END OF GAME

FINAL SCORE NAVY - 35 VIRGINIA - 28

POST GAME QUOTES NAVY VS. VIRGINIA

Navy Coach George Welsh: You could feel the tide turn. I thought we had them but we didn't have the killer instinct today. We led 28-0 and then on that fourth down punt we had the personal foul. 28-7 is a lot better than 28-0 at half. We didn't try to sit on our lead. I think subconsciously we did, we just sat back. Give Virginia credit. They took advantage of the breaks. Gardner was magnificent the second half. We didn't get any pressure on him the second half. He read the blitz well. Poirier did well for his first game. I would never guess it would be this type of a football game. We did some things we hadn't done here before like block the punt and have our defense score. We can learn some lessons from this. Virginia held us with no first downs the second half.

Virginia Coach Sonny Randle: "I Think Virginia football is headed in the right direction. I'm far from satisfied. We played an atrocious first half--Virginia teams were so used to playing those type of halves for so long, I guess it was just a part of their makeup. Silly mistakes just killed us. We beat ourselves--that was very, very obvious. I'm not surprised at what Scotty did. He puts it on line for you and that's all you ask. I've never seen him very emotional, but he sure was today. He showed his true colors. I've never been prouder of a squad or a group of kids in my whole life (when asked about the comeback). I just hope they won't give up on us, because we are not going to give up on them. (Talking about a couple of the long Navy touchdowns he said). We just made a mistake, but one or two mistakes don't lose a ball game for you. We weren't playing a bunch of run-dums out there. Navy's a good football team. Asked about losing Copeland for the season. "It's a crying shame to lose a great football player like Billy Copeland. I told this team on the very first day that we were going to lose some good football players right off. But I also told them they could do one of two things--either they would spit it up--quit like they have for so long--or each and every one of us would tighten our strap and we'll go a little farther.

COACHES QUOTES

BILL DOOLEY, Carolina: "I'm very pleased to win the football game against a tough Virginia team. But I am disappointed in the number of mistakes we made. We've had more fumbles the past two weeks than at any time I can remember at Carolina. Virginia was hitting hard, though, and I guess they had something to do with it.

I was very proud of our defense. Jimmy DeRatt certainly had a great day. He's some football player. Up front, Ronnie Robinson and Red Broadway gave us some real big plays. This was the first start for Dee Haroldson at tackle and I think he did well.

We had problems early adjusting to the Virginia defense. They used so many different defenses and kept switching. It took us a long time to catch on.

Chris Kupiec played very well again. He automated at the line of scrimmage when he threw the touchdown pass to Jerome. If people keep jaunting us like that, you see us going for more and more bombs.

Our backs ran hard. Volight and Betterson both had good days.

Virginia really came to play. That was obvious. I congratulate Coach Randle on the job he is doing at Virginia. They are playing very tough football. I am sorry about the injury to Scott Gardner and I wish him well. He's an excellent football player and I hope he will be back in the Virginia lineup real soon.

We've got to go out now and try to eliminate our mistakes and get ready for Clemson. That's a very big one for us next week at Tigertown.

Sony Randle, Virginia: We had a whole lot of adversity. I think we came through it pretty well. I thought our defense played super. The offense had some problems, but in our scheme, the offense doesn't lose it nor does the defense. We lose it as a team. I certainly can't fault the effort of our youngsters. They really put it on the line. In the first half our end dropped the touchdown pass, but he's a youngster, just a freshman, so I certainly can't fault him.

We had pretty much the same game plan as had Scotty been in there. You just can't expect ~~Randolph~~ inexperienced people to do the same thing Scotty can. But they played as hard as they could. Playing before 40,000 people for the first time had some thing to do with those snap fumbles.

Scotty is through for the year. I just hope and pray he'll play again.

If we can't take advantage of the mistakes the other team makes, then we're going to have a hard time winning. We have to take advantage of everything we get.

Both quarterbacks will start out even this week and I'll make my decision come Friday.

You just can't weave around your offense around a certain individual and then in a week's time expect someone else to step in.

We had 24 or 26 players down with the virus this week. This hurt us.

But our kids overcame that and came to play.

Bob Thalman Head Coach, VMI

"Congratulations to Virginia. They've got them a good football team."

"We failed to take advantage and cash in on our opportunities in the first half."
~~Good football team~~

"In the second half they just lined up and stuck it down our throat. We couldn't get the ball back. They beat us up front."

"Our failure to capitalize in the first half gave them the confidence to come out strong in the second half. Our defense just had to play too darn much."

"We felt like we had a good game plan going in and I still think it was good. They just took it away from us when it counted."

Head Coach Sonny Randle:

"We've suffered so much adversity here, honest to goodness I was surprised that we could make a first down. At the outset ~~we~~ it looked like we weren't going to make a first down.

We've had everything happen to a football team that could happen. We had an unfortunate incident happen just yesterday, we had to suspend a youngster. You hate to do that on Friday, it happened Thursday night and that certainly didn't lend to our frame of mind. Yesterday had you been here for practice you would have thought it was a funeral.

"I thought the people from V.M.I. played a heck of a football game. I still say that Bob Thalman does as much with his people as any football coach in America. They give everything they have and as long as they do, you can't ask for any more.

"Everybody seemed to be on the offensive band wagon earlier, I wish you'd jump on the defensive bandwagon now. I think our defensive kids are playing right now maybe not as well as they can play, but maybe even better than they can play. I think each week the defense has gotten better. Of course without Scotty our offense has struggled a little bit but I thought Jim Pruner handled himself very nicely.

"We didn't have to make any defensive adjustment. Everytime you saw the football you saw Dick Ambrose. Ambrose is an inspiration to me, and I told our people before the ball game that if they play'd like him that we'd be alright, and some of them decided they wanted to play like him. He's hurting and you just don't know how much.

"McGraw is getting it all this year. I think he's enjoying his collegiate career to the utmost. It was very disappointing until this year, but he enjoys himself and my goodness, he plays havoc with those people on their offense.

"We felt we could do anything we wanted to do, as long as we executed and blocked people we were supposed to block, but the first half we were staggering around like a bunch of zombies. It was sad. There was a little soul searching that took place here during the half.

"Gardner is through for the year. And I don't care who tells you different. But of course if Mr. Hereford or Mr. Corrigan want him to play, you might see him sneak out there.

"Billy Copeland was Billy Copeland out there today. He ran with authority. You can't miss the games he's missed and be right immediately. All three of our tailbacks are mighty fine ones. I don't think we'll have to recruit too many tailbacks.
