FINAL SCORE UVA 7 TECH 0

## Virginia Tech Coach Jerry Claiborne

We just couldn't get the ball in the end zone; that's the name of the game, you have to score. We had our opportunities but every time we got close, we got hit by a penalty or a bad play.

I can't take anything away from Virginia. They played a fine game. It was a good, hard-hitting game overall. They played excellent defense.

Those two fine catches (by Sullivan and Bischoff) were the ball game. Both were third down plays, and if they'd missed either one, it wouldn't have been the same. Those were two great catches.

Alberts scrambled well, and he kept us from throwing him from losses, although we had him back there a number of times and he got away.

We didn't block Selfridge all day. I thought he played extremely well. We talked about him at the half and still didn't block him.

I thought our defense did real well, well enough to have won except for those two pass plays.

We're very disappointed that we didn't do better offensively. We had the ball down there enough times to win, but couldn't get it in.

None of our quarterbacks could have thrown the ball any better today; Virginia was back there too much.

## Virginia Coach George Blackburn

I'm not shocked by it all. I think our mental tenacity and physical condition played a large part in this victory. Our defense bent but never broke because we were able to come up with big plays.

One of the major factors in the game was that our secondary played so aggressively and didn't lay back. I'm also proud of Jimmy Lacey and Gary Helman. Here are two kids at 172 and 192 pounds who really stuck in there.

I think Virginia Tech has a defense as good as they ever had. And I think all this talk about them being weaker is a lot of hogwash.

I think a major part of the penalties could be attributed to the aggressiveness shown by both teams. Our defensive coach, Ned McDonald, who was captain of the Texas team in 1941 referred to tackle Andy Selfridge as playing the best football game he'd ever seen a tackle play.

If there had to be a turning point in the game it was the pass that Bischoff caught on the 10 yard line. We had been throwing outside on short patterns to the sideline and came in with a hook to Bischoff.

Going into the game, I thought that it would be a one-touchdown game, but I thought the winner would have to score at least three times. I think if we played Tech again, it could very well be 7-0 their favor.

Fourth Quarter (continued)

END OF THE GAME

FINAL SCORE:   Clemson   27  
                  Virginia   17

Coach Blackburn: There's no way you can explain away defeat. On that pass that put us 10 down, somebody was helping someone out there. I'm real proud of my kids. We never gave up. I compliment the Clemson football team. They did a real good job.

Field position is football and we couldn't establish it in the third quarter. I didn't pass until late in the third quarter because I didn't want to take the chance of giving them a cheap score. We couldn't get out of the hole, and it eventually cost us. We were trying to get our regulars out in the first half to rest them and I think we did a pretty good job. But the defense went most of the way with the regulars.

If you've never been licked, you've never been in a ~~xxx~~ fight.

I can't compare Clemson and V.P.I. because they play to different styles. But Clemson didn't surprise us. They played hard-nosed aggressive football as did our kids.

We don't make excuses when we lose a football game.

They were a better football team today.

Coach Ingram:

We didn't look like much in the ~~first~~ first half, but we got together at halftime and came back ~~with~~ real strong. That group played a heck of a second half. They showed a lot of character.

I'm real proud the way our offense came back on their defense.

I can't say enough for ~~my~~ <sup>our</sup> student body either. They backed that defense in the ~~first~~ first half when they didn't look too good but they really got behind them in the second half.

I'll take the blame for those delay of game penalties. We were trying to get two subs in on almost every play because of the weather conditions and keep some of the boys rested. We were sinking in the subs a little late and I'll take complete blame for that.

In the first half we were ~~using~~ using an unbalanced defense and they were hurting us coming out the back door. In the second half we ran from a balanced defense. Also, in the first half, we used ~~about~~ six different defenses and in the last half we only used three.

Best thing that happened today was the second team offense came in several times in the first half and gave the first unit a rest. I believe the Virginia first offense played the entire first half. We don't have that many men to go that ~~way~~ deep, but we told them to just go in there and not lose field position. That really gave the first team a lift.

Yauger played a heck of a game -- covering punts -- blocking and running.

We had our back to the wall, but we accepted the challenge. It gives you hope that they aren't going to call it quits at anytime.

Wake's first win since beating Va last year 23-21, breaks five game loss streak

final WAKE forest 27 Virginia 7

Blackburn quotes:

Particular disappointment: We had trouble, obviously, moving the football and when the plays did go somebody botched up. We had no consistency.

The big thing, and I said this before the game is that Wake is a vastly underrated team. They're as good a team as we play all year. They're sound offensively and defensively and their kicker kicked the air out of the ball---that's three phases of the game they are strong in. They can stop the run or the pass and they have a good kicking game I think they were just overscheduled early

Russell keeps you off balance. He can run and pass and they have good running backs. It's a well conceived tough to stop offense.

We have to improve. Our kids didn't quit they just kept coming in the second half.

Alberts loss hurt us because of his greater experience but I was going to play him anyway. Larry got hurt on the first series

players singled out: Joe Smith, William Davis, Sullivan (bloody nose) and Belie

Stoll's comments

"It's about time.. "We came into this game in pretty bad shape. Johnson (Gary), Winrow (Gary), and Garrett (Ken) were all nursing injuries. Plus, we didn't even play linebacker Carlyle Page.

"This (Wake Forest) is not a bad team. I've said that all year. We're short on depth, but we've got some pretty good front line players.

"We were worried coming into this game. ~~Florida~~ Virginia has a good team. They played Clemson and Duke off their feet in the first half. They're going to win a lot of games before the season is over.

Concerning the pass interceptions and fumbles, Stoll remarked: "It's about time some started going our way. It's been the other way all year. We made a lot of our own breaks early in the game. We could have been leading by more in the first half, but we've never been in that position since I've been at Wake. We had good field position and didn't take advantage of it enough.

"There's no better defensive tackle in the country than Win Headley.

Every team we've played has felt that way about him. He does one heck of a job.

"We've got a lot more to go. Our schedule doesn't slack up any and we're only looking to Virginia Tech next week. It's a lot better, however, to have one in a row that to be O..4."

end of game

Virginia 21, Army 20

George Blackburn's Post Game Comments:

Did they scare you? I like to think positively. I wasn't counting on it getting away. Our kids had to do it and they came up with the right plays.

It wasn't a beautiful game, there were good plays and bad plays but the most beautiful thing was the scoreboard, I wish it were in color.

Ryczek has the best offensive average. Four plays for five yards each. He's really good at catching them offside.

I congratulated Cahill and he said, 'you did what we do best--- you outwit us.' And we outwit them offensively and defensively. Our kids were high, it was an emotional game. Army always plays aggressively. They call it recess when they get to play a varsity game.

I told our kids after the game that this is something that you can tell your grandchildren.

Our running game really did the job. We were running through them. Even when we were down by six we decided to stay with the game plan--- run and pass to keep it balanced

Has troupe cemented the starting job? Well he's won two for us.

Don Lawrence: Did you have a special D at the end?

No! But after they caught those two passes I said we better get to him before he throws it. I thought not this again. Bauda had that kid covered perfectly and he dived and made a great catch.

C A C I S' QUOTES

Georg e Blackburn: "They're pretty good when they want to play football" as het alked about unc. "they blew us out in the second half and we had t o play catch up football. Booley complains about officiating aginst Wake Forest and now it s my turn, gentlemen t his was a poorly officiated game.

"you slice a watermelon down the middle and each gets one half---we didn't get ours.

We got the business t oday!

On the reports we get from the conference one coac h in the conference reported an off cial as being a homer, well, I saw five out there today."

"I'm tired of being a nice guy."

"t he officials come over to us before the game and told us a number of things thate we were doing wrong, t his is before the game even started. They say they watched film on us. I don't know how that looks

BILL DOOLLY QUOTES: I'm real proud of the way our team came back in the second half. Our first half performance was real bad. It was a combination of things. Virginia came at us real strong and we were flat. I told the squad at the half that I think they're a good team---but that they had to prove it to Virginia and to themselves. I think they did.

He executed well in the second half. Miller did a good job of leading the team. The defense was exceptional. We made things happen on defense/ That's what we look for---a defense that can make things happen.

I have to give Virginia credit. They were well prepared and they carried the battle to us. Troup threw the ball real well in the first half.

We had a lot of fellows who played great games. I was proud of Gene Brown, starting his first game for us. He came up with some big plays. I'll tell you. He's a fine football player.

McCauley was terrific as usual. We expect him to be great every Saturday and he is. He's just an all-around great football player. Ike Oglesby ran well. He's a good back too.

One of the big plays in the game was the pass interception by Lou Angelo on the goaline. That came at a very good time because Virginia was threatening to regain the lead. Angelo is a good defensive player. His only problem has been inexperience and that has been true of our entire secondary.

It sure is good to win again after three straight losses. And I am very proud of this team. To be behind 15-0 and win by 30-15, well that takes something special.

COACHES QUOTES:

EARLE EDWARDS, N.C. STATE.....

"It was in doubt until the last seconds...as everybody saw. The best thing was that we found out where the goal line was. Now I hope we can remember where it is in the final two games.

"We had good blocking, ran harder, the passing was helpful and we did not have as many turnovers. I am delighted to win any conference football game.

"We played harder and better and the boys deserve a good bit of credit. It was encouraging to them. I know it makes the homecoming celebrations a bit nicer. The coaches are proud of them for continually giving full effort, despite some of our adversity this year.

Virginia is stronger offensively. That boy (Troup) is a good passer and they have excellent receivers. We had to hold our breath until the very end. There were a lot of turning points, but that interception by Walker at the end saved our lives. Interceptions are big plays and can win or lose for you. We were happy to have Walker get his two today.

"I thought Allen Hicks kicked well and that Dennis Britt ran the team well. In some respects it was a better effort, especially after the disappointing loss last week.

"It was a disappointment and concern to us the way they moved too easily on us early. But it was still early and we were able to get ourselves back in it with that touchdown. Two points down at the half is not a major obstacle, but when you score as little as we have lately, it could be trouble.

I thought we kept the pressure on them most of the second half and outplayed them then, until the final seconds when they scored and threatened again.

Our passing was better than for a long time. We hadn't been effective passing all year. This today was our most successful passing of the year. We had some receivers open. Kenney and Botsko made good catches and I thought Lester's catch was going to be intercepted, but he timed it right and didn't let the man in front of him distract him with his leap. And Britt threw the ball well. These things have to happen to get good results. And we are happy for the boys today.

GEORGE BLACKBURN...VIRGINIA

"They got the big play offensively and we didn't."

Asked why he didn't take a timeout in the last 30 seconds he said that Virginia didn't have any.

"They seemed to regroup after our long drive for the touchdown although I don't think they were doing anything different defensively."

"Our game plan was to run at them because everyone else they've played has been successful in that department. Their secondary is the strongest part of their defense."

"Our loss to UNC was more disappointing although I think we should have had that one too. We should have had this one."

"We just have to get more consistency--defensively, we let too many people get out on the big plays. We don't have the physical strength to play physical defense--to be blitzed and move around alot--the same thing is true offensively. Our backs just aren't big enough although they are real tough kids."

IMPORTANT: Most player categories are now ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the code number and last name of players who have season figures but did NOT play in this game. A game played is one play—whether or not the player touches the ball. All players will be charged with a game unless you tell NCSS otherwise. If a player with first-time statistics has missed games, fill in below—after getting from his SID how many games missed.
