POST GAME QUOTES      NAVY VS. VIRGINIA

Navy Coach George Welsh: You could feel the tide turn. I thought we had them but we didn't have the killer instinct today. We led 28-0 and then on that fourth down punt we had the personal foul. 28-7 is a lot better than 28-0 at half. We didn't try to sit on our lead. I think subconsciously we did, we just sat back. Give Virginia credit. They took advantage of the breaks. Gardner was magnificent the second half. We didn't get any pressure on him the second half. He read the blitz well. Poirier did well for his first game. I would never guess it would be this type of a football game. We did some things we hadn't done here before like block the punt and have our defense score. We can learn some lessons from this. Virginia held us with no first downs the second half.

Virginia Coach Sonny Randle: "I Think Virginia football is headed in the right direction. I'm far from satisfied. We played an atrocious first half--Virginia teams were so used to playing those type of halves for so long, I guess it was just a part of their makeup. Silly mistakes just killed us. We beat ourselves--that was very, very obvious. I'm not surprised at what Scotty did. He puts it on line for you and that's all you ask. I've never seen him very emotional, but he sure was today. He showed his true colors. I've never been prouder of a squad or a group of kids in my whole life (when asked about the comeback). I just hope they won't give up on us, because we are not going to give up on them. (Talking about a couple of the long Navy touchdowns he said). We just made a mistake, but one or two mistakes don't lose a ball game for you. We weren't playing a bunch of run-dums out there. Navy's a good football team. Asked about losing Copeland for the season. "It's a crying shame to lose a great football player like Billy Copeland. I told this team on the very first day that we were going to lose some good football players right off. But I also told them they could do one of two things--either they would spit it up--quit like they have for so long--or each and every one of us would tighten our strap and we'll go a little farther.
