the outcome of the game ...**

"It's pretty obvious that we made it easier for our opponent. The simple comment would be what I told our team -- and this is not being gracious or humble -- when this happens, it's all on the head coach. You might have a good feeling about how prepared your team is or whatever the circumstances are and when you help an opponent in as many ways as we did, it has to be on the head football coach. You don't react to it, you respond to it. There's a huge difference. I'll be looking at the tape in all three phases and be thinking of the things we have to get better at quickly. We're not going to outsource the adversity. We all accept ownership of the adversity and we're all required to respond to it. The head football coach has to prepare us to be a difficult team to beat to be successful in this business. We did anything but that and that's all on me."

#### **On the kicking game putting the defense in poor yardage ...**

"Virginia went to a double-safety return and had one return man faking as if he was catching. There are a lot of technical fundamentals required for that. You have to have ball placement and covering where the ball should be, we have to have personnel responsible in a dual situation and we have to avoid penalties. Again, all of that comes down to me not doing my job well enough."

#### **On running the ball ...**

"With this defensive system, we haven't run the ball as well as we should or could. We felt good about our plan and apparently the matchups weren't what we thought. When you get behind and help another team, it goes back to me. I have every opportunity to make sure we're putting our players in the best position to win the game. That's what every decision is about and I obviously didn't do that well enough."

#### **On being consistent every play ...**

"There [are] about 180 plays every game. Sometimes as many as 200, but about 180. You better play every one of them well because you never know which play in a game wins or loses a game. The biggest thing I would say for the defense is tackling. Again, that goes back to the head coach. I have to make sure and believe that we can. I thought we were prepared. We put an emphasis on tackling this week and obviously it wasn't good enough. I'm evaluating our practice schedule and myself ... what my week looks like. We have to dive into this and respond. We do a lot of great things that can't be forgotten, but at the same time you have to evaluate yourself on a week-to-week basis."

## Player Quotes

*October 20, 2018 - Virginia Game*

### **63 - ZACH HARMON - R-SR. - C/OG**

#### **On his feelings on the game ...**

"You really exert yourself out there for 60 minutes and Virginia, it's always a really physical game. It was more of the same this year, very physical. There were times I felt the offensive line played really well and there were just things here and there that didn't go our way. We really shot ourselves in the foot quite often. It's frustrating. You work so hard all week and everyone would tell you we thought we had a great week of preparation. It didn't really show today. That's one of the more frustrating parts, but props to Virginia. They got off to a hot start and they came ready to play."

#### **On facing an early deficit ...**

"They go out and score the first drive, I don't really think it fazes anybody. It's more of when we go out there on offense and three or four drives and zero results. That's when the morale starts going down a little bit, naturally. None of that really should have happened. We did what we game planned. We just didn't execute."

#### **On Virginia's defense ...**

"We were expecting more of a three-down front, more of an out front. They went to more of a four-down look towards the end of the game, as a majority. They got really exotic with some of their stunts and some of their blitzes. At times we picked it up really well and there were just things down field that didn't go our way. Other times, we had missed assignments on the offensive line and that's what stalled some drives. Virginia came in with a good game plan. I thought we handled it well at some times and I don't think there was anything that we couldn't have handled but it's just the execution part of it."

#### **On halftime ...**

"Every game, you go into halftime and say it's 0-0. The second half is a brand-new game is how we look at it. I think we were pretty amped up coming out of halftime and I think that first drive really shows what we were expecting. We just couldn't capitalize on the momentum. I just felt like if we would have gotten a quick stop and the ball back sooner and the momentum kept rolling, who knows. None of that really matters now. We've just really got to capitalize on some missed opportunities."

### **44 - JOE GILES-HARRIS - R-JR. - LB**

#### **On key factors in the loss ...**

"The biggest thing was we didn't show up from the opening kickoff until about midway through the second quarter. Then we decided to start playing Duke football. You can't do that in ACC games. We gave up 14 quick points and that's what happened. You can't really break that lead. You can come close, but you've got to do a lot more than you should normally have to, to come back and win a game. When you don't start off hot, you let other teams get an advantage and get up. They played with the lead for the whole game."

#### **On Virginia quarterback Bryce Perkins ...**

"We were prepared for them. We knew what they were going to do. We knew what type of athlete he was. We wanted to make him throw the ball. And we didn't execute. We got him a couple of times and we just didn't make a tackle. We've got to tackle better. We've got to do a lot of things better defensively as far as I'm concerned. We've got to get a lot tougher."

#### **On injuries to the defense ...**

"It's definitely tough but we've got guys we can plug in and we expect the same amount and same effort, as if they were the captain or the guy from the get-go. Xander Gagnon came in and played a great game from what I saw and I was on the field with him. He knew all his checks, he knew what to do. He got everybody lined up. He does what a Mike linebacker is supposed to do. And the D-line, they're tough. We expect a lot from them. They're going to do a lot. At the end of the day, we can't worry about who's not playing. We've got to worry about the 11 guys who are in there. I think the biggest thing is everybody's got to keep stepping up and keep rising to the occasion. Brandon Feamster made his first start, played great today. I was happy that Michael Carter [II] came back and played great today. We've just got to play great every play. We can't play great, great, okay, average. It's not going to work. You've got to play great every play if you're going to win in this league."

# Virginia vs. UNC

Oct. 27, 2018

## Virginia Head Coach Bronco Mendenhall

### **Opening Statement:**

“I’m just thrilled for our team. I’m thrilled that the new standard is being fulfilled, and part of that, again, is that we expect to win football games. We expect to play in the post-season. It’s not something to wonder or marvel about, it’s something that is real and it does happen. And that this team is doing that and has done it now back to back is a significant accomplishment and it’s worth pausing to consider what that means for Virginia Football. I think there are roots being established, I think there’s momentum that’s been generated and I think the expectation has shifted now to winning football at Virginia. I’m really excited for my team, my coaches, and thrilled for a moment to just enjoy that.”

### **On [Olamide Zaccheaus’s] performance and development:**

“The growth and development I’ve seen with [Olamide Zaccheaus], the capability has always been there, but his drive for excellence keeps accelerating to a higher level. He’s hungrier to be better. He also knows, and we’ve talked really bluntly, that if he doesn’t play well, we don’t have a great chance to win. He’s able to shoulder that, and I put him in a place where he can still focus on his game and production and help our team without it now being that he’s the reason. It’s now how can he contribute. He’s hungrier for the team’s success than I think he is his own and that comes with maturity and that’s what’s happened with him.”

### **On [Bryce Perkins’s] contributions to the programs progress:**

“[He] certainly has. I’ve mentioned a number of times, and it’s relevant now and looking back, but it was our intent when we decided to head this way with a dynamic type of quarterback. When you consider now the significant change of style in play in eight games, it’s now our third year together, it’s eight games with [Bryce Perkins]. The previous two years were a completely different style, so [Bryce Perkins’s] ability to not only take on content, but then perform and allow us to expand each with just this poise and just kind of solid week in and week out and day in and day out mentality. It’s just so nice not to have the wild ups and wild downs, and he keeps getting better. So certainly, I would say he is exceeding expectations and just a joy to have on our team.”

### **On splitting the rock:**

“So today, I acknowledged [Olamide Zaccheaus] becoming the all-time reception leader, but then I said ‘none of that happens without [Bryce Perkins].’ And so, it was kind of a cumulative effect that [Bryce Perkins] had too. And I couldn’t remember if he’d done it yet or not. I didn’t think he had so decided ‘okay, it’s gotta be [Bryce Perkins].’ There is no more rational to it than that.”

### **On the game’s first two possessions:**

“It was huge because, our opinion was we were concerned about the tempo and momentum and playmaking ability of North Carolina, and we just needed to widen the gap. To be able to then address it right off the bat generated more confidence with everybody that what was said was then carried out. Football programs start advancing when what is being taught and what is being adjusted to in real time is being executed, rather than the next week. And so that is what started to happen, so our coaches are doing nice adjustments. The harder part is with the players taking the adjustments and then applying them in real time.”

## **UVA vs UNC**

**Oct. 27, 2018**

### **UVA Players**

#### **Junior QB Bryce Perkins**

##### **On breaking the rock:**

“It felt good, but I was never really worried about that. The win is good enough, to be honest. I enjoyed it. It was a collective effort -- it was my first rock break and I’ll definitely be taking a piece of that home.”

##### **On the first drive:**

“They came out showed a little different things. The first drive we were aggressive, everyone came out running aggressively and the receivers did a great job. If we come out like that, teams need to be cautious about doing something that they thought was going to work and they go back to their original stuff, their based defense, later on.”

##### **On the sixth win of the season being different this year:**

“You can feel it in the locker room. We are not satisfied. We come out, and coach tells us everyday that we can win however many we want to. We go out there and play --we have a different kind of swagger, and you can feel it on the field when we play together. We love playing for each other, and we love playing for coach. We are not satisfied -- we want the Coastal, and we are not going to be satisfied until we get that.”

##### **On if this was your perfect day**

“It was good, but I threw a pick so, yeah there were things that I missed on. It was a decent day, but there’s going to be a time were I have to come out and perform better and eliminate turnovers.”

##### **On how it compares to what you expected coming into UVA**

“Coming to watch a little bit of the games last year, I was like ‘Man this team is a couple plays away from being great.’ And you can see it in glimpses and now we bought into it, definitely after a couple games of starting off strong. I don’t think there’s an offense that can dominate our defense.”

#### **Senior SS Juan Thornhill**

##### **On how much differently UVA plays defense**

“Honestly, we don’t change anything. We just keep playing with the same game plan and then maybe when they’re behind we will be less aggressive, but we just stick to what we’ve been working on the whole time.”

##### **On the first drive of the second half**

“They came out with momentum, but we stole the momentum back and that’s definitely a big thing for us and we got the ball back to the offense.”

##### **On the pandemonium on the field after qualifying for a bowl game last year, and how this year is different**

“I feel like it was expected for us to do, and I knew what our team was capable of. We are not look like ‘Oh I’m surprised we got to a bowl game’. We are not shocked because we are looking for more, we are looking to go way further than that.”

##### **On if this team has earned the spot in the top 25**

“I definitely think so because I think we have one of the best defenses in the nation, honestly. We are playing great right now, and you can’t take that away from us. If we move up in the rankings, then we moved, but if not, we will make everyone believe that we can be in there.”

#### **Sophomore CB Darrius Bratton**

##### **On Bronco saying he’s not easily satisfied and how that works**

“Our practices are going to be the same, we are going to work hard. We are going to grind, and we are going to pursue the ball on defense and on offense we are going to make plays, and that’s all it’s really about.”

##### **On seeing Tim go down with injuries and reaction seeing him go down again**

“Keeping him motivated, keeping him up. I know he’s going through a lot in his head. I know I just want everyone to play good and I just want to motivate him and be with him to the end.”

**UVA vs. UNC**

**Oct. 27**

**UNC Head Coach Larry Fedora**

**Opening Statement:**

“We’ll start off by giving Bronco, his staff and that Virginia team a lot of credit for the job that they did today. They played extremely well and got a win. It’s always tough to go on the road and get a win in the ACC, and these guys are kind of in control of their own destiny right now in the Coastal [Division]. They made the plays that they needed to make today to win the football game.”

**On UNC’s offensive struggles:**

“Well, I’m going to say all the way through the game we weren’t consistent running the ball. I don’t know what our first-down efficiency was, but I don’t think it was very good. The drives that we had were successful, where we would pick up first downs and get our tempo going, we looked like an offense. Other than that, the majority of the time we were in third and long situations, because we weren’t efficient on first down. We have to run the ball efficiency to be successful.”

**On the team’s demeanor at halftime:**

“The guys were pretty much like they always were at halftime. They know it’s a 60-minute battle. They know once we come in at half, they put that one behind them and know they have 30 more minutes to fight. Every game we’ve been in it at halftime, in most of the games I should say. We just didn’t make enough plays in the second half.”

**On containing UVA quarterback, Bryce Perkins:**

“Yeah he’s a good football player. He can run. He can really run and it makes you do some things that open up some things in the passing game. You have to worry about caging and containing him in a pass rush. You’re really not trying to get sacks as much as you are trying not to let him get out. He’s a good football player. He really is. He’s done a good job. He can really run. There were times there when he got out on the edge, and we have some guys that can run, and he outran them.”

**On what it was like at halftime**

“Our team came in and we were like, ‘We’re going to go out with energy and the passion to play football’ -- and that’s what we did. We came out to win.”

**On Bryce Hall’s film study and buying into that**

“Over the past couple weeks, Bryce has really been trying to get everyone to watch more film and he says it’s really going to help the game. And everyone is really buying into that because we all see how it is affecting his game.”

**Senior Wide Receiver Olamide Zaccheaus****On coming off of this win**

“I was saying that this is the expectation, no one really doubted whether we were going to win six or not. It was always what are we going to do after we win six. I’ve been telling people this is not a time to forget how we got here, especially with what we did last year. I want a lot to happen for this team. We have to prepare with a short week coming up.”

**On chemistry with Bryce Perkins:**

“It’s something special that we have developed in a short period of time. It kind of took me and Kurt [Benkert] and the receivers from the last year two years to start clicking, and with Bryce it took a shorter time. I think having experience with Kurt, growing pains, helped us transition to having such great chemistry this year. We are glad to have Perk here, he is a baller.”

**On breaking the career receiving record**

“It is an honor, but I’m not satisfied at all. We are in the same position we were in last year, and we took it for granted then. I will not allow that to happen this year. The record isn’t something that I’m worried about right now, but after college is over I will reflect on it and be proud. I’m grateful for the people around me who have helped me get here.”

**Charles Snowden Sophomore OLB****On qualifying for a bowl game**

“We expect to go to a bowl game now, we are obviously very proud that we qualified, but it is what we expected going into the season. We are happy and going to celebrate but we will keep moving forward. This is the new standard. We are taking it one day at a time. We have a really good team coming in here on Friday and we are preparing for that.”

**On a strong first half**

“Our mindset going out today was that UNC is a very talented team and we thought coming out and getting a three-and-out would set an important tone for the second half. We all communicated on this in the locker room and executed.”

**On deflecting balls in pressure situations**

“I personally have struggled getting to the quarterback this year so Coach [Mendenhall] talked about getting to the quarterback in different ways even if I’m not getting a sack, batting a ball down at the line of scrimmage is the next best thing.”

**On understanding how to handle success**

“I definitely think it comes from the leadership and people at the top. From the coaches to the players no one is really satisfied with the win, We never get too high on our highs or low on our lows. We are just taking the win and focusing on the next game.”

**On the ACC coastal standings**

“ We definitely want the throne, we want to take over the ACC coastal.”

# Virginia vs. UNC

Oct. 27, 2018

## UNC Players

### Junior QB Nathan Elliot

#### On offensive rhythm and running on first down:

“We tried to start at a fast tempo. We had a couple of good runs and that got us rolling. You know its first down, if you don’t get that first positive play its hard to build tempo, and we want to build tempo. If you don’t get a positive play, then you’re sitting in second and long and you’re trying to go fast, but there’s a little more thought process involved, or you’ll be in a third and long. It really comes out of being efficient on the first down.”

#### On performance of wide receivers:

“Yeah I thought they did a great job, blocking and catching. I’m really proud of them”

#### On whether the physicality of the game affected the team:

“Not really, they hit me a couple times but it wasn’t that bad. I thought our guys played really physical and I thought our line did a great job. We just have to run the ball better and make more throws.”

### Junior Safety Myles Dorn

#### On how to defend against a player like Bryce Perkins:

“You just have to account for him, he’s the extra guy. It’s easy to forget he can run too.”

#### On the toughest challenges from todays game:

“We need to improve on communication. It’s hard to tell right now, have to watch the film.”

#### On the nature of this loss when compared to closer loses against Syracuse and Virginia Tech:

“Virginia was the better team today. They don’t have better talent, but they performed better today. They played with more swagger than we did, they just play with more of an itch. They were more ready.”

#### On the explanation for the lack of scoring in second half:

“I have no idea. I wish I knew.”

## **Virginia vs. Pittsburgh**

**November 2, 2018**

### **Virginia Head Coach Bronco Mendenhall**

#### **Opening Statement:**

“Congratulations to Pittsburgh, and a game well played and a victory. They certainly earned it and deserved it. I think our team played, certainly, as they were prepared. In some manner, I wasn’t able to get through to our team and prepare them deeply enough for this game. We never did find rhythm offensively from beginning to end [with] turnovers and a number of penalties. The penalties meaning concentration-ish penalties rather than ones that I think were forced. A couple of big plays defensively that we gave up. We knew that was going to be a critical part to the game and so not making a few critical tackles. But, in general, I don’t think a staff, led by me, prepared this team, our team, to execute well enough at a high enough level to deserve the win. Critical plays matter and we didn’t make enough of them, I think that is really the bottom line.”

#### **On Pitt controlling the line of scrimmage**

“It was the first thing that I mentioned to our team when we got ready to play Pitt. The first thing I mentioned was the physical nature of the game and what that would be like. And knowing that that would be the determining factor in whether we had a chance to win. Ultimately, with a couple of the runs that kind of squirted out and went the distance, you’d have to say they ended up winning the line of scrimmage, certainly on the offensive side. On the defensive side, the amount of pressure they could get on our quarterback, as well as playing the run with the lack of production there, I would say that would be the same on the other side.

#### **On Virginia’s penalties (especially those early in the game)**

[Maybe it was] the excitement to play the game, maybe the rain, it’s hard to say. But it’s atypical to have that many in that stretch in that time. It seemed like they were kind of spaced throughout the game though and it never really went away, or we became poised and executed at the level that I expect and would hopefully coach to. But it seemed at the beginning there were more. Again, my job and my staff’s job is to anticipate circumstances and anticipate really every possible scenario and then prepare our players to effectively be able to manage them. The players play as they’re prepared. Somehow, somehow, we didn’t get through to them.

#### **On Bryce Perkins’s decision-making**

Every play and every game is a learning experience for [Bryce Perkins]. As this season continues to move forward, and we become more and more successful, that continues to create new circumstances. As he learns to manage those, every play is a learning experience, and every game is. And so this one, yeah, there’s plenty to learn.

#### **On Virginia’s run defense**

“It’s a completely different style [for Georgia Tech]. What we saw tonight was a different running game, completely different styles than we have been defending. What you saw before the injuries and really through most of the first half, it was fairly consistent other than the one that squirted out at the beginning. But it became harder to coordinate and fit players collectively together as it went on. But, their system was different, the first we’d seen that system this year, but we had studied it from a year ago. But those two plays were the story there.”

#### **On signs of being unprepared**

“There weren’t any signs. I thought we had a really solid model for a Friday night game. I thought we were on point from everything that I saw. Certainly a learning opportunity for me to examine and see if I can retrace and see where it might have happened. The volume of miscues, mostly concentration-wise, that’s what is frustrating me most.

## **Virginia vs. Pittsburgh Virginia Player Quotes**

### **Sophomore WR Terrell Jana**

#### **On Bryce Perkins**

“I have full confidence in Bryce. Everybody makes mistakes and I will always ride with Bryce. I’m not going to say what my teammates should be doing. He’s made tons of plays during scrambles and we just work to get open and contribute in any way that we can.”

#### **On Offensive Contributions and Touchdown**

“We knew it was going to come, that look, and Bryce saw me and trusted me. Then I just made the play. The coverage was perfect on that play. I was in the right place at the right time. Making my first touchdown as a cavalier was an amazing feeling. I come into every game hoping that I will make every single play. I’ve been working as hard as I can since spring ball. My focus is on being a more reliable option for the quarterback, the coaches and the team in general. I’m getting opportunities to grow. Luckily today, Bryce had confidence in me and it was great.”

### **Senior OT Marcus Applefield**

#### **On the outcome of the game**

“It was definitely a frustrating game. There was miscommunication and other small things that hurt us a lot. We tried to come out of the game and be aggressive, getting the first punch. It is just our nature and it didn’t swing our way today. Those small things held us back.”

#### **On Bryce Perkins and holding the offensive line**

“It’s definitely really hard. I trust in Bryce with everything that I have and I’m going to try to block as long as I can for him. Whatever he is doing, I’m going to try to adapt to it, regardless. I can definitely feel it when he is holding the ball a while, but once again it is on us to block longer and let him do his thing.”

### **Junior WR Joe Reed**

#### **On bouncing back after this game**

“I have a lot of confidence in this team. Starting first thing tomorrow morning we will work on fixing things from tonight and moving forward. I know these guys very well. I’m confident that we will bounce back from this one.”

#### **On opening kickoff**

“Every kickoff I’m thinking about how to get good field position for the team. After the opening return where there was a fumble I just had to get ready for the next one. On the next drive I saw good blocking and opportunity. It was good field position and it set us up for a touchdown.”

#### **On Bryce Perkins’ scramble plays**

“I don’t think it is hard for him, I think it is part of being a dual threat quarterback. That is just what happens sometimes. My role as a receiver when he is under pressure really depends. I can bounce back for a possible option or I can start blocking.”

### **Junior Quarterback Bryce Perkins**

#### **On if there were time he should have thrown the ball away**

“Yeah, definitely. Those two long sacks were on me. I got to be more critical, especially in those tight situations in the fourth quarter. I can’t take those sacks. I got to be more smart and play smarter, especially when it comes down to crunch time.”

#### **On whether Pitt did anything to contain him**

“They were physical. Safeties came down hard, but I mean it was on us. They didn’t really do anything we didn’t know they were going to do. We just have to come out and execute our assignments better.”

#### **On what the team learned**

“We have to come out every week and we have to play with more intensity than they do. It felt slow. It felt like we were slow and lethargic out there. We have to come out and have more passion in the way that we play and more pride about scoring points.”

**On what needs to happen now**

“We got to look ourselves in the mirror. Olamide said it after the game. We got to look ourselves in the mirror and make sure we are prepared, and you got to be honest with yourself about how you played and about the assignments you did. You’ve got to take that to heart.”

**Senior TB Jordan Ellis****On whether Bryce Perkins should have gotten rid of the ball sooner**

“We trust him with the ball when he is able to scramble around. He has done it all year and we trust him every time he scrambles around and tries to make a play. I mean, he is special with the ball in his hands, so anytime he can scramble around he is just trying to make something happen and we’ve got to give him the credit for that.”

**On how optimistic you were at the half**

“We were very optimistic. It was a battle, and we knew it was going to be that type of game. We were trying to come out after half time. We knew the defense could get us a stop, and on offense we didn’t capitalize on our opportunities.”

**On how physical the game was and if it was disappointing**

“It is very disappointing. We wanted to be the more physical team. We knew they were going to be a physical team from the jump from watching their film and we didn’t get it done. It was definitely disappointing because we wanted to be the more physical team today and we didn’t do that.”

**Junior ILB Jordan Mack****On getting out there and being back**

“It felt good to get back out there with my guys and be able to help them out. I did not play up to my personal standards today so I need to go back to the film room, look at it, assess it and come back better next week.”

**On how tough it was to lose three guys**

“It was very tough when it comes to depth and play making and all those things. It just has to be the next-man-up mentality and guys come in there and it isn’t a drop off.”

**On where the lack of execution came from**

“Just focus. Guys just mentally staying focused and in it for the long haul and not the short haul. I personally felt really well prepared. I thought we were really well prepared, but there was a lack of execution today. I don’t think we played our best ball today.”

**On how physical Pitt was**

“There were a pretty physical team, like Coach Mendenhall said. They played physical throughout the game that allowed them to execute at a high level.”

**On how confident you are in bounding back**

“I’m very confident. We have a great group of guys. We will take this, learn from it and move onto the next one.”

**Sophomore LB Charles Snowden****On how losing three starters changes your plans**

“We see our defense as a unit, so we have the next-man-up mentality so obviously we don’t like to see any of our players go down, but we do expect the next man up to fulfil the responsibility in his place.”

**On priding yourself on your physicality and how frustrating this game was**

“It’s frustrating and something we emphasized all week and to not execute it was frustrating.”

**On how you felt at the half**

“We knew we could definitely play better in the second half and we were positive knowing we were winning and could play a lot better and we just didn’t execute in the second half.”

**On what you take from this**

“We can never relax, never let up. Kind of have to view every game as an ACC championship game and so everything has to be exactly right in order to win. It’s a long season, so going forward we have to be perfect in everything we do.”

### Pittsburgh Head Coach Quotes

Head coach Pat Narduzzi

#### **Opening statement:**

“Great [win] by our football team. Just excited for those guys in that locker room right now. It’s tough to go on the road in the ACC and get a [win]. We do it the old-fashioned way, running the football for 250 yards. Darrin Hall was a beast today. [We stopped] the run – I think they had less than 50 yards rushing, which would be their lowest for the year. Hats go off to the football team. We did a lot of great things. Obviously there is a lot of little things we can continue to improve on. Still have to eliminate some of the costly errors and penalties. We’ll take it on the road and move on to the next one.”

#### **On the success of the run game:**

“We just kept going to it. We were just ok in the first half. In the second half we came out rolling. Our coaches did a great job making some slight adjustments as far as what we were doing and how we were doing it in the first half. That’s what you do as a coach – put the kids in positions to make plays. Our offensive line blocked their tails off. My hat goes off to every one of those guys up front. George Aston was a monster in there.”

#### **On bruising runners wearing defense down:**

“That’s what we do. That’s Pittsburgh football. That’s Pittsburgh tough. Got that one from the city of Pittsburgh. Happy for our kids.”

#### **On the defense stepping up in the fourth quarter:**

“Guys turn it up. We gave up a cheap one early. That’s seven points we gave up in the first half on a long pass. Our guys just wiped it off. It’s really just a mess-up, period. We made a check and we didn’t execute it very well. It hurt us. They really played good the whole game. When you hold someone to 50 yards...[Virginia] runs the ball pretty well on everybody...When you look at what we put out on the field today, our kids worked hard all week, our coaches did a great job to put them in position and that’s how you play Pitt defense.”

#### **On containing Bryce Perkins:**

“We got him a couple times in the backfield. That’s the first thing – put pressure on him and force him to have to make some throws or make a decision. Again, hats go off to the defense. Our defensive backs did a great job of covering people...so there is a lot of coverage sacks.”

#### **On the targeting call:**

“It is what it is. I thought [Patrick Jones II] had his face up. He tried to put a lick on [Perkins]. Patrick Jones is a tough kid. Sometimes it happens. It wasn’t anything he tried to do intentionally and that’s the big thing.”

#### **On changing V’Lique Carter’s number:**

“His jersey ripped - I’m just kidding. Yeah, we tried to sneak him out there...it throws them off a little bit. It didn’t work too well anyway. I knew they would take the jet sweeps away like they have the last couple of years.”

#### **On hesitancy in attempting long field goal after missed snap:**

“No, it was an ok snap. He just dropped the snap on the extra point. Obviously we would like to be a little closer. We had no reservation at all. [The dropped snap] wasn’t on [Alex Kessman]. We were trying to make it a two-score game with that kick. That was a gigantic kick. It gives your defense a little bit of a breather knowing that [Virginia has] to go down the field twice. The way we were playing that just gave us a little comfort.”

#### **On the excessive celebration penalty:**

“We’ll coach that up. In the end it didn’t matter because they had one timeout left...[He was] just having fun. I’ll have to see it on tape to see what he did. I don’t think he did anything. I don’t think he said anything. It was just what he looked like - he was having fun. We have to be smarter than that.”

## Pitt Players

### Senior Offensive Lineman Connor Dintino

#### On building confidence in the Run game:

“We’re always confident in our run game. Sometimes you’ve got to work a little bit, keep pounding it in and things will open up. I think that’s what we did. You saw those last drives we finished up on the field, that’s a testament to our O-line and running backs.

#### On the energy in the locker room post game:

“There’s a lot of energy, and it’s a good time to have that. We’re playing our best ball in November, and that’s what we want, that’s what teams want right now, play your best ball. We got three conference games left, wouldn’t want it any other way.”

#### On their ability to push the running game after they took the lead:

“I mean that is what our offense is about. We talk about when we need those yards, we want to put the game on the O line’s back, and I think we’ve been doing that. When we do that we open up receivers, we open up everything. Last week we scored the winning touchdown pass, I mean that’s just the O line doing what we need to do. We’re playing the run, they think we’re running, but we open up those receivers, that’s just a part of our game plan.”

#### On being one of the teams leading the ACC:

“That’s great, that’s awesome. But next week we have VT, we got to go 1-and-0. That’s it. We’re not thinking ahead. 1-0 in the ACC that’s what we got to do.”

#### On senior leadership in the coming week:

“I think a big thing is that we have a lot of senior leadership. I think that’s important. We have guys stepping up that would have not usually stepped up. In November we have guys stepping up, seniors stepping up and that’s big, that’s important.”

### Senior Running back Darrin Hall:

#### On the running game developing:

“Yeah we just have to stay the course. It’s a long game. We had some big runs early but we had to keep it going, we had to control the ball, and we had to convert on third down, and we did that.”

#### On the conditions at the beginning of the game:

“That was crazy, but you know like Coach Powell said, its cold, its raining, it favors the ground game. We knew what we had to do.”

#### On a game that had more rain than this:

“The only one I can remember would be my freshman year against Akron.”

### **Liberty Head Coach Quotes**

#### **Head coach Turner Gill**

##### **Opening statement:**

“First of all, I want to give God the glory. I’m proud of our team. They fought, played hard. That’s all you can ask your players to do. I really thought we had a great chance to do some things, had some good situations. Unfortunately, we didn’t make enough plays. I thought our defense there in the second half played some good football. [Virginia] has some good football players on their team. Their quarterback is a really good football player. He can definitely run the football. He can definitely throw the football.”

##### **On going for it on 4<sup>th</sup> and 1 from the Liberty 14:**

“It’s a read by our quarterback, read by our offensive coordinator. You know, you take chances. You have to take chances in this type of game. You have to score points. We knew we had to score some points against them. Unfortunately, we didn’t make it. It’s a double-read. What I mean by a double-read there is, you have a run play and you have a pass play. Depending on how many guys they have in the box, you throw the football.”

##### **On the struggles of quarterback, Stephen Calvert:**

“Defensively, Virginia did a lot of good things on their schemes. I knew that going into the game they were going to do a lot of things post-read, so they caught him in some things that maybe he didn’t read very well. You have to learn from that as we continue to play good football teams. You have to be able to answer those things. They always disguised quite a few things. They gave us a lot of different looks. Obviously took away a little bit of [wide receiver], Antonio [Gandy-Golden]. I think he will learn from this and continue to move on. As the competition is heightened, you’re going to have a lot more different schemes that you’ll face, so he’ll learn from it and move on.”

##### **On Liberty’s defensive adjustments in the second half:**

“[We made] some calls that we didn’t have in the first half. We made some adjustments that we had run previously as far as the earlier games that we hadn’t planned for this particular game. Our defense made some different calls and adjustments to try and help ourselves out.”

##### **On UVA quarterback, Bryce Perkins:**

“Phenomenal player. He’s the key to them having a lot of success offensively, staying on the field. He’s a very, very good football player. I think as he goes, that’s how they’re going to go.”

**Virginia vs. Liberty**  
**November 10, 2018**  
**Virginia Player Quotes**

**Senior Punter Lester Coleman**

**On punts in the 3<sup>rd</sup> quarter:**

"I thought we did a good job downing it – I have to give credit to Grant and Reed. The defense did a great job. We had game-changing plays happening for us. I think we played complimentary football in the third quarter, once we got those punts inside the 10-yard line, the defense stepped up and we got some big plays. Then we were able to run away with it, so the third quarter was huge."

**On Senior Day and a winning record:**

"I think it changed the mindset, I know it is senior day but at the end of the day I'm not really that sad. I didn't keep my shoulder pads on for a long time or anything; we have a lot of games left to play and a lot of work to do. We are excited to move on to this next one."

**Junior Quarterback Bryce Perkins**

**On Olamide Zacchaeus:**

"Any time that we can get O the ball, he makes things happen. Our offense is surrounded by talented playmakers, we aim to get O the ball so he can make touches and plays. Our offense works well when he is touching the ball early in a game."

**On Joe Reed:**

"Joe Reed has made strides throughout this whole season. He is consistent and it is so hard to bring down Joey, he's about 200 pounds of all muscle running full speed ahead. He's a hard man to stop and I'm glad he had the day he had today."

**On today's offensive showing:**

"I was pleased. I thought that we battled well. We came into this week talking about ball security, and that was my bad tonight. I didn't help with the goal that we had about ball security. But we came out physical, the run game had a solid day as well."

**Senior Running Back Jordan Ellis**

**On a winning season:**

"It means a lot. This is my first winning season since I've been here. It means a lot to me, all of the effort we have put into building this program up and laying a foundation. I'm happy to be involved in the start of something great."

**On the run game:**

"We wanted to come out and run the ball this game. That opens up Bryce and the receivers on the outside. When we can run the ball and establish the line of scrimmage, I feel like our offense can't be stopped. It makes us go."

**On the remainder of the season:**

"We are going to refocus for these next two road games. We wanted to use this game to get the loss out of our system from Pittsburgh and work on our fundamentals. I feel like we did that today, little mistakes were made, but we came out and played UVA football today."

**Junior Wide Receiver Joe Reed**

**On having a big game:**

"Tonight it seemed like everything was clicking. I had heart-to-hearts with the seniors that are leaving, told them I would do everything that I could to send them out with a bang on their last time playing here. I was just trying to execute and play team ball."

**On kickoff return touchdown:**

"On special teams we have to change the game. We knew at halftime that we were going to get the ball back so we knew there was a big opportunity, with the score being what it was. We made some corrections from prior kickoff returns, so I was confident. I just saw open space when I was running, the blockers did everything that they have been coached to do and I had the easy part of running. I finally had a chance to complete the whole return and it was awesome."

**Sophomore Safety De'Vante Cross**

**On his interception:**

"We had a corner blitz and I went to replace the corner and I got a double move. I got beat on it. [Juan Thornhill], the hero of the day, swooped in and tipped it up. It became tip drill from there and I was able to get my hands on it."

**On feeling at home playing safety:**

"I truly do feel like I have found a home at safety. I'm really learning the position and I'm starting to really enjoy the position. It's really fun for me to be here and make tackles and make plays on the ball. It's really exciting, really fun, and a really free position to go make plays."

**On the toughest part of transitioning to safety:**

"[The toughest part is] learning all the calls. As the free safety, you're the quarterback of the defense. You have to tell everyone what the call is and all the different checks in the call. That's been the biggest challenge."

**On the importance of Juan Thornhill playing tonight:**

"Juan Thornhill is a great player. He's probably our best player in the secondary. Having him makes our team that much better."

**Sophomore Linebacker Robert Snyder:  
On his injury that forced him to sit out last week:**

"I suffered a concussion in the UNC game. They treated it very well and safely and sat me out for a week to go through all the protocol. I was ready for this week."

**On playing with Jordan Mack:**

"It's cool to be with two Georgia boys. I love Zane too. The whole linebacker group is cool. Whoever is out there I support."

**On being surprised by Liberty running the ball:**

"I think we expected it. I think the gap fitting took us a while to adjust. I feel like second half we really stepped up."

**On clinching a winning season:**

"My freshman year we came in and we went 2-10. Granted, we still have two more games ahead of us so we're not getting cocky now. [We have to] stay humble. But it feels pretty good to be in this situation. We'll enjoy it for the weekend and we'll come back Monday, get back to work, and beat Georgia Tech."

**On the importance of two second-half interceptions:**

"They were really big. They were driving pretty well. They're an up-tempo team so they were getting our defensive players really tired. Those interceptions help us get off the field and catch our breath and let our offense get out there and have an opportunity to score."

**Sophomore Free Safety Brenton Nelson:**

**On the importance of the defensive stop and two interceptions in the second half:**

"We feed off energy. We view ourselves as DBU, so it really helps a lot when we can provide for our team and get turnovers."

**On De'Vante's growth as a safety:**

"When he came in as a [defensive back], he didn't know much. But now he's playing. He's making all the right checks. He's producing. He's getting turnovers. He's a stud."

**On the expectations of turning the program around from two years ago:**

"Coach Mendenhall always tells us we know what's going to happen; when it's going to happen is always the question. We always had that momentum and confidence behind us that we can do it."

**On playing tonight despite injuries to defense:**

"Even if some people go down, the next guy is always up and ready to go. It's just a matter of who is going to be playing. We all know we have the confidence behind each other that whoever is out there on the field is going to produce for us."

**Senior Strong Safety Juan Thornhill:**

**On playing against a school close to his home:**

"I knew that it was going to be a lot of fun because I knew a bunch of guys out there. I just wanted to make plays and make more plays than they did so I could joke around about it and laugh later on. It was a great feeling playing against them."

**On De'Vante's interception:**

"I saw the quarterback looking that way and I ran full speed that way. I saw De'Vante got ran by so I wanted to get there to help him. I saw the ball come and thought it was a chance for an interception. I think we bumped each other and the ball popped up. De'Vante recovered and made the play."

**On being injured and coming back for the game:**

"I knew I was going to be back, I was determined to play in this game. I wasn't going to let my team play without me. I felt like I play a big role on this team and if I don't play, I'm leaving the team out to dry."

**Virginia vs. Liberty**  
**November 10, 2018**  
**Liberty Player Quotes**

**Redshirt Sophomore Running back Peyton Pickett**

**On being poised to have a breakout performance:**

"It started with the first play, really. The offensive line did a great job today, without them we wouldn't have had any success today. I have to give credit to them."

**On playing against an ACC team coming from JUCO football:**

"It was exciting, it was everything I was dreaming of while I was at junior college. Unfortunately, we didn't get the win, so the dream didn't really come true but everything else here just showed that we can play with anybody and I'm really proud of my teammates."

**On the controversial 4<sup>th</sup> and 14 pass play:**

"I was hoping to get a touch but I believe in buck [quarterback Stephen Calvert], Buck makes the right decisions pretty much every time. He saw something that I didn't see so."

**On Virginia taking a 14-point lead:**

"It took a bit of a turn on the game but us turning the ball over pretty much just threw us out the game. If we limit turnovers hopefully more touchdowns will go on the board."

**On the run game as Virginia attacked the passing game:**

"Coach had a great plan for the whole offense, whether they take away the pass we can run it, or if they take away the run we can pass it. He has a solution for everything."

**Redshirt Junior Cornerback Bejour Wilson**

**On an early interception:**

"It was just a basic number two, I got a good jam on one, and then I saw the quarterback's eyes, stole it. I basically came out of nowhere and took it from him."

**On the potent UVA offense:**

"They executed, catch the ball, get up field. The quarterback just kept drives alive for them with his feet, that was pretty difficult for us."

**On defensive adjustments after the first half:**

"We just settled down. We started thinking more, communicating more and the game came to us, just had to start playing our game."

**On the 4<sup>th</sup> and 14 pass play:**

"I don't think it was a turning point. We didn't get sad or nothing. We just fought and they had a good field position to score."

**On the mood of the defense:**

"We just know we have to play our game. Sometimes that can be hard because we're all trying to gel together, but we have to have each other's backs and just keep fighting. We just make sure that each game is something new."

**On coming from JUCO football:**

"It's a blessing. I was tearing up walking out on the field. This is something you dream about. And then getting a pick on the big stage like this, it's just something you dream about."

**On facing Auburn in a week:**

"I just watched the video last week about how big the stadium is, coming from here, playing in this stadium and feeling this atmosphere is something I love to do."

### **VIRGINIA HEAD COACH BRONCO MENDENHALL**

#### **Opening Statement**

"Congratulations to Paul Johnson and their football team, it was a hard-fought game. I love my team; they battled like crazy ... played very strong and played tough, played right to the end. I thought, defensively, we played very well, holding [Georgia] Tech to field goals for the most part. Ultimately, the storyline was the special teams miscues ... the kick return for a touchdown, and the punt that bounced up and hit one of our players, that turnover. Those two plays, I thought, contributed to us not being quite able to pull off this game. Certainly, the safety ... those three plays, in terms of clean play and execution, were the difference in the game.

"Offensively, we held the ball and scored. Defensively, we played well and held them to field goals, as well as significantly under their rushing total. So the plan worked well other than the special teams didn't execute well enough on a few plays to win the game."

#### **On playing defense first in overtime, being where you want to be...**

"It's exactly how you designed it. The defense, again, for the entire day, I don't know how much fault you can find. They played very, very well, from start to finish."

#### **On the punt bouncing off of a player, was that a freak bounce?**

"I don't know whether it was a freak bounce or not. Our punt returner's primary job is to alert every player that's covering, or holding up a defensive player, that the kick is short. Then their job is to get away. And so the communication from the returner needed to be more animated and more distinct so the player that was holding up the defender going down to cover could get out of the way quicker."

#### **On the review, what did the official tell you?**

"I wasn't told anything, other than the play stands. I looked up and saw it, but..."

#### **On the effect of the first-quarter sequence of a safety, the injury to QB Perkins, then the touchdown**

"That series where there's a safety, a quarterback injury and a kick return for a touchdown ... that would have broken the will of many teams, and it didn't seem to faze our guys. Nor did the whole scenario, going all the way to overtime. Yeah, we didn't kick the ball through the uprights at the end ... that's what everyone will see, but the team played really well. We just didn't quite play clean enough to win."

#### **On the third-and-1 try to the end zone at the end of regulation**

"We thought we had just one opportunity, and we thought we might catch them sleeping."

#### **On the play of QB Brennan Armstrong**

"It was awesome. I mean, it seems like each time he goes in, there's something electric that happens. He's a really good player, but he has a presence that ... we see it every day defensively. He has a presence where he thinks he can move the ball against anyone, no matter the circumstance, and he's probably right."

#### **Any serious consideration to ride with Armstrong and not go back to Perkins?**

"Nope. Our quarterback is Bryce Perkins, and if he was healthy and able to play, then we were going to play him. And he was healthy enough to lead our team, and he did, and he gave us a great chance to win."

#### **On the location on the right hash for the field goal try in overtime, confident or not?**

"It never even crossed my mind. I thought we'd be great."

## Georgia Tech Postgame Notes

### Team Notes

- Georgia Tech moved to 7-4 overall (5-3 ACC) while Virginia fell to 7-4 overall (4-3 ACC).
- The win was Georgia Tech's fourth-straight and sixth in its last seven games.
- Georgia Tech's four-game winning streak matches its longest since 2014 (the Yellow Jackets also won four games in a row to close the 2016 season).
- The overtime game was Georgia Tech's first since Sept. 4, 2017 versus Tennessee (a 42-41, double-OT loss), its first overtime win since November 29, 2014 (30-24 at Georgia) and its first overtime win at Bobby Dodd Stadium since November 7, 2009 (30-27 vs. Wake Forest).
- Georgia Tech moved to 6-8 all-time in overtime games.
- Georgia Tech finished 5-3 in Atlantic Coast Conference play and is guaranteed to finish in second place in the ACC's Coastal Division, marking the seventh time in head coach **Paul Johnson's** 11 seasons as head coach that Georgia Tech will finish first or second in the Coastal Division. In Johnson's 11 seasons with the Yellow Jackets, the only teams that have finished in first or second place in ACC divisional play as many times as Georgia Tech (7) are Clemson (9 – including this season), Florida State (7) and Virginia Tech (7).
- It is also the seventh time in Johnson's 11 seasons at Georgia Tech that the Yellow Jackets have finished with at least five ACC wins. Prior to Johnson's arrival in 2008, Georgia Tech had won five or more conference games just seven times in 16 seasons since the ACC began playing an eight-game league schedule in 1992).
- The win was Georgia Tech's 12<sup>th</sup> in its last 15 home games.
- The win was Georgia Tech's fourth-straight home win over Virginia.
- Georgia Tech moved to 21-19-1 all-time versus Virginia.
- For the first time this season and only the seventh time in Johnson's 11 seasons as head coach, Georgia Tech won a game that it trailed after three quarters (the Yellow Jackets were down, 21-16, at the end of the third quarter).
- Georgia Tech's safety in the first quarter (on a sack of Virginia QB Bryce Perkins by GT Sr. LB **Brant Mitchell**) was the Yellow Jackets' first since a 65-10 win over Tulane on Sept. 12, 2015.
- Georgia Tech's touchdown return on the free kick that followed the first-quarter safety (officially considered a kickoff return for statistical purposes) was Tech's first kickoff return for a TD since **Lamont Simmons'** 42-yard return of an onside-kick attempt in a 25-24 loss at Miami (Fla.) on Oct. 14, 2017.

### Individual Notes

- With a 38-yard run on the fourth offensive play of the game, Sr. QB **TaQuon Marshall** became the 16<sup>th</sup> player in Georgia Tech history with 2,000 career rushing yards. He finished the game with 104 rushing yards to raise his career total to 2,078, good for 14<sup>th</sup> all-time at Georgia Tech.
- Marshall's 100-yard rushing game was his 10th in 21 career starts. He is the only quarterback and ninth player overall in Georgia Tech history with 10 100-yard rushing games.
- With his 77-yard return of a free kick for a touchdown in the first quarter, **Juanyeh Thomas** became the only the second true freshman in Georgia Tech history to return a kickoff for a touchdown, joining Dez White (1997).
- Georgia Tech true freshman PK **Wesley Wells** made a career-high four field goals (two 28-yarders, a career-long 48-yarder and a 40-yard game-winner in overtime). He is only the eighth player in Georgia Tech history to make as many as four field goals in a game and the first since Harrison Butker made four in the Yellow Jackets' 33-18 win over Kentucky in the 2016 TaxSlayer Bowl (Dec. 31, 2016).
- Wells moved to a perfect 43-for-43 on place kicks this season (8-for-8 on field goals, 35-for-35 on PATs).
- Georgia Tech So. BB **Jerry Howard's** 3-yard touchdown run in the fourth quarter marked the fifth time in the last seven games that he has scored a TD.

## GEORGIA TECH HEAD COACH PAUL JOHNSON

### Opening Statement:

"Well, it was a heck of a game. I don't think we particularly always played well, but we found a way to gut it out in the end and get the win. Their (Virginia) quarterback (Bryce Perkins) is a heck of a player. He makes a lot of plays and he's a really, really good player. We left some opportunities out there and didn't finish drives. We had to kick too many field goals. Although our kicker (Wesley Wells) was pretty special. He did a great job. That game, I was just looking at the time of possession, I don't know the time of possession in regulation time (GT 31:13; UVA 28:47), but they (Virginia) did a nice job possessing the ball and driving the ball, and really other than the punt that hit them in the leg, it's been a long time since you could say that we won a game on special teams. Tonight, special teams had a part in it."

### On the safety and punt return:

"I want to see the safety on film. I think the ball was loose and we didn't get after the ball. It should have been a touchdown instead of a safety. Juanyeh Thomas on the return is a really good athlete, it's just been a matter of time. He is going to return a bunch of them before he leaves here. He's pretty good."

### On both kickers', Wesley Wells and Pressley Harvin III, clutch performance:

"Pressley Harvin III is a really, really good and with the way Wesley Wells kicked the ball today; when you have two pretty good kickers like that, it makes a world of difference."

### On how it wasn't the best game offensively, but they were still able to get the win:

"These kids all year have battled. They have had a lot of heart. To think they've come back from 1-3 and we are gonna finish second in our division – that's the seventh time in eleven years we've done that. It's not easy to do and for those kids to come back from an 0-2 start in the league and get that accomplished, I'm proud of them."

### On the biggest area that has seen improvement:

"From the start of the year to now we've probably gotten better offensively, although we didn't necessarily tonight. I think we are better in special teams, clearly it wasn't a far climb. Defensively, we have made some progress, we still struggle on third down. They (Virginia) were 5-of-8 and we were 10-of-18, so both teams."

### On the last pass attempt before the 48-yard field goal:

"We thought it was going to be open and it was. Really if you watch it, they (Virginia) held the fire out of Brad Stewart. As he was coming across on the crossing route he almost got tackled and Jalen (Camp) had a little bit of room there and we just threw it over his head. We thought we were in field goal range. I knew that Wesley (Wells) could make it – well I didn't know, but he's got that much range in practice – so I didn't even consider just trying to run the ball in there to get it closer. I was trying to score a touchdown."

### On Wesley Wells' and his performance tonight:

"He is just pretty cool. I asked him on the kick in overtime in the locker room 'You didn't hit that one real solid, huh?' He (Wesley Wells) said 'Coach, I missed the fool out of that. I looked up and was thinking oh god just get in there.' I mean he is just kind of even-keeled. The moment is not too big for him. We have guys who we've played a lot and I think the moment is just a little too big for him, but with him it's not. He's made every kick we've trotted him out there for."

### On the seniors:

"They did a great job of keeping the team together when it was 1-3 and that is not easy, I can promise you, I've been doing this for 40 years. As a coach, when you start out like that and you got all the negativity around you and everybody's pronounced you dead and shoveling dirt on you, it's hard to keep everybody going in the same direction. The seniors just didn't listen. They just turned it off and we just went to work, and kept playing. That's all you can do."

## GEORGIA TECH PLAYERS

### TQUON MARSHALL, QB, RS-SR

#### On the huge pass completion to Brad Stewart:

"He bailed me out. I threw the ball too early, it could have been a touchdown—but that would have left too much time on the clock. But it was a great catch, he put his body on the line, laid out to get a first down on a huge third down. Kudos to him because he definitely bailed me out."

#### On how the defense and special teams picked up the slack for the offense at times:

"They did what they were supposed to do when they were out there. We always preach 'control what you can control' when you're out there, and they did a great job of getting off the field when they were out there and putting the ball in our hands

when we really needed it. The safety was huge and the kick return was huge. Wes [Wells] made some huge kicks... that shows you it takes all the pieces to the puzzle to win a game like that.”

**On the turnaround starting the season 1-3 to being 7-4 after the win:**

“Everyone just believed in each other. We knew that it was a marathon, so we were just going to control what we could control and go out every week and prepare for the games on the weekend, go out and just go out and do our best to put us in the best situation to win. Once we started winning the confidence got high and we stayed on that pedestal and kept up the energy.”

**WESLEY WELLS, PK, FR**

**On the made field goal kick before overtime:**

“I try to make each kick the same, but sometimes the nerves do get to you a little bit. It just went off my foot a little weird and when I looked up it was a little to the right. It was a roller-coaster of emotions while the kick was up and the ball hitting the post and going in. It was a great feeling when it went in, but definitely a roller-coaster of emotions.”

**On his nerves when kicking:**

“The nerves usually don’t really get to me, I don’t know why. I just try to prepare enough in practice to the point where I don’t get nervous in games. Even from high school, this was my first game-winner. At practice, we’ll make little bets on whether we can make a kick or not, but that’s the closest resemblance to the pressure in the game.”

**BRAD STEWART, WR, SR**

**On his third-down reception in the fourth quarter:**

“I just know that in the first half a defender made a good play on a ball thrown to me, and I was upset about it, and I wanted another chance. On the catch, I feel like I gave the cornerback a good move, made him commit, I started sprinting and TaQuon put it up for me. I’ve had so many balls in my career where I would just miss by a fingertip, and this was the one that I actually caught. It was big-time so I was really happy for it.”

**On the emotions of senior night and an overtime win:**

“It was a back and forth game with a roller-coaster of emotions the whole way. We had a safety, and started going for two which turned out to be huge for us—and of course the field goals. You never know when you’re in the middle of the game when a play will be super important. Our defense did a heck of a job stopping Virginia for only a field goal at the end of regulation. We got the field goal in OT, the defense stopped them, and I feel Virginia was due for a missed field goal.”

**Postgame Media Conference**  
**Nov. 23, 2018**  
**Virginia Bronco Mendenhall Q&A Highlights**

**Opening statement:**

"I'm proud of my team. I love the kids that I coach. I thought they battled and played very hard. I think they value this game. I think they represented us very well. Congratulations to Virginia Tech and Coach (Justin) Fuente on their victory. It was a great college football game."

**On the final possession in regulation leading to a UVA field goal:**

"I was really hopeful for a touchdown there, but I thought the field goal would be enough. But it didn't really change the situation. Before we kicked the field goal, they still needed a touchdown. The long scramble play that was a jump ball and they made the catch on, was a big play."

**What was the difference offensively in the second half?**

"Poise and execution. We were much cleaner with our poise and execution up front, and had a clearer idea of what they were vulnerable to."

**How tough is it to lose two consecutive overtime games?**

"It's tough. It's part of the growing pains of building an exceptional program. Can't get closer than where we currently are. There's not much else to say."

**On the emergence of Joe Reed:**

"The last three games, he's really emerged and that's helped our point production significantly. When you add Bryce [Perkins] to Olamide [Zaccheaus] and Joe [Reed], that helps a lot."

**On the conservative play-calling towards the end of the game:**

"We thought we could get first downs and use the clock."

**What happened on the blocked punt?**

"It was just an assignment mistake."

**What was your message to the team at halftime?**

"There wasn't much of a message except we can play better and we just focused on assignments and execution. There wasn't ranting or raving or emotional speeches, it was just assignments and execution."

**On the positive takeaways from today's game:**

"Our players fought hard. They are completely unified. They are resilient. They don't know the word 'quit' or 'stop'. They want to win and they expected to win. And it's clear that they are getting close to being capable of winning wherever they go and against whoever they play, in a pretty tough environment."

**What did you tell your players after the game?**

"I told them I was proud of them. They have a chance to win eight games and win a bowl game."

**Virginia Tech Football**  
**Head Coach Justin Fuente Q&A Highlights**  
**Postgame Media Conference – vs. Virginia**  
**November 23, 2018**

***Opening statement:***

“I’m not sure what to say about the game. We played on both sides of the ball. Two teams that obviously wanted to find a way to win the game. I’m awfully proud of our kids, not just to be prepared to play this game but to battle through the ups and downs, make plays through all three phases of the game, defense, offense, and special teams. To give ourselves the chance to win it was the type of effort it was going to take. There’s so many kids names that pop into my mind when I think about this game, all they’ve been through and all they’ve battled through you know it makes me feel proud of them and most importantly happy for them. I see these kids on a daily basis, I know what this game means and as a coach you desperately want them to have success. It was nice, it was nice to get to see them celebrate.”

***On whether he thought the players showed the indicative spirit and fight of this team:***

“Yeah I’d say that, it’s indicative on what we see on a daily basis from our guys. We know what’s there, we see them come to practice daily and how they work in weight room. We all understand that in this arena your subject to criticism and all that sort of stuff. You just want your kids so desperately when you are putting all that work in to have some success. It was hard for them to get to celebrate tonight, they had to go through a lot, but I was proud that they did it.”

***On QB Ryan Willis’ competitiveness, what was going through his mind while Willis avoided the sack in overtime:***

“Probably the same as everyone else, ‘throw the ball away.’ But he just gets out there and plays as hard as he can. You don’t normally hear that about a quarterback, but he just plays all out and as hard as he can every single snap. He certainly made some plays, like everyone he made a couple mistakes. I was happy that we got an incomplection there because if we didn’t it would have been disastrous.”

***On Dalton’s catch and the 50/50 ball in the end zone that resulted in VT touchdown:***

“We were not in desperation mode on Keene’s catch but it was getting there quickly. Ryan just bought some time, I don’t know what he saw. I just know he threw the ball up there and Dalton making that catch is indicative of the type of person Dalton is. I don’t think there is anyone who was surprised that he came down with it. The fumble was so bang-bang. I don’t know what happened to be honest with you. We had a nice crease in there and Steven was moving fast through the hole and I don’t know what happened. I heard someone on the headset say fumble and all I could see were legs and bodies. I felt like I saw a couple people dive on the ground and then I saw a couple more people dive on the ground. So I guess the ball must have not been recovered. That is probably not a great description of what happened, but I just couldn’t see what happened.”

## **Virginia Tech Football**

### **Associate Head Coach, Defensive Coordinator Bud Foster Q&A Highlights**

#### **Media Conference vs. Virginia**

**November 23, 2018**

***On what it meant to win this game:***

“I’m really proud of our kids. They have been through a lot these last few weeks and they have just kept coming to work every day. We have improved but unfortunately, it’s been inch by inch rather than foot by foot. It showed that they have improved tonight. It showed that they have character and that they care about each other. I thought we played extremely well in the first half and not so much towards the end of the second half. We continued to fight and play. We have had some tight games with Virginia, but I don’t think there has been a complete game like this in this streak. I thought it was a great football game. Both teams competed hard and I’m very proud of how our kids hung in there. I’m happy for our kids because they come to work every day and they have been very resilient. I’m very proud of them.”

***On Emmanuel Belmar’s fumble recovery at the end of the game:***

“I’m happy for him. I’m happy for a lot of guys on this football team. I’m happy for Emmanuel Belmar because he is a tough, blue-collar lunch pail guy. I’m really happy for our seniors like Ricky Walker. Walker has been such a tremendous football player here. Vinny Mihota has been such a tremendous football player here. Those are two guys that came to this program to turn this program around and they helped us do that the last couple of years. This season hasn’t gone the way that we wanted it to but they have been great role models for the younger guys.”

***On being in the booth again for this game:***

“Our guys on the sideline did an awesome job. Being up in the booth does help me see some things. I could see some of the things they were doing particularly at the end. They were going to run the QB and we ended up blitzing a couple things. I was probably tardy on a couple calls in the third quarter with their multiple formations. Our guys did an awesome job on the sideline. Charley Wiles, Tyrone Nix, Justin Hamilton, Jack Tyler all did a great job. It was a great effort by everyone. I don’t know if my heart could handle being down in there any more than what we did today. It was just a great team effort all the way around. Offensively, they responded when we gave up some plays. We played winning football when it’s all said and done. I’m just really proud of all those guys.”

***On all the injuries in the second half and if they are running out of steam:***

“It could be that and maybe it could be a physical or mental thing. It was a hard fought game all the way to the very end. Our kids fought to the very end. I’m very proud of that.”

***On how Bryce Perkins performed:***

“I’ve seen that Bryce Perkins is the difference for that football team. He is a dynamic athlete with the ball in his hand. He is accurate and made a big-time throw on their first score. The disappointing thing is that we gave up a big play on a five-yard out. We missed two tackles on that play that turned into a 75-yard touchdown run. Those are plays that we have to eliminate and those are plays that haven’t gone against us over the years. The last touchdown that they got we brought the pressure and you just have to go make the tackle. Our coverage in the back end of the second half was awful. We have to be better than that and more consistent than that. We talked about as a defense going into this game that we

have to execute every play. Jovonn Quillen made a great play. We have to continue to improve, compete and do what they are taught to do. That's the part that's made us go up and down in this stretch."

***On if it will be challenging to come down from this win and prepare for Marshall:***

"I would hope not. We have a lot to play for when it's all said and done. We are going to play a really good and talented Marshall football team. I'd like to play someone else but it is what it is. Coach (Justin) Fuente kind of said we are in a playoff scenario and we had to win today to go play the next one. We will have to win again to go play another one. I thought our kids responded today and we are going to take tomorrow off and come back to work Sunday. Our kids will be excited to build on this and give us an opportunity to continue this streak. This streak is really special and it's hard to do. They don't just give bowl games away. I know a lot of people think they do because there are more bowl games out there these days. Bowl games are hard to earn especially with a young group that's working to improve every day."

***On how beneficial it is to extend the season and get extra practices with such a young team:***

"Without a doubt that's been a big part of our success over the years (which) is basically having another spring practice. We have to win this next one to get that opportunity but we do get another week of practice. I'm hoping we can get another couple weeks of practice after this next game. We are going to have to have a great week of preparation to extend the streak. It gives us another opportunity to go play another one which I'm really excited about and I'm happy for our kids."

***On Willis' tackle at the end of the half on the INT:***

"In that situation you know the clock is going to be stopped at the end of the play, you can catch it step out of bounds or throw an incompletion. We would end up having to kick a long field goal. They were playing cover two and the corner sat on it and the ball should of probably gone to the other receiver. But when he catches it and he is headed the other way, Ryan is the only shot to get the guy down. When I saw he was going to get there I was worried about him cutting back having been a quarterback in that situation before many years ago, it's a hard tackle to make. It was a huge play obviously and the fact that he got him on the ground and we were able to go to half without those seven points was huge."

***On Hazelton not playing WR:***

"Damon hadn't practiced much this week, he played a little bit. But he just didn't practice very much, we had him for emergency use only. If I'm not mistaken he played a few snaps at receiver. It was a limited role just because he didn't practice much."

***On WR Tre' Turner's performance:***

"He is a competitor he obviously has talent, we know he can run but he is a highly intelligent competitor. He was a one-man band there for a little bit, blocking the punt, making a big catch, the long run, if he continues to work he's going to have a really nice career here. It is really nice to see guys like that who are willing to play such a big role in special teams. It sets a great example to our other players. He is a true freshman now and the example he sets, a great example of a team player, a team-first guy, we need more of that same attitude."

***On K Brian Johnson's mentality:***

"Going in, if the ball was on the 22 or further, we were going to go with Jordan because he has a big leg. I really wish we could get Brian a shorter field goal. It hasn't happened, we haven't made one in a while, but they haven't been gimmes. The thing that I felt good about was Brain, he's been so good in practice. I think when he made the first one, he felt better and then obviously the one in overtime."

***On sharing the win with Ricky Walker:***

"I don't know if I am a good enough orator to put that into words. I just told those guys that I love them and I wouldn't say it if I didn't mean it. I told them I'm sorry, I wish I could give them a better more flowery speech but I love them to death. Ricky has been fantastic for this program. He is an adult, a grown man. To see him get to celebrate and hold the cup and take a picture on the 50 yard line. For a trophy game picture with Rick, it was pretty special."

***On Steven Peoples's run in the last minute:***

"So in-between, it's not like we have been mixing them up. It was a situation where we were so in-between there in terms of trying to run the clock out but feeling good that if we could pop a run out of there we were going to go. But there was not much time and we were caught in no man's land."

JOVONN QUILLEN

***On the game-tying fumble recovery causing a momentum shift:***

“I don't know if y'all [the media] remember, but in the UNC game, we kind of did the same thing where we forced the ball out at the one [yard line], got it back, and then drove down and scored. And when that [the fumble during the UVA game] happened, I just knew that somebody had to get the ball and make a play. It was in our endzone, our base, so I knew we had to go get it. I was nervous that it was going to go out of the back of the endzone actually.”

***On the season so far being potentially disappointing:***

“I'm not going to say that it has been disappointing. We have had a lot to learn, and we don't like using the word young, but we have had a lot to learn. Even though we were losing, we were still coming together as a team, and so in this game right here, we just had to put the cake together.”

TRE TURNER

***On being in such a back and forth game:***

“It was pretty cool, I mean it was my first time playing Virginia because I'm a freshman. I knew it was a big rivalry coming into the game, but I had never been a part of it. Just going through the whole game and all of the emotions going through everybody's head made it really fun to play in that game.”

***On constantly coming up with big plays:***

“Since I've started playing football, just every catch I've gotten I've tried to make a play. I try to score on every play, every time I get the ball. Here, all of the guys call me ‘Big Play Tre’, so I just try to do something every time I get the ball.

RYAN WILLIS

***On the throw to Dalton Keene and his catch late in regulation:***

“The play was kind of broken, and at that point in the game you just have to make something happen. I kind of threw up a prayer, and I really trust Dalton. He's one of my go-to guys, and he made a play for us. He stepped up, and he steps up every week actually. I'm proud of the whole

team. It was really a team effort. The defense came out and played great during the first half and did awesome throughout the whole game, and I'm just proud to be a Hokie tonight."

***On what the win means to him and for extending the season:***

"It means everything. That was for the seniors. I wasn't going to let them go out on a bad note. We still have a chance to turn the season around and we can still have a winning record if we play our cards the right way. We're just trying to keep the next streak alive and we're trying to go to a bowl game. We owe it to these seniors. They've done everything for this program, and they've shown us the ropes. We're just trying to give back what we can to them."

RICKY WALKER

***On the last play of the game:***

"I remember in the huddle thinking that we were up by three and that I didn't want to go to another overtime, so I was thinking about how we could win. I said 'A turnover wins the game, so let's go out and do it!' Next thing you know, coach called a blitz and I was going to execute, but I looked back and the ball was on the ground. I saw maroon jerseys hop on it, and they [the people in the crowd] just went wild. Everybody started running on the field, and it was my best feeling yet as a Hokie."

***On his last Commonwealth Cup game and facing an extremely confident UVA team:***

"This was definitely the best game playing against these guys in my career. Just, blow after blow, they make a play, we make a play. The first half was pretty dominated by us, but in the second half they came out swinging even harder. Guys didn't quit, and that drive by our offense with Dalton making that catch. It's unbelievable stuff. That's two years in a row that on senior day we've had crazy finishes, last year with Pitt and today with UVA."

HEZEKIAH GRIMLEY

***On Tre Turner emerging as a playmaker and his development:***

"I was his host on his official [visit]. From then to now, you can see he made a big change from high school in his maturity. As far as his play making, you can just see that he's comfortable now. When he first got here he was just filling stuff out, but now he knows his ability."

***On games like this, where there's a strong will to win and effecting their confidence:***

"They show us that we can be *that* team, of course we didn't want to be the team that ended the streak [against UVA]. We knew what was at stake, but games like this make us realize that we can be bigger than what we have been in the past."

***On the final play:***

“I have no idea, I just know their QB had the ball and then it was on the ground and it was a scrum. The rest was history.”

***On DE Emmanuel Belmar recovering the ball in the final play:***

“It’s fitting that Belmar recovered it, he has been beat up and he shows up to practice every day. He got carted off once. He’s about playing on one leg out there, but he is tough and what this team is about. For him to recover it, I think that is pretty poetic.”

- UVA won a bowl game for the first time since the 2005 Music City Bowl.
- Virginia held an opponent scoreless in the first half for the third time this season (Louisville, Duke).
- Virginia's second-quarter scoring drive that lasted 8:10 seconds is a program bowl record, passing the 6:59 scoring drive against Tennessee in the 1991 Sugar Bowl.
- OLB Chris Peace made his 38th consecutive start in the Belk Bowl. Peace is the only Cavalier to start all 38 games of the Bronco Mendenhall era.

- With 12 receptions Zaccheaus broke his own single-season reception record (85, 2017). Zaccheaus broke his record with his fifth catch of the game, which also pushed him over 1,000 receiving yards for the season. The new UVA record stands at 93 receptions for a season.
- Zaccheaus finishes his career No. 6 in ACC history with 250 career receptions.

Head Coach Will Muschamp**

## **RE: Opening Statement**

I want to give coach Mendenhall and the Virginia football team credit. They got after us and it's my responsibility. Came out in the first half, offensively we went on the fourth and one and had a little errant throw there on the fourth and one, felt good about the call and then have a third and one, if we bend it back behind where it's supposed to be run it's a first down, we stay on the field offensively. Had a drop on third and eight. It was a critical play for us in the first half.

Defensively we hung in there. I mean, it's a 14-0 game, go to the second half and get a stop defensively, you go three and out on offense and field position wise against a football team like this. When you're at the 40-yard line going in, we had two critical third downs, we don't get off the field. That's really the tale of the game.

They were 11-17 on third down we were 2-13 and he stays on the field with his legs. Much past that, but being able to not get him hemmed in the pocket enough obviously did us in defensively as the game rolled along and it goes 21-0 it was going to be a tough sledding coming back against a good defensive football team. Got a lot of respect for them.

Disappointed with the performance, I appreciate our fan base. We sold all of our allotment of tickets and we didn't put on a good show and that's on me, and I apologize to them. Really appreciate the showing and the Belk Bowl people have been outstanding here in our week in Charlotte and I wish we'd played better, and again that's on me.

## **Re: Challenges Virginia's defense presented**

Well we moved the ball in the first half. We had a lot of success in the run game and some things. We threw the ball well at times, we had some drops which were disappointing. Then in the second half, that's when the game to me switched.

It goes to a 21-0 game, it changes our approach a little bit and they go to some exotic pressures and some different things and some double edge pressure and they did a nice job of designing some things there. When you get into a 21-0 game against their defense, I knew it was going to be a difficult deal.

## **Re: How being down 21-0 changes your approach to the game**

We got in a situation...when you're down 21-0 in the second half it's a difficult game to call from that standpoint. I felt like we needed to...it was a 21-0 game, instead of kicking the field goal, go for the touchdown in that situation. To be aggressive in those downs, to try and score. It's still a three score game and an 18 point game with a field goal.

Before half we didn't have a timeout...they were going to trap the flat with six seconds left. I didn't think we'd be able to get the ball out of bounds without any timeouts. They knew we didn't have any timeouts, they would trap the flat. In that situation we're trying to get a throw to the end zone there.

We're certainly not pleased with no points, but there were some situations we could've put points on the board, but I didn't that that was going to try and help us win the ball game.

## South Carolina Gamecocks

### QB Jake Bentley #19

#### RE: Virginia defensive plan

Not really any time you play a team in a Bowl they have different looks. They were schemed-up and did a really good job of disguising their coverages.

#### RE: Preparation for game

We had a really good week of preparation, everyone was locked in. I think guys were ready to go. I have no reason to believe that we came out flat.

#### RE: The effect of the time off

I thought we prepared well, I thought guys had the right concepts. We didn't convert on fourth down and you go three and out it takes away from your plan.

#### RE: Deebo Samuel not playing

He is a great player that we missed a lot. I think guys were ready to go and we did not make the plays that we needed to. We fought collectively as a group, we could have played better and play as good as we are capable of.

#### RE: His own assessment of his play

I did not think that I played really well, not well at all. The interceptions were tough especially and not executing in the redzone was not good. We just have to go back and work and remember this feeling.

## South Carolina Gamecocks

### DE Bryson Allen-Williams #4

#### RE: Virginia QB

He reminded me of Jordan Ta-amu Ole Miss, very elusive quarterback, I will give him all the credit. They were a great football team. They did what they had to do to beat us. Hats off to them.

#### RE: Last Game

I am emotional but I try not to show it. I love Gamecock nation. We have the best fans and coaches in the country. I appreciate everything this school and people in the community have done for me in helping me. Whatever is next I am going to make sure that I show that Gamecock pride.

#### RE: Mental preparedness

We had a great week of preparation. It just comes down to when they made plays, we kind of had ups and downs. Some dropped their heads and you can't have that. You have to stay consistent in the way that you perform. You have to make sure that you have your head on right and respond. We did not respond a lot today and the score was what it was.

#### RE: Elusiveness of QB

We tried to contain him the pocket a lot. When you have a guy like that you have to step up and make plays. Like I said they made a lot of plays today and he is a great quarterback and he did what he had to do to win.

## Virginia Cavaliers

### Head Coach Bronco Mendenhall

#### RE: Opening statement

Coaches and players and the progress we've made in a three-year span. We've worked tirelessly from our last overtime loss to this one. We clearly weren't satisfied with our loss to Virginia Tech and we had a lot to play for and still have a lot to play for. Our players embraced a pretty fierce work ethic.

Under the premises...the best Christmas gift I that could give them is work with the best chance to have these memories. I'm gratified and just thankful for Olamide his leadership, for our team trusting that that would work, and then playing their hearts out today for all of us associated with the program.

#### RE: Bryce Perkins' future

Bryce is coming back. Right after our Virginia Tech game, I think it was the following Monday morning, Bryce and I met with Pat Hickman, who is our NFL liason. And we submitted his paperwork to get as much feedback as possible. Bryce chose to stay.

He's not satisfied yet with where the team is and he's not satisfied with where his own performance is and he's trusting us to help him. I'm very fortunate that he's coming back. I think he's an exceptional player and exceptional person. He viewed and made the decision very maturely. Listened to all the feedback, and I'm just really proud of him.

#### RE: Effort of the defense

We've been working really hard. They (the defensive coaches and players) knew what challenge was ahead of them for this game. They watched USC vs Clemson. They knew what was capable and they knew we weren't going to win unless they played well. They trained exactly like that, really hard. They played exactly as they prepared.

#### RE: The joy from greeting senior players after game

I think it's the ultimate compliment and ultimate reward. Just to have someone say thank you, or I appreciate you coming to UVA. That alone is maybe the greatest motivator and the greatest gift I could get from a player.

#### RE: Depleted D-Line Play

We had four total defensive linemen for this game. Four total. So we played two down for the majority of the game, and that gave us two deep. That's what we had. They practice longer harder than any other sport.

#### RE: How close is the team to "arriving"?

Significantly closer. When you play late in the year with high stakes games, that requires a different level of maturity, performance and execution. After being close a number of times, we've taken that feedback and learned and grown and applied and it worked for today. In this setting, with this team versus that team. And a bowl victory is significant. In this one game setting, that is a giant step forward.

## Virginia Cavaliers

**WR Olamide Zaccheaus #4**

**Belk Bowl MVP**

### **RE: How satisfied he is with his performance**

It's not about me. It's about the team. We came here to get the win, that was the expectation. We did what we came out to do here.

### **RE: Leaving Virginia better than he found it**

Honestly wish I had another year because I know next year is going to be better than this year. I'm just happy, like you said I was able to leave this place better than I found it. I'm appreciative for Coach Mendenhall and his staff for everything that they've done for me, and my teammates and just everybody who's involved with this organization and this program. I'm just so thankful for everyone.

### **RE: This being his final college game**

Still hasn't hit me yet to be honest. I'm just excited to get this win with my brothers and this organization. We're moving in the right direction.

### **RE: What they expected from South Carolina schematically**

Just saw opportunities just to keep it broad. It really...I've been saying this whole week, it just comes down to our execution versus theirs and I just feel like we played a complete game. I had one turnover. Coach Mendenhall always talks about getting our pillar, and in order to win we need to score 24, defense needs to hold them under 24, and we did that today.

### **RE: Which of his family members and friends were at the game**

My mom and my brother would be my main ones. I had my high school coach which just got the head coaching job at my high school, he was here. I had old, old teammates, family friends, there were a lot of people here for me.

### **RE: Game plan entering the game**

We just practiced urgent. There was more urgency during bowl prep than there was last year. Obviously we didn't have the best result last year, 49-7 losing to Navy, we just knew that...we weren't here for vacation, and this was a business trip and we wanted to win this game.

# 2018 Belk Bowl Postgame Quotes

## Virginia Cavaliers QB Bryce Perkins #3

### RE: Bowl win

We just came out here with the mindset that we can't be beat. Coach did a good job of giving us a speech before the game yesterday. He said, 'we do the things in practice that we do in the games and don't let the game be bigger than it is.'

### RE: Keep away offense a strategy

We just went in with our game plan and found ways to get into the end zone. What we found out was the running game was effective. We just stuck to the game plan and fed JE (Jordan Ellis) and he picked up a lot of yards.

### RE: 3rd- and 4th-down success

I think as an offense we got into a rhythm. We were comfortable being in money downs on third down and fourth down. We found a way to execute. We've been harping in practice for a month that we had to focus on third down, fourth down and the red zone.

### RE: How important to bounce back from Virginia Tech loss

We talked about it. Coach told us he had a sour taste in his mouth for weeks. So did we. We wanted to make sure we didn't make the same mistakes we made in the last two games when we lost in overtime.

We just did what we had to do and were the hungrier. We did a great job of executing what we had to do.

## Virginia Cavaliers DB Bryce Hall #34

### RE: Goals entering this game

We came out here with a point that we wanted to prove. This is a huge win for us moving forward as a program.

(SC picked up a lot of yards against Clemson)

"We were hungry. We came into this game hungry and prepared. Coach said at the beginning that the hungrier team was going to win. That's what our mindset was."

### RE: Declaring for NFL

I've got to finish what I've started. I'm coming back. It's not necessarily for me personally. It's more of I want to grow as a person and as a leader before I take that next step. I have to give back to this program what it's given to me.
